A BILL

FOR

AN ACT TO PROVIDE FOR THE ESTABLISHMENT OF A LEGAL, FISCAL AND REGULATORY FRAMEWORK FOR THE PETROLEUM INDUSTRY IN NIGERIA AND FOR OTHER RELATED MATTERS

[] Commencement

ENACTED by the National Assembly of the Federal Republic of Nigeria as follows:

**PART I
OBJECTIVES**

1. Objectives

The objectives of this Act are to -

- (a) create a conducive business environment for petroleum operations;
- (b) enhance exploration and exploitation of petroleum resources in Nigeria for the benefit of the Nigerian people;
- (c) optimize domestic gas supplies, particularly for power generation and industrial development;
- (d) establish a progressive fiscal framework that encourages further investment in the petroleum industry while optimising revenues accruing to the Government;
- (e) establish commercially oriented and profit driven oil and gas entities;
- (f) deregulate and liberalise the downstream petroleum sector;
- (g) create efficient and effective regulatory agencies;
- (h) promote transparency and openness in the administration of the petroleum resources of Nigeria;
- (i) promote the development of Nigerian content in the petroleum industry;
- (j) protect health, safety and the environment in the course of petroleum operations; and

- (k) attain such other objectives to promote a viable and sustainable petroleum industry in Nigeria.

2. Ownership of petroleum resources

The entire property and control of all petroleum in, under or upon any lands within Nigeria, its territorial waters, or which forms part of its Continental Shelf and the Exclusive Economic Zone, is vested in the Government of the Federation.

3. Management of petroleum resources

The management and allocation of petroleum resources and their derivatives in Nigeria shall be conducted strictly in accordance with the principles of good governance, transparency and sustainable development of Nigeria by providing for-

- (a) an orderly, fair and competitive system;
- (b) clear and effective legal and institutional frameworks for organising petroleum operations; and
- (c) a fiscal regime that offers fair returns on investments while optimising benefits to the Nigerian people.

4. Transparency and good governance

In performing their functions and achieving their objectives under this Act, the agencies and companies established pursuant to this Act shall be bound by the Nigerian Extractive Industries Transparency Initiative Act.

**PART II
INSTITUTIONS**

A. THE MINISTER

5. Role of the the Minister

The Minister of Petroleum Resources shall be responsible for the co-ordination of the activities of the petroleum industry and shall exercise general supervision over all operations and all institutions in the industry.

6. Functions and powers of the Minister

(1) The Minister shall-

- (a) be responsible for the formulation, determination and monitoring of Government policy for the petroleum industry in Nigeria;

- 
- (b) exercise general supervisory functions over the affairs and operations of the petroleum industry;
 - (c) report developments in the petroleum industry to the Federal Executive Council;
 - (d) advise the Government on all matters pertaining to the petroleum industry;
 - (e) represent Nigeria at meetings of international organisations that are primarily concerned with the petroleum industry;
 - (f) negotiate and execute international petroleum treaties and agreements with other sovereign countries, international organizations and other similar bodies on behalf of the Government;
 - (g) upon the advice of the Inspectorate, grant, amend, renew, extend or revoke upstream petroleum licences and leases pursuant to the provisions of this Act;
 - (h) upon the advice of the Agency, grant, amend, renew, extend or revoke downstream petroleum licences for gas transportation pipeline, gas distribution networks, refineries, LNG and GTL plants, petrochemical plants and gas exports
 - (i) advise the President on the appointments of the chief executives of the Upstream Petroleum Inspectorate, Downstream Petroleum Regulatory Agency, the National Oil Company, the Asset Management Corporation and any other Government agency or corporate entity established or to be established pursuant to this Act;
 - (j) have access at all times to areas or rights of way covered by existing licences, leases, permits and authorisations or any related offices or buildings, and all installations to which this Act applies, for the purpose of inspecting operations conducted and accessing information available therein, and enforcing the provisions of this Act and any regulations made under this Act; and
 - (l)
 - (k) do all such other things as are incidental and necessary to the performance of the functions of the Minister under this Act.
- (2) The Minister may in writing delegate to any other person or institution any power or function conferred on him by or under this Act except the power to make orders and regulations.

7. Rights of pre-emption

- (1) In the event of a state of national emergency or war, the Minister shall have the right of pre-emption of all petroleum and petroleum products obtained, marketed or otherwise dealt with under any license or lease granted under this Act
- (2) The provisions of the First Schedule to this Act shall have effect in relation to the right referred to in subsection (1) of this section.
- (3) Any person, who without reasonable excuse, the burden of proof of which shall lie on the person, fails to comply with a requisition made by or on behalf of the Minister under paragraphs 1, 2 or 7 of the First Schedule to this Act, or fails to conform or to obey a direction issued by the Minister under paragraph 8 of the First Schedule to this Act, commits an offence and is liable on conviction to a fine not exceeding N2,500,000.00.
- (4) Any person who obstructs or interferes with the Minister, his servants or agents in the exercise of the powers conferred on the Minister under paragraph 8 of the First Schedule to this Act commits an offence and is liable on conviction to a fine not exceeding N 5,000,000 or to imprisonment for a period not exceeding two years, or to both.

8. Regulations

- (1) The Minister may, or on the advice of **any of the agencies** established under this Act and subject to the provisions of subsections (2) and (3) of this section, make regulations necessary to give proper effect to the provisions of this Act.
- (2) The Minister shall, prior to making any regulation under this Act, conduct an inquiry in the manner specified in subsection (4) of this section on the subject matter of the proposed regulations.
- (3) The Minister shall, in making any regulation take into consideration the findings of the inquiry under subsection (2) of this section.
- (4) Subject to subsection (2) of this section, when the Minister decides to hold a public inquiry, he shall publish in at least two national newspapers, notice of
 - (a) the fact that he is holding the inquiry;
 - (b) invitation to members of the public to participate in the public inquiry;
 - (c) the venue and period during which the inquiry is to be held;
 - (c) the nature of the matter to which the inquiry relates;
 - (d) the matters that the Minister would like the submissions to deal with;

- (e) the form in which members of the public are to make submissions to the Minister on the subject matter of the inquiry;
 - (f) the period of public notice for the commencement of the public inquiry which shall not be less than twenty-one days; and
 - (g) the address or addresses to which the submissions may be sent.
- (5) The Minister may not publish at the same time or in the same manner the notice of all matters referred to in subsection (4) of this section.
- (6) Notwithstanding the provision of subsection (2) of this section, the Minister may, due to the exigency of the circumstances, make any regulation without conducting an inquiry, where he deems it necessary to do so.
- (7) Any regulation made pursuant to sub-section (6) of this section shall be valid for no longer than twelve months with effect from its commencement date, unless it is confirmed after a public inquiry.

B. PETROLEUM TECHNICAL BUREAU

9. Establishment of the Petroleum Technical Bureau

- (1) There is established under this Act, the Petroleum Technical Bureau (in this Act referred to as "the Bureau") as a special unit in the office of the Minister.
- (2) The Bureau shall consist of professionals with expertise in the upstream and downstream sectors of the petroleum industry as the Minister may from time to time deem appropriate for the effective discharge of the functions of the Bureau.
- (3) The Bureau shall in addition to its other duties, carry out the functions of the former Frontier Exploration Services of NNPC

10. The functions of the Bureau

The functions of the Bureau shall be, working in conjunction with other departments of the Ministry to -

- (a) provide technical and professional support to the Minister on matters relating to the petroleum industry;
- (b) assist the Minister in the formulation and development of strategies to implement Government policy on the petroleum industry;

Company as if, instead of NNPC, the Management Company had been named therein.

- (6) Any pending action or proceeding in relation to the transferred assets, brought by or against NNPC immediately before the initial transfer date may be enforced or continued, as the case may be, on and after that date by or against the Management Company in the same way as if this Act had not been passed.
- (7) Notwithstanding the provision of subsection (3) of this section
- (a) no action or other proceeding shall be commenced against the Management Company in respect of any employee, asset, liability, right or obligation if, had there been no transfer, the time for commencing the action or other proceeding would have expired; and
 - (b) the transfer of assets and liabilities to the Management Company under subsection (2) of this section shall not be deemed to -
 - (i) constitute a breach, termination, repudiation or frustration of any contract, including a contract of employment or insurance;
 - (ii) constitute a breach of any Act, regulation or by-law;
 - (iii) constitute an event of default or *force majeure*;
 - (iv) give rise to a breach, termination, repudiation or frustration of any licence, permit or other right;
 - (v) give rise to any right to terminate or repudiate a contract, licence, permit or other right; or
 - (vi) give rise to any estoppel.
- (8) Subsection (7) of this section shall not apply to such contracts as may be prescribed by any regulation made for that purpose..
- (9) Subject to subsection (8) of this section, nothing in this Act and nothing done as a result of a transfer under subsection (2) of this section shall create any new cause of action in favour of a -
- (i) holder of a debt instrument issued by NNPC before the transfer date; or
 - (ii) party to a contract with NNPC that was entered into before the transfer date.
- (10) Any guarantee or surety which was given or made by the Government or any other person in respect of any debt or obligation of NNPC, and which was

effective immediately before the initial transfer of the principal debt or obligation, shall remain fully effective against the guarantor or surety on and after the initial transfer date in relation to the repayment of the debt or the performance of the obligation, as the case may be, by the Management Company to which the principal debt or obligation was transferred.

126. Exemption from Stamp Duty

- (1) Stamp duty shall not be chargeable under the Stamp Duties Act in respect of any transfer made or transaction entered into pursuant to this Part on which, except for the exemption granted under this section, stamp duty would have been payable.
- (2) Stamp duty shall not be chargeable -
 - (a) during the incorporation of any subsidiary of the Management Company and or any subsequent increase to their authorised share capital of any such subsidiary prior to the transfer of a majority interest there to the public or private investors; or
 - (b) in respect of any other transfer of rights and assets pursuant to this Part.

127. Transfer of employees of NNPC

The transfer of employees of NNPC to the Management Company shall be in accordance with the provisions of section 358 of this Act.

128. Directions to NNPC on matters related to transition

Prior to the vesting of assets and liabilities of NNPC in the Management Company, the Minister may give the Board of Directors of NNPC directions in writing to ensure the proper transfer of the assets and liabilities of NNPC to the Management Company, and the Board of Directors shall, without delay, comply with every such direction.

129. Certain exemption from rates

- (2) Notwithstanding the provisions of subsection (1) of this section, the Corporation shall not indemnify any member of the Board or employee or staff of the Corporation for any liability incurred as a result of the wilful negligence of the member or employee, as the case may be, or conduct or acts which such a person knew or ought to have known to be unlawful.

147. Protection of land belonging to the Management Company

- (1) Land vested in the Management Company shall not be liable to be acquired compulsorily under any enactment or law; and notwithstanding anything in any other enactment or law, no mining operations shall be carried on, in or under any land vested in the Management Company or any land over which the Management Company is entitled to rights of support for the benefit of lands so vested except with the prior consent in writing of the Minister.
- (2) For the purpose of this section, "land" includes any land under water beyond the territorial waters of Nigeria to which Nigeria is for the time being entitled to any exclusive rights.

I. NATIONAL OIL COMPANY

148. Incorporation of the National Oil Company

The Minister shall, not later than three months after the effective date, take such steps as are necessary under the Companies and Allied Matters Act to incorporate the National Oil Company as a public company limited by shares, which shall be vested with certain assets and liabilities of the NNPC.

149. Exemption from application of certain existing laws

The National Oil Company shall not be subject to the provisions of the Fiscal Responsibility Act 2007 and the Public Procurement Act 2007.

150. Share holding in the National Oil Company

At the time of its incorporation, the initial shares of the National Oil Company shall be held by a nominee of the Ministry of Petroleum Resources and Ministry of Finance Incorporated on behalf of the Government.

151. Divestment of shares of the National Oil Company

Notwithstanding the provisions of section 150 of this Act, the Government shall at any time within six years from the date of incorporation of the National Oil Company, divest up to thirty percent of the authorised shares of the National Oil Company to the public in a transparent manner on the Nigerian Stock Exchange.

152. Transfer of assets and liabilities

- (1) Following incorporation of the National Oil Company, the assets and liabilities held by the NNPC on behalf of the Federal Government of Nigeria except the interests in the unincorporated joint ventures and Nigerian Gas Company Limited shall be vested in the National Oil Company within twelve to twenty-four months from the Effective Date.
- (2) The transfer of liability or obligation under this section releases the NNPC from the liability or obligation with respect to the transferred assets.
- (3) The National Oil Company shall without further assurance be entitled to enforce or defend all obligations for or against NNPC in respect of the portion of interests mentioned above as if the National Oil Company were the original party to such obligations.
- (4) In relation to the transferred assets, all bonds, loans, financing agreements, alternative financing agreements, joint operating agreements, production sharing agreements, sole risk agreements, hypothecations, securities, deeds, contracts, instruments, documents and working arrangements subsisting immediately before the initial transfer date and to which NNPC was a party shall, on and after the initial date, be as fully effective and enforceable against or in favour of the National Oil Company as if, instead of NNPC, the National Oil Company had been named therein.
- (5) Any pending action or proceeding in relation to the transferred assets, brought by or against NNPC immediately before the initial transfer date may be enforced or continued, as the case may be, on and after that date by or against the National Oil Company in the same way as if this Act had not been passed.

- (6) Notwithstanding the provision of subsection (2) of this section:
- (a) no action or other proceeding shall be commenced against the National Oil Company in respect of any employee, asset, liability, right or obligation if, had there been no transfer, the time for commencing the action or other proceeding would have expired; and
 - (b) the transfer of assets and liabilities to the National Oil Company under subsection (1) of this section shall not be deemed to -
 - (i) constitute a breach, termination, repudiation or frustration of any contract, including a contract of employment or insurance;
 - (ii) constitute a breach of any Act, regulation or by-law; or
 - (iii) constitute an event of default or *force majeure*;
 - (iv) give rise to a breach, termination, repudiation or frustration of any licence, permit or other right;
 - (v) give rise to any right to terminate or repudiate a contract, licence, permit or other right; and
 - (vi) give rise to any estoppel.
- (7) Subsection (6) of this section shall apply to the contracts as may be prescribed by any regulation made for this purpose.
- (8) Subject to subsection (7) of this section, nothing in this Act and nothing done as a result of a transfer under subsection (1) of this section shall create any new cause of action in favour of:
- (i) holder of a debt instrument issued by the NNPC before the transfer date; or
 - (ii) party to a contract with the NNPC that was entered into before the transfer date.
- (9) Any guarantee or surety which was given or made by the Federal Government of Nigeria or any other person in respect of any debt or obligation of the NNPC, and which was effective immediately before the initial transfer of the principal debt or obligation, shall remain fully effective against the guarantor or surety on and after the initial transfer date in relation to the repayment of the debt or the performance of the obligation, as the case may be, by the National Oil Company to which the principal debt or obligation was transferred.
- (10) The assets of the subsidiaries of the NNPC listed under the Public Enterprises Privatisation and Commercialisation Act shall be de-listed from the Effective

Date of this Act and the power of attorney earlier assigned to the Bureau of Public Enterprises shall stand vacated.

153. Exemption from stamp duty

Stamp duty shall not be chargeable under the Stamp Duties Act in respect of any transfer made or transaction entered into pursuant to this Part on which, except for the exemption granted under this section, stamp duty would have been payable and in particular, and without derogation from the foregoing, no stamp duty shall be chargeable:

- (a) during the incorporation of the National Oil Company and the successor companies or any subsequent increase to their authorised share capital, prior to the transfer of a majority interest to the public or private investors; or
- (b) in respect of any other transfer of rights and assets pursuant to this Part.

154. Transfer of employees to the National Oil Company

The transfer of employees of NNPC to the National Oil Company shall be in accordance with provisions of section 358 of this Act.

155. Directions to NNPC on matters related to transition

Prior to the vesting of the assets and liabilities of NNPC in the National Oil Company, the Minister may give to the Board of Directors of NNPC directions in writing to ensure the proper transfer of the assets and liabilities of NNPC to the National Oil Company, and the Board of Directors shall, without delay, comply with every such direction.

156. Management and governance of the National Oil Company

- (1) Upon incorporation of the National Oil Company in pursuance of section 148 of this Act, the National Oil Company shall be organized and managed on the basis of the provisions of its Memorandum and Articles of Association.
- (2) The National Oil Company shall be subject to the Governance Rules of the Securities and Exchange Commission.

157. Certain exemption from rates

- (1) Oil pipelines and other installations belonging to the National Oil Company shall not be regarded as hereditaments or tenements to be valued for rating purposes
- (2) For the purposes of this subsection, the expression "oil pipelines and other installations" include oil rigs, refineries, power generating plants, pumping

stations, tank farms and similar installations but do not include office or residential buildings.

- (3) Except as provided in subsection (1) of this section, nothing in this Act shall be deemed to exempt the National Oil Company from liability for any tax, duty, rate, levy or other charge whatsoever, provided that the National Oil Company shall not be liable to pay any such tax, duty, rate, levy or charge unless every company liable to tax under this Act is also liable for such payment.

158. Protection of National Oil Company's land

- (1) Land vested in the National Oil Company shall not be liable to be acquired compulsorily under any enactment or law;
- (2) Notwithstanding anything in any other enactment or law, no mining operations shall be carried on, in or under any land vested in the National Oil Company or any land over which the National Oil Company is entitled to rights of support for the benefit of lands so vested except with the prior consent in writing of the Minister.
- (3) For the purpose of this section, "land" includes any land under water beyond the territorial waters of Nigeria to which Nigeria is for the time being entitled to any exclusive rights.

J. NATIONAL GAS COMPANY PLC

159. Incorporation of the National Gas Company

The Minister shall, not later than three months after the Effective Date of this Act, take such steps as are necessary under the Companies and Allied Matters Act to incorporate the National Gas Company Plc as a company, limited by shares, which shall be vested with certain assets and liabilities of NNPC.

160. Exemption from certain existing Legislation

The National Gas Company Plc shall not be subject to the provisions of the Fiscal Responsibility Act 2007 and the Public Procurement Act 2007.

161. Shareholding in the National Gas Company Plc

At the time of its incorporation, the initial shares of the National Gas Company shall be held by a nominee of the Ministry of Petroleum Resources and Ministry of Finance Incorporated on behalf of the Government.

162. Divestment of shares of the National Gas Company Plc

Notwithstanding the provisions of section 161 of this Act, the Government shall at any time within six years from the date of incorporation of the National Gas Company

Plc, divest up to forty nine percent of the shares of the National Gas Company to the public in a transparent manner on the Nigerian Stock Exchange.

163. Transfer of assets and liabilities

- (1) Following incorporation of the National Gas Company Plc, the assets and liabilities held by NNPC on behalf of the Federal Government of Nigeria except Nigeria Gas Company Plc shall be vested in the National Gas Company Plc within twelve to twenty-four months from the Effective Date.
- (2) The transfer of liability or obligation under this section releases the NNPC from the liability or obligation with respect to the transferred assets.
- (3) The National Gas Company Plc shall without further assurance be entitled to enforce or defend all obligations for or against NNPC in respect of the portion of interests mentioned in this section as if the National Gas Company Plc were the original party to such obligations.
- (4) In relation to the transferred assets, all bonds, loans, financing agreements, alternative financing agreements, joint operating agreements, sole risk agreements, hypothecations, securities, deeds, contracts, instruments, documents and working arrangements subsisting immediately before the initial transfer date and to which NNPC was a party shall, on and after the initial date, be as fully effective and enforceable against or in favour of the National Gas Company Plc as if, instead of NNPC, the National Gas Company Plc had been named therein.
- (5) Any pending action or proceeding in relation to the transferred assets, brought by or against NNPC immediately before the initial transfer date may be enforced or continued, as the case may be, on and after that date by or against National Gas Company in the same way as if this Act had not been passed.
- (6) Notwithstanding the provision of subsection (3) of this section:
 - (a) no action or other proceeding shall be commenced against the National Gas Company Plc in respect of any employee, asset, liability, right or obligation if, had there been no transfer, the time for commencing the action or other proceeding would have expired, and
 - (b) the transfer of assets and liabilities to the National Gas Company Plc under subsection (2) of this section shall not be deemed to -
 - (i) constitute a breach, termination, repudiation or frustration of any contract, including a contract of employment or insurance;
 - (ii) constitute a breach of any Act, regulation or by-law; or

- (iii) constitute an event of default or *force majeure*;
 - (iv) give rise to a breach, termination, repudiation or frustration of any licence, permit or other right;
 - (v) give rise to any right to terminate or repudiate a contract, licence, permit or other right; and
 - (vi) give rise to any estoppels.
- (7) Subsection (6) of this section does not apply to the contracts as may be prescribed by any regulation made for that purpose.
- (8) Subject to subsection (7) of this section, nothing in this Act and nothing done as a result of a transfer under subsection (1) of this section shall create any new cause of action in favour of a -
- (i) holder of a debt instrument issued by NNPC before the date; or
 - (ii) party to a contract with NNPC that was entered into before the transfer date.
- (9) Any guarantee or surety which was given or made by the Government of Nigeria or any other person in respect of any debt or obligation of NNPC, and which was effective immediately before the initial transfer of the principal debt or obligation, shall remain fully effective against the guarantor or surety on and after the initial transfer date in relation to the repayment of the debt or the performance of the obligation, as the case may be, by the National Gas Company Plc to which the principal debt or obligation was transferred.

164. Exemption from stamp duty

Stamp duty shall not be chargeable under the Stamp Duties in respect of any transfer made or transaction entered into pursuant to this Part on which, except for the exemption granted under this section, stamp duty would have been payable and in particular, and without derogation from the foregoing, no stamp duty shall be chargeable:

- (a) during the incorporation of the National Gas Company Plc and the successor companies or any subsequent increase to their authorised share capital, prior to the transfer of a majority interest to the public or private investors; or
- (b) respect of any other transfer of rights and assets pursuant to this Part.

165. Transfer of employees to the National Gas Company

The transfer of employees of NNPC to the National Gas Company shall be in accordance with provisions of section 358 of this Act.

166. Directions to NNPC on matters related to transition

Prior to vesting of the assets and liabilities of NNPC in the National Gas Company, the Minister may give to the Board of Directors of NNPC directions in writing in order to ensure the proper transfer of the assets and liabilities of NNPC to the National Gas Company, and the Board of Directors shall, without delay, comply with every such direction.

167. Management and governance of the National Gas Company upon incorporation

- (1) Upon incorporation of the National Gas Company in pursuance of section 159 of this Act, the National Gas Company shall be organized and managed on the basis of the provisions of its Memorandum and Articles of Association.
- (2) The National Gas Company shall be subject to the Governance Rules of the Securities and Exchange Commission.

168. Certain exemption from rates

- (1) Gas pipelines and other installations belonging to the National Gas Company shall not be regarded as hereditaments or tenements to be valued for rating purposes, and for the purposes of this subsection, the expression "Gas pipelines and other installations" include Gas rigs, refineries, power generating plants, pumping stations, tank farms and similar installations but do not include office or residential buildings.
- (2) Except as provided in subsection (1) of this section, nothing in this Act shall be deemed to exempt the National Gas Company from liability for any tax, duty, rate, levy or other charge whatsoever, provided that the National Gas Company shall not be liable to pay any such tax, duty, rate, levy or charge unless every company liable to tax under this Act is also liable for such payment.

169. Protection of National Gas Company's land

- (1) Land vested in the National Gas Company shall not be liable to be acquired compulsorily under any enactment or law;
- (2) Notwithstanding anything in any other enactment or law, no mining operations shall be carried on, in or under any land vested in the National Gas Company or any land over which the National Gas Company is entitled to rights of support for the benefit of lands so vested except with the prior consent in writing of the Minister.

- (3) For the purpose of this section, "land" includes any land under water beyond the territorial waters of Nigeria to which Nigeria is for the time being entitled to any exclusive rights.

PART III
UPSTREAM PETROLEUM

170. ADMINISTRATION OF ACREAGE

- (1) All acreage for exploration, development and production of petroleum in Nigeria shall be administered by the Inspectorate.
- (2) The title to all data related to upstream petroleum operations are accordingly vested in the Federal Government and shall be administered by the Inspectorate.

171. National grid system

- (1) The Inspectorate shall adopt a national grid system for petroleum acreage management and such grid system shall be based on the Universal Transverse Mercator (U.T.M.) coordinate system.
- (2) The basic unit shall be a parcel of two by two kilometers, subject to adjustment zones and the national boundary, in which case a parcel shall be the part of the parcel in the adjustment zone or on Nigerian territory as described in subsection (1) of this section.
- (3) The Inspectorate shall define a numbering system for the parcels which shall allow for the subdivision and aggregation of these parcels.
- (4) The grid system shall be used for the definition of licence and lease areas, relinquishments, bid procedures, identification of well locations, petroleum conservation measures and such other regulatory and acreage management procedures.
- (5) Subject to the provisions of subsection (1) of this section any current boundaries of licences and leases that do not conform with the new grid system shall remain unaltered, and parcels shall be apportioned accordingly.

172. Licences and leases

- (1) Subject to this Act, the Minister may grant:
- (a) a petroleum exploration licence to carry out exploration on a non-exclusive basis;

- (b) a petroleum prospecting licence to prospect for petroleum; and
 - (c) a petroleum mining lease, to search for, win, work, carry away and dispose of petroleum.
- (2) Subject to the provisions of this Act, where the Minister decides to grant a licence or lease under this section, it shall be awarded -
- (a) to the winning bidder pursuant to the bid process prescribed in section 190 provided the winning bidder has complied with all requirements specified in the bid process; or
 - (b) directly to the existing licensee or lessee pursuant to the provisions of section 193 of this Act;
- (3) Subject to the provisions of this Act, the Minister may grant a petroleum exploration licence to any qualifying company over any area, excluding areas that are the subject of petroleum prospecting licences or petroleum mining leases.
- (4) Every petroleum prospecting licence or petroleum mining lease shall be in respect of petroleum.
- (5) A licence or lease under this section may be granted only to a company incorporated in Nigeria under the Companies and Allied Matters Act or any corresponding law.
- (6) It shall be a condition under any petroleum exploration licence, petroleum prospecting licence and petroleum mining lease that at all times the operator of the upstream petroleum operations shall be a company that qualifies as an operator.

173. Power to enter into contracts

- (1) Where the Minister grants any licence or lease under subsection (1) of section 172 of this Act, the licensees or lessees, by such grant and without further assurance, shall be empowered to enter into any contract for the exploration, prospecting, production and development of oil or gas, or both, as the case may be, in respect of any licence or lease held by the licensees or lessees, upon such terms and conditions as the licensees or lessees may determine, and with any company qualified under conditions prescribed by this Act.
- (2) The power to enter into contracts given under this section shall not confer the right to assign an interest in any licence or lease, except in compliance with the terms of section 194 of this Act.

174. Confidentiality clauses

- (1) Confidentiality clauses or other clauses contained in licences, leases, agreements or contracts for upstream petroleum operations that are for the purpose of preventing access to information and documents by third parties in respect of any payments of royalties, fees and bonuses of whatever nature, and taxes, shall be void and of no effect.
- (2) Subsections (1) and (4) of this section shall not apply to proprietary industrial property rights owned by any of the parties to a licence, lease, agreement or contract to which the said subsections (1) and (4) apply, which shall be exempted from the scope of mandatory disclosure to the extent that confidentiality in such cases is protected by any law in force in Nigeria relating to the freedom of information, or by any treaty obligations of Nigeria under international law.
- (3) The question as to whether information or documents are proprietary industrial property rights and within the ambit of subsection (2) of this section shall be decided by the owner of such information and where the Inspectorate disputes such determination, the matter shall be decided by an independent expert appointed by the Inspectorate and the relevant licensee or lessee.
- (4) Every company involved as licensee, lessee or contractor shall for each license and each lease provide a yearly summary of all revenues and costs on which the payments under subsection (1) of this section were based within three years after the expiration of each calendar year and the provisions with respect to confidentiality under subsection (1) of this section shall apply to the requirement to provide such summaries.
- (5) The Inspectorate shall define the required detail and classification of the summary under subsection (4) of this section and such summaries shall be non-confidential and published on the website of the Inspectorate together with the revenue information pursuant to subsection (1) of this section.
- (6) The text of any subsisting or future licence or lease or contract with the National Oil Company and any amendments or side letters thereto shall not be confidential and shall be published on the website of the Inspectorate and the provisions of sub-section (1) of this section shall apply.
- (7) The texts pursuant to subsection (6) of this section shall be on the website of the Inspectorate within one year after the commencement of this Act, and where such information is not supplied to the Inspectorate, a company in default shall be liable to a penalty of US \$ 10,000 for every day such information is not available after the date required by the Inspectorate.
- (8) All geological, geophysical, geochemical and other technical petroleum data obtained during upstream petroleum operations as determined by the

Inspectorate shall be provided directly to the national petroleum data bank of the Inspectorate electronically within three months of such data being obtained by any licensee or lessee and hard copies within one month thereafter.

- (9) The data referred to in subsection 8 of this section shall not be confidential, except for data obtained under a petroleum exploration and prospecting licences for a period of five years or until such time the exploration period ends or the related acreage is relinquished, whichever is the earlier.
- (10) With respect to petroleum exploration licences, the Inspectorate may agree to a period of confidentiality where the licensee obtains the data for the main purpose of selling the data to interested parties.
- (11) All data in the national petroleum data bank shall be accessible for any interested person under such access agreements as may be determined by the Inspectorate.
- (12) All information pursuant to subsection (1) of this section shall be non-confidential and the Inspectorate shall publish this information on their website.

175. Petroleum exploration licence

- (1) The holder of a petroleum exploration licence shall have the non-exclusive right to carry out geological, geophysical and geochemical exploration for petroleum within the area of his licence and to drill coreholes not deeper than one hundred and fifty meters using only percussion drilling techniques unless otherwise allowed by the Inspectorate.
- (2) A petroleum exploration licence shall be valid for not more than three years and shall not include any right or option to win, get, work, store, carry away, transport, export or otherwise treat petroleum discovered in or under the said licence area.
- (3) Any petroleum exploration shall be under the supervision of the Inspectorate.

176. Petroleum Prospecting Licence

The holder of a petroleum prospecting licence shall have:

- (a) the exclusive right to carry out petroleum exploration operations within the area of its licence; and
- (b) have the right to carry away and dispose of crude oil, natural gas or bitumen won during prospecting operations as a result of production tests, subject to the fulfilment of obligations imposed by or under this Act or any other enactment in force at the time.

177. Duration and area of Petroleum Prospecting Licence

A petroleum prospecting licence shall be –

- (a) with respect to onshore and shallow water areas, for a duration of not more than five years, consisting of an initial exploration period of three years and a renewal period of two years, with a possibility for further extensions due to an appraisal period pursuant to subsection (8) of section of this Act and significant gas discovery periods, pursuant to subsection (11) of section 178 of this Act and other extensions permitted under this Act and the petroleum prospecting licence area shall not be more than five hundred square kilometres and not less than one parcel (four square kilometers); and
- (b) with respect to deep water areas and frontier acreage, for a duration of not more than eight years, consisting of an initial exploration period of five years and a renewal period of three years, with a possibility for further extensions due to appraisal periods, pursuant to subsection (8) of section 178 of this Act and significant gas discovery periods, pursuant to subsection (11) of section 178 of this Act and other extensions permitted under this Act and the initial petroleum prospecting licence area shall not be more than one thousand square kilometres and not less than one parcel (four square kilometers).

178. Work commitment, commercial discovery and significant gas discovery during petroleum prospecting licence

- (1) A petroleum prospecting licence shall contain the requirement for the licensee to commit to a work programme.
- (2) The work-programme referred to under subsection (1) of this section shall oblige the licensee to:
 - (a) explore the relevant area, using geological, geophysical and any other acceptable methods of investigation for the purpose of arriving at the prospects until the area has been adequately explored for that purpose;
 - (b) commence seismic investigations provided the licensee has not already begun to do so; and
 - (c) within eighteen months of granting such licence to begin drilling operations with a modern petroleum well drilling outfit.
- (3) During the initial period, the licensee shall commit to the drilling of at least one exploration well to a specified minimum depth, provided that the licence may require more than one well to a minimum depth.
- (4) Where the licensee requests a renewal, the licensee shall, except where the Inspectorate otherwise authorizes, commit to the drilling of at least one further exploration well to a specified minimum depth, provided that the

licensee may require more than one well to a minimum depth during such renewal.

- (5) An exploration well shall be a well that in the opinion of the Inspectorate is aimed at discovering petroleum in a separate geological feature or structure in which petroleum has not been previously discovered.
- (6) Any exploration well drilled in excess of the minimum work programme specified in the licence during the initial period can be credited to the work obligation under the renewal.
- (7) Where the licensee makes a petroleum discovery during the initial period or renewal, it shall inform the Inspectorate within one hundred and twenty days or within such extended time frame as granted by the Inspectorate, after making such discovery whether the licensee considers that the petroleum discovery merits appraisal.
- (8) Where the licensee considers that a discovery merits appraisal, it shall submit for approval to the Inspectorate:
 - (a) a commitment to an appraisal programme of a duration of not more than two years and of a scope and nature that will permit the licensee to declare a commercial discovery in case results of the appraisal are positive; and
 - (b) the appraisal area which shall not be larger than the parcels covering the reasonable outer boundary of the discovery as well as a zone of not more than five kilometres surrounding such outer boundary.
- (9) Upon the approval of the appraisal programme and appraisal area by the Inspectorate, the licensee shall promptly carry out the committed appraisal programme.
- (10) The Inspectorate shall decide on the appraisal programme and appraisal area within sixty days after the submission.
- (11) Upon the completion of the appraisal programme, the licensee shall:
 - (a) declare a commercial discovery;
 - (b) declare a significant gas discovery; or
 - (c) inform the Inspectorate that the discovery is of no interest to the licensee.
- (12) Where a significant gas discovery has been declared, the licensee shall be entitled to retain such significant gas discovery area for a retention period of not more than ten years from the date of such declaration. Where the

petroleum prospecting licence has otherwise expired pursuant to subsection (16) of this section, the significant gas discovery retention area shall continue to subsist until the expiration of the retention period or the declaration of a commercial discovery.

- (13) Any significant gas discovery retention area shall be selected in the same manner as an appraisal area pursuant to paragraph (b) of subsection (8) of this section and may be approved by the Inspectorate.
- (14) Where a commercial opportunity to sell the gas materializes based on information provided by the Inspectorate with respect to domestic gas demand during the retention period provided for in subsection (12) of this section, the Inspectorate shall invite the licensee to make a declaration of a commercial discovery pursuant to subsection (11) of this section with respect to the significant gas discovery and present a development plan with a commitment to execute such development plan pursuant to section 179 of this Act.
- (15) Where the licensee fails to make a declaration of a commercial discovery within one year of the invitation of the Inspectorate pursuant to subsection (14) of this section the petroleum prospecting license shall be revoked, provided that any such commercial declaration has to be made prior to the end of the retention period pursuant to subsection (12) of this section.
- (16) Where the licensee fails to make a declaration of a commercial discovery prior to the expiration of the retention period pursuant to subsection (12) of this section, the significant gas retention area shall be relinquished, and where the last significant gas retention area has been relinquished, the licence shall expire.
- (17) Where the licensee declares the discovery of no interest pursuant to paragraph (c) of subsection (11) of this section, the Inspectorate may require the relinquishment of the parcels that cover the extent of the discovery.
- (18) The licensee shall not commence work required under this section unless it has an approved Nigerian content plan, with respect to:
 - (i) the drilling of wells during the initial exploration period pursuant to subsection (2) of this section;
 - (ii) the drilling of wells during the renewal of the exploration period pursuant to subsection (3) of this section;
 - (iii) the appraisal work pursuant to subsection (8) of this section, and
 - (iv) any work on a significant gas discovery pursuant to subsection (12) of this section.

179. Commercial discovery and development plan

- (1) Where the licensee declares a commercial discovery pursuant to paragraph (a) of subsection (11), of section 178 of this Act, the licensee shall within the period provided for in subsection (5) of this section, submit a field development plan for the commercial discovery to the Inspectorate as well as a commitment to carry out the work described in the development plan in a manner acceptable to the Inspectorate.
- (2) The Inspectorate shall evaluate the development plan and where the development plan meets all requirements established by the Inspectorate, the development plan shall be approved pursuant subsection (5) of this section.
- (3) The Inspectorate shall only approve the development plan where the plan:
 - (a) meets the technical standards that are required for the related works;
 - (b) results in the maximum recovery of crude oil, natural gas or condensates or bitumen, taking into consideration a reasonable economic framework;
 - (c) meets adequate health, safety and environmental standards;
 - (d) includes an approved Nigerian content plan pursuant to subsisting relevant law on Nigerian content development;
 - (e) includes an approved environmental management plan pursuant to section 200 of this Act and an acceptable decommissioning and abandonment plan; and
 - (f) provides for the elimination of routine gas flaring.
- (4) Where a licensee does not submit a development plan and work commitment pursuant to subsection (1) of this section, the licence may be revoked.
- (5) Where the licensee has declared a commercial discovery, the appraisal period or the significant gas discovery retention period shall be extended from the respective maximum periods of seven or ten years and the licence shall continue to subsist until the process regarding the grant of a lease has been completed, without prejudice to the provisions of section 181 of this Act provided the licensee shall submit a development plan meeting all requirements pursuant to subsection (3) of this section within two years after declaring a commercial discovery.
- (6) The Inspectorate shall give its final decision to approve or disapprove a development plan within sixty days after the submission of the development plan that meets the criteria of subsection (3) of this section.

180. Unitisation

- (1) Where a petroleum discovery in the license area extends beyond the boundaries of the license area, the Inspectorate may require that the upstream petroleum operations related to such discovery shall be carried out on the basis of a unitized development with the licenses or leases into which such discovery extends.
- (2) The unitized development may include non-straddling reservoirs so as to optimize the development.
- (3) Where some or all of the area into which such discovery extends is not under any licence or lease, the Inspectorate shall promptly offer the open area for bids pursuant to section 190 of this Act.
- (4) The licensees, lessees or licences and leases of the area or areas into which such discovery extends shall make a proposal to the Inspectorate for a joint development plan of the discovery within two years after the request by the Inspectorate.
- (5) If the proposal is not approved by the Inspectorate or the parties do not present a unitization proposal pursuant to subsection (4) of this section, in the time specified by the Inspectorate, the Inspectorate may require an expert appointed by the Inspectorate to prepare the unitization proposal, at the expense of the licensees or lessees as the case may be and such plan shall be binding on all related licensees and lessees.
- (6) In the event that a unitized field continues in production after one or more leases expire, the Inspectorate shall grant extension of such leases so as to allow the unit to reach the end of production.

181. Petroleum Mining Leases

- (1) A petroleum mining lease shall be granted for parcels of each commercial discovery of crude oil or natural gas, or both, or bitumen to the licensee of a petroleum prospecting licence who has -
 - (a) satisfied all the conditions imposed on the licence or otherwise imposed on the licensee by this Act; and
 - (b) received approval for the related development plans from the Inspectorate.
- (2) A petroleum mining lease may be granted pursuant to the provisions of this Act where a prospective lease area contains:
 - (a) a discovery of crude oil or natural gas or both, or condensate which in the opinion of the Inspectorate is commercial;

- (b) a petroleum field or fields with suspended wells or continuing commercial production, where the corresponding petroleum mining lease has been revoked or has expired; or
- (c) a bitumen deposit.
- (3) Subject to subsection (6) of this section, a licensee may propose that a separate petroleum mining lease be granted for each commercial discovery in the petroleum prospecting licence, prior to the expiration of the petroleum prospecting licence.
- (4) Notwithstanding the grants of any petroleum mining leases under subsection (3) of this section, the petroleum prospecting licence shall continue for the remaining licence area subject to the relinquishment provisions of the licence.
- (5) The area of a petroleum mining lease shall contain every parcel within the outer boundary of the field as determined by an independent engineering firm, and approved by the Inspectorate, based on oil-water contacts or other reservoir limits and includes a zone surrounding such boundary consisting of all parcels that are in whole or in part within one kilometre of such outer boundary, provided, however, that the lease shall not contain any parcels that are -
- (a) outside the original licence area from which the lease is derived;
- (b) in areas relinquished by the licensee; or
- (c) part of any parcels that were already granted under another petroleum prospecting licence or petroleum mining lease.
- (6) Where during the petroleum prospecting licence period the outer boundary of the commercial discovery changes, due to further drilling and other exploration, or due to further petroleum discoveries in deeper or shallower formations, the Inspectorate may approve a modification of the area of the petroleum mining lease to include such further parcels as are appropriate based on the criteria established in subsection (5) of this section and subject to a competitive bid process.
- (7) Where two or more petroleum mining leases derived from the same petroleum prospecting license, in the opinion of the Inspectorate constitute a single field based on an interpretation of geological or petroleum engineering data that proves that the field is a single field, such leases shall be considered as one petroleum mining lease, even if their boundaries do not join with another lease and the granting date of such single lease shall be the date of the first lease that was granted unless otherwise decided by the Inspectorate.
- (8) A petroleum mining lease shall not consist of an area that is less than one parcel.

182. Exclusive right to conduct operations

- (1) A lessee shall have the exclusive right to carry out upstream petroleum operations in or under the lease area.
- (2) A petroleum mining lease shall also contain the right to continue to explore and prospect deeper formations.
- (3) A petroleum mining lease for the purpose of carrying out upstream petroleum operations shall only be granted on the basis of a firm commitment to:
 - (a) develop and produce the bitumen deposit, crude oil, gas or condensate in the lease area in accordance with the approved development plan; or
 - (b) restart or continue petroleum production.
- (4) During the term of the lease, the Inspectorate shall-
 - (a) verify the implementation of the work commitments and compliance with the approved field development plan;
 - (b) monitor the capital and operating costs; and
 - (c) ensure that the upstream petroleum operations at all times are carried out at the required standards under this Act.

183. Domestic gas supply obligations

- (1) The Inspectorate shall determine in accordance with section 269 of this Act, the needs of the domestic gas market in accordance with the Domestic Gas Demand requirement and shall on such basis impose Domestic Gas Supply Obligation ("DGSO") and ensure that all lessees comply with such Domestic Gas Supply Obligations.
- (2) During the periods as determined pursuant to subsection (1) of this section, the Inspectorate shall require the lessee producing gas to carry out all such works and operations as may be required to increase production in order to dedicate specific volume of the gas produced towards the requirements of the domestic market.
- (3) The volume of gas to be dedicated by each lessee for the Domestic Gas Supply Obligation shall be based on an allocation system among lessees as determined by the Inspectorate from time to time.

- (4) The Inspectorate shall at all times ensure that the weighted average benchmarked unit costs of supply of the fields dedicated to the Domestic Gas Supply Obligation shall not be in excess of the benchmarked unit costs of fields dedicated to:
 - (a) exports; or
 - (b) sales of wholesalers in the domestic market pursuant to subsection (3) of section of this Act.
- (5) Any lessee who fails to comply with the Domestic Gas Supply Obligation as directed by the Inspectorate shall not be entitled to supply gas to any gas export operations in addition to such other penalties as may apply under this Act and where the lessee is only supplying gas to gas export operations, the lessee shall be directed by the Inspectorate to suspend production.
- (6) The Inspectorate in consultation with the National Gas Company shall determine when the gas market has attained full market status and advise the Minister on discontinuation of the DGSO concept.

184. Duration and renewal

- (1) A petroleum mining lease shall be granted for a maximum term of twenty years, provided , that where a petroleum mining lease is derived from a petroleum prospecting licence where a commercial discovery has been declared pursuant to paragraph (a) of subsection (11) of section 178 of this Act, such license shall be allowed to use up its initial, renewal and appraisal period such that:
 - (a) the overall period shall run for twenty-seven years from the date of the grant of the related petroleum prospecting licence for onshore and shallow water areas; or
 - (b) the overall period shall run for thirty years from the date of the grant of the related petroleum prospecting licence for deep water areas and frontier acreages; and
 - (c) where a petroleum mining lease is to be granted for a petroleum prospecting licence which is yet to expire, the term of the petroleum mining lease shall be the aggregate of the mandatory term of twenty years and the balance of term for the petroleum prospecting licence as contained in paragraph (a) and (b) of this subsection.
- (2) For petroleum mining leases, the following provisions shall apply -

- 
- (a) where a petroleum mining lease is not in commercial production within the development period of paragraphs (c) or (d) of this subsection, from the granting of the petroleum mining lease, such lease may be revoked at the end of such development period, which period is included in the duration established in this subsection;
- (b) the acreage shall be vested with the Government and may be subject to a new grant in accordance with subsection (1) of section 190 of this Act;
- (c) the development period for petroleum mining leases granted pursuant to subsection (2) of section 181 of this Act shall be established in such leases; and
- (d) the development period for petroleum mining leases granted pursuant to subsection (1) of section of this Act shall be:
- (i) five years for onshore and shallow water leases, and
 - (ii) seven years for deep water leases and leases in frontier acreages, for the first Petroleum Mining Leases derived from the licence, and ten years for subsequent Petroleum Mining Leases derived from the licence.
- (3) Where a lease continues to be in commercial production, the lease may be renewed in accordance with section 184 and other provisions of this Act for a further term of not more than ten years and upon the termination of such renewal, the area shall be relinquished and may be subject to a new grant in accordance with subsection (1) of section 190 of this Act.
- (4) From the effective date, where a lease has been in commercial production but such production has terminated and no commercial production has occurred from the lease for a period of one hundred and eighty days other than for reasons of force majeure, repairs, maintenance, upgrading of facilities, new construction of facilities or other causes as presented to and endorsed by the Inspectorate, the lease may be revoked.
- (5) Where a lessee intends to suspend production for more than hundred and eighty days, and intends to recommence production at a later date, such lessee shall submit to the Inspectorate a specific plan and commitment to restart production.

185. Conditions for renewal of lease

- (1) Not less than twelve months before the expiration of a petroleum mining lease, the lessee may apply in writing to the Minister for a renewal of the lease either in respect of the whole of the leased area or any part thereof and the renewal may be granted if the lessee has paid all fees, rent and royalties

under this Act due in respect of the lease and has performed all its obligations under the lease.

- (2) The terms and conditions that shall apply to such renewal shall be the prevailing conditions for new petroleum mining leases at the time of renewal and the lessee shall pay a renewal bonus of an amount specified in the lease on the date of such renewal.
- (3) Subject to the advice of the Inspectorate, the Minister shall make regulation to provide for terms and conditions for the renewal of leases.

186. Relinquishment

- (1) Every petroleum prospecting licence, which initially is larger than ten parcels, shall provide for the obligation to relinquish a number of parcels equal to at least fifty per cent of the original licence area upon the expiration of the initial exploration period, provided, that any acreage included in petroleum mining leases, appraisal and significant gas discovery retention areas may be retained by the licensee and will not require relinquishment.
- (2) Upon the expiration of the renewal period for a petroleum prospecting licence, the licensee shall relinquish all parcels which are not part of petroleum mining leases, appraisal areas or significant gas discovery retention areas.
- (3) Upon the expiration of any appraisal period of a prospecting licence, all parcels related to the appraisal area shall be relinquished unless the licensee has declared a commercial discovery for such appraisal area.
- (4) Upon the expiration of any significant gas discovery retention period of a petroleum prospecting licence, all acreage related to the significant gas discovery retention area shall be relinquished unless the licensee has declared a commercial discovery for such significant gas discovery retention area.
- (5) Ten years after the granting of a lease for the purpose of producing crude oil or natural gas, or both, or condensate, or bitumen the lessee may retain all parcels that are in commercial production or for which firm commitments have been made to the satisfaction of the Inspectorate and shall relinquish all other parcels.
- (6) The licence or lease shall not contain any priority rights, optional rights or negotiation rights for the licensee or lessee with respect to acreage relinquished by the licensee or lessee.
- (7) The relinquished acreage shall be vested in the Government and may be awarded on the basis of a bidding round pursuant to section 190 of this Act.

- (8) Any rent paid in respect of the area of the lease to be relinquished shall not be refundable, and such relinquishment shall be without prejudice to any obligation or liability imposed by or incurred under the lease or any contract entered in pursuance thereof before such relinquishment.
- (9) The shape and size of the area to be retained and of the area to be relinquished or surrendered shall be as approved by the Inspectorate.

187. Surrender of licence

- (1) Without prejudice to any provisions on relinquishment, a licensee or lessee shall be entitled at any time to surrender part or whole of the licensed or leased area provided at least three months notice in writing is given to the Inspectorate prior to such surrender and provided such licensee or lessee has complied with all obligations under the licence or lease and complies with any surviving obligations.
- (2) No rent paid prior to the surrender shall be refundable.

188. Rights of Way

- (1) Subject to the provisions of all the relevant laws and on such terms and conditions as may be approved by the Inspectorate, the licensee or lessee shall be entitled to such rights of way for the laying, operation and maintenance of pipelines, telephone lines and the like through or across the surrendered area or areas as the licensee or lessee may reasonably require:
 - (a) for the carrying on of operations under the licence or lease; or
 - (b) for inter-communication and passage between retained areas and, in the case of offshore licences or leases, between retained areas and onshore lands.

189. Rights of way reserved to the Inspectorate

- (1) There shall be reserved to the Inspectorate over the retained area, such rights of way, easements or other rights as in its opinion are necessary or desirable for the laying, operation and maintenance of pipelines, telephone lines and power lines; and any right of way or other rights so reserved shall continue for the benefit of any entity to whom the Inspectorate may subsequently grant the same to the extent that it may so grant them pursuant to the regulations made by the Minister for that purpose on the advice of the Inspectorate.
- (2) Licensees and lessees may not object to the grant of rights of way, easements or other rights over any areas of a petroleum prospecting licence or petroleum mining lease unless they affect the health, and safety of their personnel or the environment of licensee's or lessee's activities.

190. Award process

- (1) The grant of a petroleum prospecting licence or a petroleum mining lease not derived from a petroleum prospecting licence in respect of any territory in, under or upon the territory of Nigeria shall be by open, transparent and competitive bidding process conducted by the Inspectorate pursuant to the provision of subsection (2) of this section.
- (2) The winning bidder shall be determined on the basis of the following bid parameters:
 - (a) single bid parameter, which can be based on:
 - (i) a signature bonus;
 - (ii) a royalty percentage in addition to the relevant subsisting royalty percentage;
 - (iii) a work commitment in terms of number of wells to be drilled to a specified minimum depth during the initial exploration period; or
 - (iv) work units.
 - (b) a combination of the parameters indicated under paragraph (a) of this subsection, based on a point system that is self-assessable by the bidder in such a manner that the bidder will bid the respective points and the highest points determine the winning bidder.
- (3) There shall be no grant of discretionary awards, except as provided under section 191 of this Act.
- (4) The Minister shall direct the Inspectorate to call for bids in accordance with a process that shall be made available to the general public through publications on the website of the Inspectorate and in at least two newspapers with international coverage and two newspapers with national coverage.
- (5) Where the Minister directs for a call for bids pursuant to sub-section (1) of this section, the Inspectorate shall propose the technical, legal, economic and financial requirements as well as the minimum experience and capacity necessary for prospective licensees, and lessees, which shall be contained in guidelines prepared by the Inspectorate and approved by the Minister, and without prejudice to the provisions of subsection (2) of this section, licensees, lessees and contractors shall be chosen in accordance with these guidelines.
- (6) All bids received based on the bid parameters established in subsection (2) of this section shall be processed in accordance with the published guidelines and monitored by the Nigeria Extractive Industries Transparency Initiative (NEITI).

191. Powers of the President to grant licences and leases in special circumstances

Notwithstanding the provisions of subsection (3) of section 190 or any other provision of this Act, the President shall have the power to grant a licence or lease under this Act.

192. Right of participation

A licence or lease may include the right of the Government to a participating interest in the licence or lease and in this case the Minister may exercise this right to participate in accordance with the terms of the said licence or lease.

193. Relinquishment from current licences and leases and marginal fields

- (1) With respect to any existing oil prospecting licences or oil mining leases, including such licences and leases that are subject to production sharing contracts, the holder of the oil prospecting licence or oil mining lease ("holder") shall select prior to the relinquishment date or expiration date as applicable within such oil prospecting licences or oil mining leases, the portions of such licences and leases that the holder intends to continue to explore, develop and produce or to propose as discoveries for appraisal, significant gas discovery retention areas or a commercial discovery pursuant to this Act and based on the parcels pursuant to the acreage selection process established in this Act as follows:
- (a) discoveries which in the opinion of the holder merit appraisal pursuant to subsection (7) of section 178 of this Act and for which the licensee or lessee is prepared to present the appraisal programme pursuant to this Act;
 - (b) discoveries which the holder has made a declaration of a commercial discovery pursuant to subsection (1) of section 179 of this Act and is prepared to submit a development program pursuant to this Act;
 - (c) discoveries which the holder has made a declaration of a significant gas discovery pursuant to subsection (12) of section 178 of this Act;
 - (d) discoveries which development is underway based on an approved development plan;
 - (e) discoveries in which regular commercial production is occurring; and
 - (f) for the remaining acreage, the holder shall have the option to select all or part as a petroleum prospecting licence effective on the conversion date for the purpose of carrying out further exploration, provided the holder commits to the drilling of a well of at least 3000 meter deep

below the ground surface or the sea bed, as applicable, during the renewal period and all other obligations pursuant to this Act, except that the work commitment during the initial exploration period under section 178 does not have to be carried out in view of the past work of the holder.

- (2) On or prior to the relinquishment date or expiry date as applicable, the holder shall relinquish all parcels from the oil prospecting licence or oil mining lease areas with the exception of the parcels selected pursuant to subsection (1) of this section.
- (3) The relinquishment date for the purpose of subsections (1) and (2) of this section shall be the latest of:
 - (a) two years after the commencement of this Act;
 - (b) the expiration date of the oil prospecting licence; or
 - (c) the expiration date of the oil mining lease.
- (4) The Inspectorate shall convert the areas selected pursuant to subsection (1) (a) and (b) of this section into appraisal areas of petroleum prospecting licences under this Act and areas selected pursuant to subsection (1)(c) of this section into significant gas discovery retention areas of petroleum prospecting licences under this Act, subject only to the areas complying with the selection methodology established under this Act and with respect to paragraph (a) of subsection (1) of this section the approval of the appraisal program. Where the lessee or licensee selects acreage pursuant to paragraph (f) of subsection (1) of this section, the Inspectorate shall convert such area subject only to the areas complying with the selection methodology established under this Act.
- (5) The Inspectorate shall convert the areas selected pursuant to paragraphs (d) and (e) of subsection (1) of this section, into petroleum mining leases under this Act with a term of 20 years, subject only to the areas complying with the selection methodology established in subsection (5) of section 193 of this Act.
- (6) Marginal field operators shall be entitled to apply for petroleum mining leases for the fields being operated as marginal fields at the Effective Date and such petroleum mining leases shall be granted to such marginal field operators and such leases shall be subject to all the provisions of this Act.
- (7) The Inspectorate shall carry out the bidding process pursuant to the provisions of section 190 of this Act over any parcels relinquished pursuant to subsection (2) of this section and not granted to marginal field operators pursuant to subsection (6) of this section.

194. Assignment, mergers and acquisitions

- (1) Where a licensee, lessee or production sharing or service contractor is taken over by another company or merges, or is acquired by another company either by acquisition or exchange of shares, including a change of control of a parent company outside Nigeria, it shall be deemed to be and treated as an assignment within Nigeria and shall be subject to the terms and conditions of this Act and any regulations made under it.
- (2) A licensee, lessee or contractor shall not assign his licence, lease or contract, or any part thereof, or any right, power or interest therein without the prior written consent of the Minister.
- (3) An application for assignment shall be in accordance with terms and conditions specified within this Act and any regulations made under it.
- (4) The Minister may consent to an assignment if the proposed assignee is able to show to the satisfaction of the Minister that -
 - (a) the proposed assignee is of good reputation;
 - (b) the proposed assignee has sufficient technical knowledge, experience or financial resources to enable it effectively carry out the responsibilities under the licence, lease or contract which is to be assigned; and
 - (c) where the proposed assignee is to serve as operator, such assignee has proven operating experience or is supported by a competent operator under a technical service agreement with respect to operations to be carried out under the licence, lease or contract which is to be assigned.
- (5) Fees prescribed by the Minister in regulations shall be payable for assignment as provided in this section.
- (6) The Minister may waive payment of the fee, if he is satisfied that the assignment is to be made to a company in a group of which the assignor is a member, and is to be made for the purpose of re-organisation in order to achieve greater efficiency and to acquire resources for more effective petroleum operations.
- (7) Any assignment pursuant to this section shall be fully disclosed by the company to the Service in its tax return.

195. Grounds for revocation of licence or lease

- (1) The Minister on the advice of the Inspectorate may revoke a licence or lease if the licensee or lessee:
- (a) is controlled directly or indirectly by a person who is a citizen of, or subject of any country which is a country the laws of which do not permit citizens of Nigeria or Nigerian companies to acquire, hold and operate petroleum concessions on conditions which the Minister finds to be reasonably comparable to the conditions upon which such concessions are granted to subjects of the country;
 - (b) in the opinion of the Inspectorate, is not conducting operations continuously and in a vigorous and businesslike manner and in accordance with good oil field practice;
 - (c) is not fulfilling his obligations under the conditions of his licence or lease;
 - (d) fails to pay fees or its rent or royalties as they fall due, whether or not they have been demanded by the Inspectorate, within the period specified by or in pursuance of this Act;
 - (e) has failed to furnish any reports on its operations that are prescribed by this Act or any other Act in force within the stipulated time;
 - (f) has assigned or otherwise transferred its interest in the licence or lease to any person or company without the prior written consent of the Minister as is required by section 194;
 - (g) in the opinion of the Inspectorate, is not implementing its environmental management plan in accordance with good oil field practice; and
 - (h) has not complied with such other specific requirements for which revocation is a consequence of non-compliance under this Act.
 - (i) has obtained or acquired the licence or lease on the basis of false representations or corrupt practices; or
 - (j) is owned or controlled by a former or present public officer who has obtained the licence or lease through misuse of public office.

196. Representation permitted before revocation

- (1) Where the Minister receives information from the Inspectorate of any of the acts listed in section 195, of this Act the Minister shall within one month of the matter coming to his knowledge, inform the licensee or lessee in writing of the

grounds on which a revocation is contemplated and shall invite the licensee or lessee to make any representation to the Minister within a reasonable time taking into consideration the act in question and if the Minister is satisfied with the explanation, the revocation process shall terminate forthwith.

- (2) Where the Minister is otherwise dissatisfied with the explanation, the Minister may ask the licensee or lessee to rectify the matter complained of pursuant to subsection (1) of this section within a specified but reasonable period.
- (3) Where -
 - (a) a matter relates to subsection (1) of this section and a licensee or lessee is unable to offer explanation or does not rectify the matter complained of within the specified period, the Minister may revoke the licence or lease;
 - (b) a matter relates to subsection (2) of this section and a licensee or lessee is unable to disprove the matters under of subsection (1) of section 195 the Minister shall revoke the licence or lease.
- (4) Notice of revocation sent to the last known address of the licensee or lessee or his legal representative in Nigeria and published in the Federal Gazette shall, for all purposes, be sufficient notice of the revocation of the licence or lease.
- (5) Revocation shall be without prejudice to any liabilities which the licensee or lessee may have incurred, or to any claim which may be made by the Federal Government against the licensee or lessee.

197. Fees and Royalties

There shall be paid in respect of licences, leases and permits under this Act such royalties, fees and rentals as may be contained in this Act and in any regulations made by the Minister pursuant to this Act.

198. Protected objects

- (1) In the course of upstream petroleum operations, no person shall injure or destroy any tree or object which is:
 - (a) of commercial value;
 - (b) the object of veneration to the people resident within the petroleum prospecting licence or petroleum mining lease area, as the case may be.
- (2) A licensee or lessee who causes damage or injury to a tree or object of commercial value or which is the object of veneration shall pay fair and

adequate compensation to the persons or communities directly affected by the damage or injury.

199. Compensation

- (1) The amount of compensation payable under section 198 shall be determined by the Inspectorate in consultation with designated persons and representatives of the person whose protected objects have been damaged and the licenses or lessees, in accordance with regulation made by the Minister on the advice of the Inspectorate.
- (2) Where a licensee or lessee fails to pay compensation, the license or lease may be suspended until the amount awarded is paid.
- (3) Where the licensee or lessee fails to make payment within thirty days after the suspension of the said licence or lease in accordance with subsection (2) of this section, the Minister may revoke the licence or lease.

200. Environmental quality management

- (1) Every licensee or lessee engaged in upstream petroleum operations shall, within one year of the commencement of this Act, or within three months after having been granted the license or lease, submit an environmental management plan to the Inspectorate for approval.
- (2) The environmental management plan shall contain the licensee's or lessee's written:
 - (a) environmental policy, objectives, and targets; and
 - (b) commitment to comply with relevant laws, regulations, guidelines and standards;
- (3) The environmental management plan shall:
 - (a) establish initial baseline information and a program for collecting further baseline information concerning the affected environment to determine protection and remedial measures and environmental management objectives;
 - (b) investigate, assess and evaluate the impact of the licensees or lessee's proposed exploration and production activities on:
 - (i) the environment; and
 - (ii) the socio-economic conditions of any person who might be directly affected by the upstream petroleum operations;

- (c) develop an environmental awareness plan describing the manner in which the applicant intends to inform his employees of any environmental risks which may result from their work and the manner in which the risks may be dealt with in order to avoid pollution or the degradation of the environment; and
- (d) describe the manner in which the licensee or lessee intends to -
 - (i) modify, remedy, control or stop any action, activity or process which causes pollution or environmental degradation;
 - (ii) contain or remedy the cause of pollution or degradation and migration of pollutants; and
 - (iii) comply with any prescribed waste management standards or practices.
- (4) The Inspectorate shall approve the environmental management program if:
 - (a) it complies with subsection (1) of this section; and
 - (b) the applicant has the capacity, or has provided for the capacity to rehabilitate and manage negative impacts on the environment.
- (5) The Inspectorate, in approving the environmental management program shall consider the comments of the Federal or State Ministries of Environment.
- (6) The Inspectorate may call for additional information from the licensee or lessee and may direct that the environmental management programme in question be adjusted in such ways as the Inspectorate may require.
- (7) The Inspectorate may at any time after it has approved an environmental management programme and after consultation with the holder of the licence or lease concerned, request an amendment of the environmental management programme.
- (8) No chemicals shall be utilized for upstream petroleum operations, unless the Inspectorate has granted the applicable permits.

201. Gas flaring penalties

- (1) The lessee shall pay such gas flaring penalties as the Minister may determine from time to time.
- (2) The lessee shall install all such measurement equipment as ordered by the Inspectorate to properly measure the amount of gas being flared.

202. Consultation with State Ministries and Departments

- (1) When considering an environmental management programme, the Inspectorate shall consult with the Federal Ministry of the Environment and the State Ministries of Environment within which the licence or lease is situated and with any other relevant bodies within which the licence or lease is situated.
- (2) The Federal and State Ministries of Environment and any other bodies that the Inspectorate may consult, shall submit their written comments within thirty days of the date of request.

203. Financial contribution for remediation of environmental damage

- (1) As a condition for the grant of the licence or lease and prior to the approval of the environmental management plan by the Inspectorate, every licensee or lessee shall pay the prescribed financial contribution to an environmental remediation fund established by the Inspectorate, subject to audit by the lessee, in accordance with guidelines as may be issued by the Inspectorate from time to time, for the rehabilitation or management of negative environmental impacts with respect to the license or lease.
- (2) In determining the amount of the financial contribution the Inspectorate shall take into consideration the size of the operations and a reasonable level of environmental risk that may be determined to exist.
- (3) If the licensee or lessee fails to rehabilitate or manage, or is unable to undertake such rehabilitation or to manage any negative impacts on the environment, the Inspectorate may, upon written notice to such licensee or lessee, use all or part of the fund contemplated in subsection (1) of this section to rehabilitate or manage the negative environmental impact in question.
- (4) The licensee or lessee must annually assess its environmental liability and if necessary increase its financial contribution to the fund referred subsection (1) of this section.
- (5) If the Inspectorate is not satisfied with the assessment and financial contribution contemplated in subsection (4) of this section, the Inspectorate may appoint an independent assessor to conduct the assessment and determine the financial contribution and the licensee or lessee shall be obliged to pay the fees of the assessor and the determined financial contribution.

204. Abandonment, decommissioning and disposal

- (1) The decommissioning and abandonment of onshore and offshore petroleum wells, installations, structures, utilities and pipelines shall be conducted in

accordance with good oil field practice and in accordance with regulations and implemented by the Inspectorate, provided that such guidelines, standards and regulations shall be in line with the guidelines and standards set by the International Maritime Organisation with respect to offshore petroleum installations and structures.

- (2) No decommissioning or abandonment shall take place without the approval of the Inspectorate.
- (3) The Inspectorate shall by written notice, require a licensee or lessee to provide plan for the decommissioning and abandonment of a well, project or installation, structure, utility and pipeline where such decommissioning or abandonment is required by the guidelines or regulation or in line with good oil field practice.
- (4) A licensee or lessee may request the Inspectorate by written notice to issue a notice pursuant to subsection (3) of this section.
- (5) Upon such notice as provided in subsection (3) of this section, the lessee or licensee, shall prior to any decommissioning or abandonment submit to the Inspectorate, a programme setting out:
 - (a) an estimate of the cost of the proposed measures;
 - (b) details of measures proposed to be taken in connection with the decommissioning of disused installations, structures or pipelines as the case may be;
 - (c) clear descriptions of the methods to be employed to undertake the work programme, which shall be in line with best oil field practices, and environmental standards; and
 - (d) steps to be taken to ensure maintenance of and safeguard health, safety and the environment where any installations, structures or pipelines are to remain disused and in position, or are to be partly removed.
- (6) Except for the abandonment of wells, upon the submission of the decommissioning programme by the licensee or lessee to the Inspectorate, consultations shall be made with interested parties and other relevant public authorities and bodies.
- (7) The programme referred to in subsection (4) of this section shall not be approved unless all relevant environmental, technical and commercial regulations or standards are met.
- (8) Before the Inspectorate approves an application or programme for decommissioning or abandonment, it shall ensure that:
 - (a) considerations and recommendations are taken in the light of individual circumstances;

- (b) the potential for reuse of the facility or pipeline in connection with existing or further hydrocarbon developments is considered before decommissioning;
 - (c) all feasible decommissioning options have been considered and a comparative assessment made;
 - (d) any removal or partial removal of an installation, structure or pipeline is to be performed in a manner that guarantees sustainable environmental management; and
 - (e) any recommendation to leave an installation, structure or pipeline in place is made with regard to its likely deterioration and to the present, possible, and future effects on the environment.
- (9) The Inspectorate may recall any licensee or lessee responsible for the decommissioning or abandonment programme with respect to a licence or lease that has expired to carry out its decommissioning and abandonment obligations under this Act.
- (10) The Inspectorate shall ensure that a list of all the petroleum installations, structures and pipelines onshore and offshore Nigeria and their current status is compiled and made available or accessible to the public.
- (11) The Inspectorate shall require a lessee to set up and manage an abandonment fund for the purpose of abandonment, decommissioning and disposal for the use by the lessee during abandonment, decommissioning or disposal with the approval of the Inspectorate and such funds shall be accessible by the Inspectorate in case the lessee fails to carry out the obligations under this Act.

205. Regulation regarding abandonment and decommissioning

- (1) The Minister shall, on the advice of the Inspectorate, issue regulations on abandonment and decommissioning processes and procedures, to which each licensee and lessee shall be bound.
- (2) In the absence of regulations at the commencement of production, the Inspectorate shall issue directives to such licensee or lessee regarding the abandonment and decommissioning of oil and gas, or bitumen installations within their licence or lease area, as the case may be.

PART IV

DOWNSTREAM LICENSING

206. Licensing

- (1) Subject to the provision of this Act the Agency shall have power to grant downstream licences, which shall include but not limited to licence for -
 - (a) constructing and operating a process plant, including those for gas liquefaction;
 - (b) constructing and operating a petroleum transportation pipeline for crude oil or gas or condensate or petroleum products;
 - (c) constructing and operating a petroleum transportation network;
 - (d) constructing and operating a petroleum distribution network.
 - (e) undertaking the supply of downstream products or natural gas; or
 - (f) owning and running a downstream products or natural gas processing or retail facility.
- (2) The Agency shall grant licences in respect of the utilisation of all chemicals used for downstream petroleum operations in Nigeria including chemicals used in the processing, distribution and storage of petroleum products in Nigeria.
- (3) A person shall not conduct any downstream petroleum operations without a licence issued by the Agency.

207. Conditions for licencing

- (1) Conditions to be included in a licence issued pursuant to this Act may require the licensee to -
 - (a) comply with any directions given by the Agency in relation to matters specified in the licence;
 - (b) undertake or refrain from undertaking anything specified in the licence;
 - (c) secure the approval of the Agency prior to undertaking anything specified in the licence;
 - (d) comply with industry codes, standards and market rules;
 - (e) provide any required information related to the licence and permits to the Agency ;

- (f) restrict the use of certain types of information deemed to be sensitive by the Agency , provided that this condition is not in contravention of any law relating to freedom of information that may be in force at the time;
- (g) prepare and submit to the Agency such information and periodical reports as the Agency may require;
- (h) operate its licensed and related facilities, if any, according to the standards of a reasonable and prudent operator in the downstream petroleum sector as may be specified by the Agency ; and
- (i) publish terms of access to its facilities as required by the Agency .
- (2) Conditions applicable to a licence may cease to have effect or may be modified under circumstances specified in the licence or in regulations made pursuant to this Act.
- (3) Licences granted by the Agency to licensees of the same class shall contain similar conditions, which shall be standard licence conditions for that class and any differences in conditions contained in licences issued to licensees of the same class shall only be for objectively justifiable reasons.
- (4) Subject to the provisions of this Act, the Agency shall have the power to include special conditions specific to a particular licence, provided that such special licence conditions shall be designed to meet specific circumstances and shall not unduly disadvantage one licensee in relation to another.
- (5) The Agency may specify a date after the grant of a licence on which licensed activities shall commence.
- (6) The Agency may provide that a licensed facility shall be for:
- (a) the exclusive use of the licensee;
 - (b) all or part of the period of the licence;
 - (c) a specific purpose;
 - (d) a specified geographical area, or route; or
 - (e) any combination of the foregoing.

208. Modification or amendment of a licence

- (1) The Agency may grant, renew, modify or extend licences issued pursuant to this Act.

- (2) An application for the grant, renewal, modification or extension of a licence shall be submitted to the Agency in the form and manner prescribed by regulations issued by the Minister on the advice of the Agency and payment of any prescribed fee, together with such information or documents as may be prescribed in the regulations.

209. Assignment of licences

- (1) No licensee under this Part shall, directly or indirectly, assign or transfer its licence or any rights or obligations arising from such licence without the prior written consent of the Agency.
- (2) An application for the assignment or transfer of a licence shall be made to the Agency.
- (3) The Agency may require the applicant to publish a notice of the application in such form and manner within the period as may be prescribed in regulations.
- (4) In determining whether a licence may be assigned or transferred, the Agency shall –
- (a) follow the same procedures with such modifications as may be appropriate in the circumstances;
 - (b) apply the same rules and criteria, and consider the same issues as if the party to whom the licence is being assigned or transferred is itself applying for a new licence; and
 - (c) if required by the regulations, consider the representations made to it by third parties in respect of the application.
- (5) The Agency shall, subject to subsection (4) of this section, communicate its refusal or approval of an application for the assignment or transfer of a licence in writing.
- (6) The Agency shall advise the applicant of the reasons for its refusal of an application for an assignment or a transfer of a licence, and specify the period within which further representations may be made by the applicant or by third parties in respect of the application.
- (7) The Agency shall grant its consent to an assignment or transfer of a licence, subject to such conditions as it may consider appropriate.

210. Surrender of a licence

- (1) A licensee may apply to the Agency to surrender its licence where –
- (a) the licensed activity is no longer required;

- (b) in the opinion of the licensee, the licensed activity is not economically justifiable;
 - (c) the licensee has failed to commence licensed activity within the time frame specified in the licence; or
 - (d) another qualified person is willing and able to assume the rights and obligations of the licensee concerned in accordance with the requirements and objectives of this Act.
- (2) A licensee applying to surrender its licence shall, where applicable, comply with all requirements of the law in respect of relinquishment and decommissioning of installations and reclamation of land.
- (3) Where the licensee has commenced activities and has ongoing operations, it shall, unless a shorter period is stipulated in the licence, give the Agency at least twelve months notice in writing of its intention to cease its activities.

211. Revocation or suspension of licence

The Agency may suspend or revoke a licence where -

- (a) the licensee has breached or continues to breach a condition of the licence, a regulation, or a provision of this Act; and
- (b) on the expiry of a six months notice of intention to suspend or revoke the licence issued by the Agency, the licensee fails to remedy the breach of the conditions of the licence.

212. Grounds for the revocation of a licence

A licence may be revoked -

- (a) where the licensee -
 - (i) becomes insolvent or bankrupt;
 - (ii) enters into an agreement or composition with its creditors;
 - (iii) goes into liquidation, except as part of a scheme for an arrangement or amalgamation.
- (b) upon the transformation or dissolution of the licensee unless it is for the purpose of amalgamation or reconstruction and provided the prior consent of the Agency has been obtained; or .

- (c) where a licensee fails to commence activities within the period of time prescribed in the licence; or
- (d) where the licensee is in breach of the conditions of his licence or the provisions of this Act or any regulation made in pursuance of this Act.

213. Register of licence

- (1) The Agency shall establish, maintain and make publicly available a register of all licences issued, revoked, suspended, surrendered or withdrawn and all modifications and exemptions granted for the purposes of this Act.
- (2) The officer registering the issuance of a licence or any modifications or exemptions as contemplated under subsection (1) of this section shall require an acknowledgment of the receipt of a copy of the licence modification or exemption in such form as may be prescribed.

214. Preparation of licences and duplicates

- (1) All licences or exemptions granted by the Agency under this Part shall be prepared in duplicate, and a copy given to the licensee while the Agency retains the other copy.
- (2) The Agency shall ensure that licences issued under this Part are bound up in a book of the appropriate series and serially numbered.
- (3) The Agency shall not prepare any licence until the requisite fees have been paid by the licensee.

215. Register of memorials

The Agency shall enter in the appropriate register a memorial of the extensions, transfers, surrenders, revocations, exemptions, forfeitures, change of addresses, change of names or any other matter affecting the status of or any interest in any licence registered under this Part together with the date of such entry.

216. Effect of registration

The registration of any licence registered under this Part shall be conclusive evidence -

- (a) that the rights described in the licence are vested in the person named therein as the licensee; and
- (b) of the conditions and other provisions binding on the licensee.

217. Public access to registers

- (1) The registers required under sections 213 and 215 of this Act shall be accessible to the public.
- (2) On payment of the prescribed fee, a member of the public shall be entitled to obtain a certified true copy of any document or record contained in the registers referred to in subsection (1) of this section.

218. Disclosure of confidential or other information

- (1) Where:
 - (a) any employee of the Agency obtains information relating to the financial affairs of any licensee, or to any commercial secret in the course of duty or otherwise howsoever; and
 - (b) any other person obtains such or other information required to be kept confidential under the provisions of this Act from any employee of the Agency, the person shall not make use of such information, nor disclose it to any other person except under the conditions stated in subsection (2) of this section.
- (2) Subsection (1) of this section shall not prohibit any licensee or person from disclosing any information required to be kept confidential:
 - (a) for the purpose of legal proceedings under this Act or any other law;
 - (b) to the extent that it may be necessary to do so for the purpose of this Act or any other law; or
 - (c) to another employee of the Agency.
- (3) An employee of the Agency shall not, for personal gain, make use of any confidential information acquired in the course of duty or otherwise howsoever for a period of five years after the date on which the person ceases to be an or employee of the Agency.

219. Contravention and enforcement of licence conditions

- (1) Where it appears to the Agency that a licensee is contravening, has contravened, or is likely to contravene any of the conditions of the licence, the Agency may publish a notice in such manner as it considers appropriate to draw the attention of other persons affected or likely to be affected by the contravention or threatened contravention of the licence.
- (2) The notice shall -

- (a) specify the actual or potential contravention;
 - (b) direct the licensee to do, or not to do, such things as it may specify;
 - (c) specify the remedy and the period of time for compliance; and
 - (d) notify the licensee of its intention to issue an enforcement order.
- (3) The licensee and any other interested party shall be entitled to make representations against or in support of the enforcement notice within the date specified in the notice.
- (4) If a licensee fails to comply with a notice served pursuant to subsection (1) of this section, the Agency may issue an enforcement order.
- (5) Failure to comply with an enforcement order shall constitute an offence under this Act.
- (6) The Agency may not issue an enforcement order where -
- (a) the licensee is able to demonstrate to the satisfaction of the Agency that it is not contravening or about to contravene a condition of a licence; or
 - (b) the licensee has ceased to contravene a condition of a licence, provided that if the earlier contravention was deliberate, the Agency may, at its discretion, impose an appropriate penalty as determined by regulations made pursuant to this Act.
- (7) If the licensee fails to comply with the enforcement order, the Agency may institute legal proceedings at the Federal High Court against the licensee to ensure compliance.
- (8) Subject to the regulations made pursuant to this Act, the Agency may adjust from time to time the penalty referred to in subsection (6)(b) of this section to reflect current rates of inflation.

220. Regulations

Subject to the advice of the Agency, the Minister may make regulations prescribing anything required to be prescribed for operations in the downstream sector including -

- (1) prescribing additional activities to be undertaken on the basis of a licence; or
- (2) providing generally for matters relating to downstream licences granted under this Act and operations carried on under this Act, including -

- 
- (a) regulating the construction, maintenance and operation of installations used in the downstream sector;
- (b) regulating refineries and refining operations;
- (c) regulating the importation, handling, storage and distribution of petroleum products and other flammable oils and liquids, and in particular (without prejudice to the generality of the foregoing) -
- (i) prohibiting the importation of petroleum or petroleum products except at specified ports or places;
 - (ii) prescribing the notice to be given and the person by whom the notice shall be given on the arrival at a port of a ship carrying petroleum or petroleum products as cargo;
 - (iii) defining dangerous petroleum and dangerous petroleum products, prescribing anchorages for ships carrying dangerous petroleum or dangerous petroleum products as cargo and requiring those ships to proceed to and remain at those anchorages;
 - (iv) regulating the loading, unloading, transport within a port, landing, trans-shipment and shipment of petroleum and petroleum products;
 - (v) providing for the licensing of lighters and other craft to carry petroleum and petroleum products within a port;
 - (vi) prescribing conditions and restrictions to be imposed upon vessels arriving at a port after having carried petroleum, petroleum products, dangerous petroleum or dangerous petroleum products;
 - (vii) providing for the examination and testing of petroleum and petroleum products, and prescribing the test to be applied to ascertain its flash-point and the method of applying those tests; and
 - (viii) regulating the transport of petroleum and petroleum products, prescribing the quantity of petroleum and petroleum products which may be carried in any vessel, cart, truck, railway wagon or other vehicle, the manner in which they are to be sorted when being carried, the receptacles in which they shall be contained when being so carried and the quantities to be contained in those receptacles, and providing for the search and inspection of any such vessel, cart, truck, railway wagon or other vehicle;

- (d) forms to be used for the purposes of this Act;
- (e) fees to be charged in connection with the licences and permits issued in pursuance of this Act;
- (f) the procedure, form, criteria, timescale and fees for licence applications, including any criteria for the grant of the licence and the grounds on which licences may be refused;
- (g) the duration of licences and the procedure, form, criteria and timescale for their renewal;
- (h) the procedure, form and timescale for publishing notification of a licence application or renewal;
- (i) the procedure, form, criteria and timescale for licence modifications, including the process for changing standard and special licence conditions and the public consultation process required as part of the licence modification procedures;
- (j) the procedure, form, criteria and timescale for the transfer or surrender, suspension or revocation of a licence;
- (k) information required to be provided to the Agency;
- (l) conditions to guide the use of any licensed facility;
- (m) duration of licences for downstream operations;
- (n) procedure and conditions for modification, renewal, assignment and transfer of licences for downstream operations;
- (o) requirement for advertisement of application of licence or permit; and
- (p) relinquishment and decommissioning of installations and facilities.

PART V
DOWNSTREAM PETROLEUM

A: OPERATIONS

221. Deregulation

The pricing of petroleum products in the downstream product sector is deregulated to ensure –

- (a) a market related pricing;
- (b) adequate supply of petroleum product;
- (c) removal of economic distortions; and
- (d) the creation of fair market value for petroleum products in the Nigerian economy.

222. Open Access

- (1) Any licensed company may be permitted access to the jetties, loading facilities and storage depots or pipelines currently owned by downstream operators, which are designated as 'regulated open access facilities' by the Agency –
 - (a) in the manner prescribed by this Act the regulations and other guidelines and directives from the Agency; and
 - (b) on commercially viable terms as may be determined by the Agency from time to time.
- (2) Access to any of the regulated open access facilities shall take into consideration the existing capacity in the said open access regulated facilities prior to the access permit being shared amongst licensed petroleum marketing or refining companies in proportion to their needs.

223. Independent pipelines and depots.

- (1) Nothing in this Act shall preclude any licensed oil marketing company, bulk consumer of petroleum products or independent refineries from constructing and operating independent pipelines, depots or jetties for its exclusive use.
- (2) The pipelines and depots referred to in subsection (1) of this section shall be subject to the regulation of the Agency.

224. Tariff methodology

- (1) The Agency shall oversee the tariffs for:

- 
- (a) transportation by pipelines;
- (b) bulk storage of petroleum products in depots designated by the Agency as regulated open access facilities; and
- (c) any regulated open access facility.
- (2) Tariffs for activities referred to in subsection (1) of this section shall be set according to one or more tariff methodologies adopted by the Agency for regulating prices and such tariff methodologies shall:
- (a) allow an operator that operates efficiently to recover the full cost of its business activities including a reasonable return on the capital invested in such business;
- (b) provide incentives for continued improvement of the technical and economic efficiency of the business;
- (c) provide incentives for the continued improvement of quality of services;
- (d) avoid undue discrimination among categories of consumers; and
- (e) gradually reduce cross-subsidies among different categories of consumers.
- (3) In establishing tariff methodologies, the Agency shall take into account the existence of any subsidy given to the operators from which they directly benefit, any favourable financing terms, and any other matter that impacts directly or indirectly on tariff methodologies.
- (4) Notwithstanding the provision of subsection (2) of this section, the Agency shall have the power to establish tariff methodologies that reflect the terms and conditions of a contract between operators or between an operator and one or more eligible customers.
- (5) Prior to approving a tariff methodology the Agency shall give notice in at least two newspapers with nationwide circulation and its website of the proposed establishment of a tariff methodology and such notice shall:
- (a) indicate a period within which any aggrieved person may raise objections on the proposed methodology; and
- (b) indicate the date of a public hearing the Agency shall conduct for discussion of that methodology.
- (6) Prior to the establishment of the tariff methodology, the Agency shall:

- (a) consider any representations made by applicants, operators, consumers, prospective customers, consumers associations, associations of prospective customers and such other persons reasonably interested; and
 - (b) obtain evidence, information or advice from any person possessing relevant expert knowledge.
- (7) The Agency shall fix a date upon which the tariff methodology shall come into effect and it shall cause the notice of that day to be published in at least two national newspapers and its website.
- (8) If it appears to the Agency that a tariff methodology should be changed, it shall conduct a public hearing on the proposal to change the methodology and give notice of it in accordance with the terms of subsection (5) of this section, indicating the period within which any person may make representations to the Agency in connection with the proposal.
- (9) The Agency may confirm the proposed changes to tariff methodology after taking into account any objections or representations received in response to notices issued under subsection (8) of this section and shall comply with the provisions of subsection (7) of this section.
- (10) Every person upon whom any duty has been imposed in connection with setting tariffs shall be so bound by the operative tariff methodology adopted through the method prescribed in this section.
- (11) Every downstream operator shall display at its office a current copy of the tariff methodology applicable to such operator.
- (12) A downstream operator shall not pass the costs of any fines or penalties incurred under this Act or any other law on to the consumers as an operational cost.

225. National strategic stock

The Agency shall:

- (a) administer and ensure compliance, distribution and storage of the national strategic stocks of petroleum products in accordance with regulations made by the Minister on the advice of the Agency;
- (b) determine the amount to be charged as a levy for the financing of the national strategic stock, which shall form part of the retail price of each petroleum product; and

- (c) designate, in conjunction with the appropriate authorities and national security agencies, the strategic points across the country where the national strategic stocks shall be distributed and maintained.

226. Price monitoring

- (1) The Agency shall monitor -
- (a) the prices of petroleum products applying in the domestic market to ensure that there is no pricing collusion or manipulation; and
 - (b) any activity of any operator in the downstream petroleum sector that, in the opinion of the Agency, is likely to adversely affect the prices of petroleum products.
- (2) In monitoring the prices of petroleum products, the Agency shall coordinate with other relevant authorities to -
- (a) inspect the metering of pumps and other facilities at retail outlets to ensure they conform to existing national standards, to the extent that any distortion of such metering is likely to affect the prices of petroleum products;
 - (b) inspect all facilities at retail outlets to ensure that the products conform to such quality standards as set by the Agency, to the extent that non-compliance is likely to affect the prices of petroleum products; and
 - (c) inspect any facility used in the storage and transportation of petroleum products in whatever quantity, whether used legally or otherwise, to ensure that no petroleum product is transported or stored in a manner capable of creating scarcity or artificial hikes in the price of the products.

227. Offences

- (1) A person shall not -
- (a) obstruct or assault any officer of the Agency or any person authorised by the Agency in the exercise of the powers conferred on to the Agency under this Act;
 - (b) refuse any officer of the Agency access to any premises, facilities or retail outlets, or refuse to submit to a search of any premises, facilities or retail outlets by any authorised officer or agent of the Agency
 - (c) refuse to acknowledge the receipt of any summons by the Agency issued and duly delivered to any person; or

(d) fail to comply with any lawful demand, notice, order or requirement of an officer or authorised person of the Agency in the execution of the officer's duties under this Act.

(2) A person or company shall not -

(a) engage in refining, marketing, distributing or operating any petroleum or gas processing plant or transmitting facilities, terminal or premises without a valid licence;

(b) remove, destroy or damage any pipeline or other works or installations utilised for the purpose of supplying petroleum products;

(c) furnish a statement or incomplete information calculated to mislead or wilfully delay or obstruct the Agency and its officers in the exercise of their duties;

(d) fail to cooperate with the Agency in its investigation of any suspected crime or corrupt practice;

(e) discriminate among third parties in the allocation of capacity, access to regulated open access facilities and payment of tariffs; or

(f) use or permit its pipelines, equipment, or other facilities to be used for or in relation to the commission of any criminal or civil offence.

228. **Penalty**

(1) Any person who violates the provisions of section 226 of this Act commits an offence and is liable on conviction to payment of a fine which shall be as prescribed by the Minister in a regulation made pursuant to this Act.

(2) Where an offence has been committed under the provisions of section 227 of this Act, the affected company or person shall discontinue the supply of petroleum products until any damage, alteration, malfunction or loss has been rectified and all safety issues have been resolved.

229. **Dispute resolution**

The Agency shall be responsible for mediating in disputes between downstream operators or between downstream consumers and downstream operators in the downstream petroleum sector in respect of all matters to which this Act pertains and in accordance with the provisions of this Act.

B: SPECIFIC PROVISIONS APPLICABLE TO GAS

230. Transportation pipeline owner licence

Notwithstanding the provisions of Oil Pipelines Act, the Agency may grant a transportation pipeline owner licence, which may include the right to own, operate and maintain a transportation pipeline within a route as defined in the licence.

231. Duties of a transportation pipeline owner license

- (1) A transportation pipeline owner licensee shall undertake the activities contemplated by the transportation pipeline owner licence in a manner best calculated to comply with the obligations to:
 - (a) operate and maintain economical, safe and reliable transportation infrastructure, taking into account any strategic plans that may be formulated by the Agency;
 - (b) manage supply shortfalls and where feasible, meet requests of customers for transportation above contractual volumes;
 - (c) shut down its transportation systems in emergencies and in order to carry out maintenance;
 - (d) manage the transportation pipelines as a reasonable and prudent operator; and
 - (e) do nothing that, in the opinion of the Agency , prevents, restricts or distorts competition.

232. Conditions applicable

- (1) In addition to such conditions as may be imposed by the Agency under the terms of this Act, a transportation pipeline owner licensee shall -
 - (a) conduct its licensed activities safely and reliably in compliance with any law then in force and prescribed health and safety regulations made pursuant to this or any other Act;
 - (b) have due regard for the effect of its licensed activities on the environment and comply with requirements for environmental protection, management, and restoration under this Act and any applicable law; and

- (c) mark, maintain and secure the boundaries of any pipelines and associated infrastructure constructed under the terms of its license under any applicable law.

233. Transportation network operator licence

- (1) The Agency may grant a transportation network operator license authorizing the conduct of activities specified in the license, including:
 - (a) the conveyance of gas through the transportation network;
 - (b) balancing the inputs and off takes from the transportation network;
 - (c) providing third party access to the transportation network; and
 - (d) charging for the use of the transportation network.

234. General duties of a transportation network operator

- (1) The transportation network operator shall exercise the rights and obligations imposed on it in a manner best calculated to:
 - (a) operate an efficient and economical transportation network for the safe and reliable conveyance of gas in such a manner as is designed to meet all reasonable demands for gas;
 - (b) manage nominations and balancing mechanisms and an equitable curtailment of gas transportation whenever technical or operational expediencies so require;
 - (c) ensure equitable and transparent access to the transportation network;
 - (d) establish and publish terms and conditions for access to the network; and
 - (e) enter into agreements with transportation pipeline owners, distributors, and, where appropriate, wholesale customers, for connection to and operation of the transportation network.
 - (f) develop the Network code for own network in line with guidelines for the network code by the Agency.

235. Rights of a transportation network operator

- (1) Subject to the provisions of this Act and to facilitate the conduct of its licensed activities, the Agency may grant to a transportation network operator -

- (a) the power to request and obtain from all users, information required to operate the nominations and balancing mechanism, to operate the network or to facilitate competition;
- (b) the right to recover, on the basis of an invoice, expenses reasonably incurred in undertaking its licensed activities subject to any restrictions or conditions imposed by the Agency with respect to both the level and structure of its charges; and
- (c) the right to purchase gas for its own operations for purposes such as testing and commissioning of facilities, for compression purposes and for line fill.

236. Conditions applicable to a transportation network operator license

In addition to such conditions as may be imposed by the Agency pursuant to this Part, a transportation network operator licence may include an obligation to develop mutually agreeable market rules among stakeholders in accordance with the provisions of this Act.

237. Gas Supply licence

- (1) The Agency may grant a gas supply licence to supply gas into the downstream petroleum sector.
- (2) A producer of gas intending to supply gas into the downstream sector shall be a qualified person within the meaning of the provisions of this Act and shall be entitled to apply for and be issued a gas supply licence by the Agency.
- (3) A gas supply licence shall authorize the licensee ("supplier") to sell and deliver gas to purchasers of gas at any location in Nigeria.

238. General duties of a Gas supplier

- (1) A supplier shall undertake the activities contemplated by the supply licence in a manner best calculated to comply with the obligations to:
 - (a) provide a reliable supply of gas to purchasers on request, provided that it is economically feasible to do so; and
 - (b) do nothing that, in the opinion of the Agency, may prevent, restrict or distort competition.

239. Rights of a supplier

- (1) Subject to the provisions of this Part and to facilitate the conduct of its licensed activities, the Agency may grant to a gas supply licensee specific rights and powers which may include -

- (a) the right to terminate gas supply to a customer in the event of non-payment, following a notice period and disconnection procedure specified in prescribed regulations;
 - (b) the right to recover from a customer, on the basis of an invoice, and subject to any restrictions or conditions imposed by the Agency with respect to both the level and structure of a licensee's charges:
 - (i) all costs reasonably incurred in the supply of gas, inclusive of the cost of gas, the cost of transportation and distribution of gas; and
 - (ii) license fees.
 - (c) the right to enter a premises to remove meters, for the purpose of reading meters, to test metering equipment and to disconnect customers, such entry to be undertaken in accordance with a metering code which shall be issued by the Agency..
- (2) The sale of gas to wholesale customers by a gas supply licensee shall be subject to the provisions of this Act.

240. Conditions applicable to a supply licensee

In addition to such conditions as may be imposed by the Agency pursuant to this Part, a supply licensee shall -

- (a) ensure a reliable and efficient supply of gas to customers on request;
- (b) request security or apply a credit scoring methodology approved by the Agency in deciding whether supply is economical;
- (c) subject to safety and network capacity constraints, supply gas on request to a customer capable of paying for connection to the gas transportation network;
- (d) conduct licensed activities safely and reliably in compliance with any law in force and any health and safety regulations issued pursuant to this or any other Act; and
- (e) comply with customer protection measures in accordance with the provisions of this Act .

241. Gas Distribution licence

- (1) The Agency may grant a gas distribution licence conferring exclusive right to own and operate a gas distribution system and to distribute gas within a local distribution zone.

- (2) The holder of a distribution licence shall be entitled to apply for, hold and operate a licence for the exclusive supply of gas within the local distribution zone to customers that are not wholesale customers.
- (3) In considering an application for a gas distribution licence, the Agency shall consider the potential demand for its use.
- (4) The geographical limits of each local distribution zone shall be defined in the relevant distribution licence.

242. Obligations of a distribution licensee

The holder of a gas distribution licence shall undertake the activities contemplated by the gas distribution licence in a manner best calculated to comply with the obligations:

- (a) to develop, operate and maintain an economical distribution network for the safe and reliable conveyance of gas;
- (b) to ensure a reliable and efficient distribution of gas to customers on request;
- (c) subject to safety and network capacity constraints, to distribute gas on request to any customer capable of paying for connection to the distribution network;
- (d) to conduct licensed activities safely and reliably, in compliance with any law in force and any health and safety regulations issued pursuant to this or any other Act;
- (e) to connect all customers within its local distribution zone in accordance with prescribed regulations, if it is economically practicable to do so;
- (f) to co-operate with the Agency in the development of the Network Code;
- (g) to offer and publish terms and conditions of access to its distribution network as required;
- (h) to comply with customer protection measures in accordance with the provisions of this Act and any regulation made in pursuance of this Act; and
- (i) to do nothing to prevent, restrict or distort competition.

243. Rights of the distribution licensee

- (1) Subject to the provisions of this Act and in order to facilitate the conduct of its licensed activities, the Agency may grant the holder of a distribution licence the right to:

- (a) enter the premises of a customer in order to read meters, to test metering equipment or to disconnect customers and remove meters;
 - (b) recover on the basis of an invoice, costs reasonably incurred in the provision of appropriate infrastructure, subject to any restriction or conditions imposed by the Agency with respect to both the level and structure of a distributor's charges.
- (2) Reasonably incurred costs referred to in subsection (1) of this section shall include any amount paid to the Agency as fees.

244. Conditions applicable to a gas distribution licensee

- (1) In addition to such conditions as may be imposed by the Agency pursuant to this Act, or that may be prescribed by regulations issued pursuant to this Act, each gas distribution licensee shall:
- (a) conduct its licensed activities in accordance with safe and reliable standards and in compliance with prescribed management, health, and safety regulations issued pursuant to this Act or any other act;
 - (b) having due regard to the effect of its licensed activities on the environment, comply with any requirements for environmental protection, management, and restoration under this Act and any law in force;
 - (c) mark, maintain and secure the boundaries of the pipelines constructed as prescribed;
 - (d) comply with customer protection measures set out in this Act.
- (2) The gas distribution licensee shall connect customers within its local distribution zone in the manner prescribed by regulations issued pursuant to this Act, provided that it is economical and practical to do so.
- (3) The Agency shall settle any disputes that may arise in relation to the distribution network.

245. Arrangements for gas distribution

The gas supply licensee shall consult stakeholders on proposed gas development projects within its local distribution zone and shall duly consider all representations received.

246. Network code

- (1) In consultation with licensees and other stakeholders, the Agency shall establish the guidelines for network code governing the operation of the downstream gas network.
- (2) The guidelines for the network code shall include -
 - (a) a connection policy, standard terms for connection to the transportation network and distribution network, and a statement of the connection charging methodology;
 - (b) a mechanism by which users reserve capacity in the transportation network or distribution network, and, in the event that at any time there is a greater demand for access than there is available capacity, a mechanism for allocating capacity between users; and
 - (c) the nomination of:
 - (i) the seller of the wholesale gas being conveyed;
 - (ii) the purchaser of the wholesale gas being conveyed; or
 - (iii) a willing third party to take responsibility for matters that may arise with respect to gas in transit through the network, such matters to include the amount of gas injected into or withdrawn from the network, nominating volumes, payment for the use of the network and payment for overruns and shortfalls of gas;
 - (d) requirements for the provision of information to the transportation network operator and the distributor about the volume, timing and flow rate of injections into and withdrawals from the transportation network or distribution network, as the case may be;
 - (e) the structure of charges and the applicable tariffs charged for using the transportation network and distribution networks;
 - (f) where required, arrangements for balancing the wholesale gas being conveyed;
 - (g) registration arrangements;
 - (h) metering, allocation and settlement arrangements; and
 - (i) governance arrangements.
- (3) The Agency shall make copies of the guidelines for the network code available to interested parties.

247. Wholesale gas market

- (1) Following consultations with interested stakeholders, the Agency may request the Minister to issue regulations:
 - (a) defining the class or classes of customers that, from time to time, shall constitute wholesale customers under this Act; and
 - (b) specifying the qualifying criteria for such classification.
- (2) Regulations made under subsection (1) of this section may be amended as necessary to facilitate and encourage competition among suppliers, and any amendment of such regulations which results in a change in the class of customers shall not affect the rights and obligations of parties under gas supply contracts entered into prior to such amendment.

248. Wholesale customers

Wholesale customers shall be entitled to secure gas from any gas supply licensee.

249. Third party access

- (1) A person shall be permitted access to a transportation pipeline, a transportation network or a distribution network, as the case may be, for the purpose of having gas transported to points of consumption, subject to compliance with the prescribed terms and conditions for access stated in the Network Code of the particular pipeline.
- (2) The Agency shall be primarily responsible for the development of guidelines for the Network Code that shall set out standard terms and conditions for connection to, access and use of the transportation and distribution networks.
- (3) Where a transportation or distribution pipeline is isolated from the main transportation network or distribution, the Agency shall develop separate terms of access for such isolated transportation or distribution pipeline.

250. Access to gas transportation and gas distribution network

- (1) Third party access to the gas transportation network and gas distribution network shall be:
 - (a) on a non-discriminatory basis between system users with similar characteristics;
 - (b) in respect of any available capacity, provided that such capacity is not subject to a previous contractual commitment;

- (c) in accordance with and governed by the terms and conditions of the network codes approved by the Agency;
 - (d) on the condition that the applicant requiring access is or becomes a party to and undertakes to comply with the applicable gas network code; and
 - (e) subject to the pricing principles in sections 252 to 256 of this Act.
- (2) Connection agreements may be entered into between:
- (a) a gas customer and a gas distributor;
 - (b) a gas transportation pipeline owner and a gas transportation network operator;
 - (c) a distributor and the transportation network operator, when a gas distribution network connects to the main gas transportation network; or
 - (d) a supplier and a transportation pipeline owner or transportation network operator.

251. Disputes in respect of third party access

- (1) Disputes in respect of third party access may be mediated by the Agency.
- (2) Any party not satisfy by the mediation of the Agency in connection with third party access may seek redress at the Federal High Court.

252. Gas pricing

- (1) Where the Minister on the advice of the Agency determines:
 - (a) that a particular licensed activity is a monopoly service;
 - (b) that competition has not yet developed to such an extent as to protect the interests of customers; or
 - (c) that a particular licensee is a dominant provider,

then the Agency shall have the power to regulate the prices charged or the revenues earned by licensees in respect of such activities, in a manner consistent with the Agency's duties under this Act and in accordance with the pricing principles set out in section 253 of this Act.

- (2) The Agency shall consult with licensees, industry participants and proposing stakeholders before undertaking a price review or a methodology for to be

approved by the Minister regulating prices and revenues earned by licensees providing monopoly or dominant services.

253. Gas pricing principles

In the exercise of its powers to regulate prices charged for downstream gas and the revenues earned by downstream gas licensees, the Agency shall at all times be guided by the following principles:

- (a) gas prices shall be disaggregated into the component elements of the supply chain, including the costs of wholesale gas, transportation, distribution and supply;
- (b) the prices charged for each licensed activity shall reflect the costs incurred for the efficient provision of that activity;
- (c) prices charged shall permit a reasonable return for licensees on their investments; and
- (d) prices shall not discriminate between customers with similar characteristics, such as similar size or a similar consumption profile.

254. Approval and publication of charging structures and tariff and pricing structures

- (1) Subject to price or revenue regulations issued pursuant to this Act, all licensees in the downstream gas sector shall:
 - (a) propose tariffs and tariff methodologies for the approval of the Agency, prior to the application of such charges; and
 - (b) impose tariffs in accordance with such approval.
- (2) Tariffs charged for the use of the gas transportation network shall reflect:
 - (a) efficient investment and capital costs;
 - (b) efficient operating and maintenance expenses; and
 - (c) a reasonable return to licensees on their investments.
- (3) Regulated customer prices shall reflect:
 - (a) the reasonable costs incurred in the purchase of wholesale gas;
 - (b) the transportation tariff;

- (c) the distribution tariff, if the customer is connected to a distribution network;
- (d) efficient supply charges covering billing, metering and other services relating to gas supply; and
- (e) a reasonable return for the supplier.

255. Wholesale gas prices

- (1) Wholesale gas supply between a supplier and a customer shall be negotiated directly between the parties on an arm's length basis and the gas transfer price between an upstream gas producer and a downstream gas purchaser shall reflect the costs of transfer between the parties.
- (2) The Agency shall have power to monitor wholesale gas supply transactions in order to ensure that the transfer price between the wholesale gas supplier and customer is undertaken on a transparent arms length basis.
- (3) Within fourteen days of the conclusion of a wholesale gas transaction, the supplier shall provide the Agency with information relating to the transaction including, where applicable, the cost incurred by the gas producer in the production and supply of the gas and all other information relevant to the price at which the gas is sold.
- (4) The information provided to the Agency by the supplier in compliance with the provisions of subsection (3) of this section shall be classified by the Agency as confidential information and may not be disclosed to any person or institution, except the Service, for a period of five years commencing from the date of the submission of the information to the Agency.
- (5) If supplier without reasonable excuse fails to provide the required information within fourteen days, supplier will be liable to pay a penalty not exceeding N1,000,000 per day until he provides the information where the supplier knowingly -
 - (a) conceals information required under subsection (3) of this section; or
 - (b) provides information which is false or misleading in any material particular with respect to the information required in subsection (3) of this section.

256. Transitional pricing arrangements

- (1) Where the Agency finds it imperative, a transitional pricing plan setting out temporary or transitional pricing arrangements that allow for a gradual transition towards pricing arrangements that comply with the pricing principles

outlined in section 253 of this Act shall be introduced and implemented by the Agency.

- (2) The transitional pricing plan shall be formulated by the Agency in consultation with the Ministers in charge of petroleum resources, finance, industries and power and steel, and with gas producers, electricity producers, the National Electricity Regulatory Commission and other key stakeholders.
- (3) The transitional pricing plan shall:
 - (a) address cross-subsidies existing within the downstream gas sector between customers, classes of customers, the gas sector and the power and other industrial sectors at the effective date;
 - (b) include, such matters as:
 - (i) arrangements for eradicating the cross-subsidies referred to in subsection (3) (a) of this section;
 - (ii) the prescription of the period during which transitional pricing arrangements will apply;
 - (iii) implications for other parties and sectors;
 - (iv) actions required to implement the plan; and
 - (v) identification of the parties responsible for particular actions.
- (4) Where the Agency considers it necessary in order to facilitate the implementation of the transitional pricing plan, the Agency may impose special temporary licence conditions on licensees during the transitional period, which conditions shall not disadvantage any licensee in relation to another licensee of the same class.

257. Determinations

- (1) The Agency shall investigate any case of suspected anti-competitive behaviour and make necessary determinations thereon as contemplated under sections 262 and 263 of this Act.
- (2) The Agency may impose penalties if the licensee is adjudged to have conducted its activities in a non-competitive manner.
- (3) A determination made by the Agency in respect of any matter within this Part shall be legally binding and may be appealed against at the Federal High Court.

258. Consumer protection

- (1) In order to protect the interests of customers, the Agency may advise the Minister to issue regulations requiring suppliers or distributors, as the case may be, and by such means as the regulations may specify:
 - (a) to publish their terms of supply or distribution;
 - (b) to establish or to facilitate the establishment of a forum at which customers are able to express their views and to raise concerns;
 - (c) to formulate and adhere to such standards of performance as are, in its opinion, necessary to ensure the safety, reliability and quality of supply and distribution services to customers; and set penalties for failure to comply;
 - (d) to prepare and submit reports to the Agency indicating their performance levels and the status of their operations in respect of licensed activities, at such times as may be prescribed by regulations or in their respective licences, and at least on an annual basis;
 - (e) to develop and adhere to customer service codes, setting out the practices and procedures to be followed in the conduct of specified licensed activities including but not limited to practices and procedures for:
 - (i) the installation, testing, maintenance and reading of meters;
 - (ii) fault repairs and responses to customer emergencies;
 - (iii) the connection and disconnection of customers;
 - (iv) responding to customer complaints and complaint resolution;
 - (v) billing and invoicing;
 - (vi) the extension of payment and credit facilities;
 - (vii) the provision of information to customers and the use and protection of customer information; and
 - (viii) the establishment of special services for economically or socially disadvantaged customers.
- (2) All customer service codes shall be approved by the Agency prior to publication and may be reviewed at intervals as may be considered necessary by the Agency.
- (3) Customer codes shall be made available to all customers on request.

- (4) Licensees shall notify customers of customer service codes that must be adhered to by licensees by advertising the availability of the customer service codes in a form and manner prescribed in regulations issued pursuant to this Act.
- (5) In developing customer protection regulations, the Agency shall:
 - (a) consult with suppliers, distributors, and interested stakeholders; and
 - (b) take into account existing procedures, practices and standards.

259. Provision of service to customers

The Agency may, at its discretion and at such time or times as it deems appropriate, designate distributors and suppliers of last resort to provide services to customers:

- (a) in the event that an existing distributor for a local distribution zone or a supplier becomes insolvent, or is unable to provide licensed services, or has had its licence suspended or revoked;
- (b) in the event that the distributor for a local distribution zone or supplier refuses or fails to fulfil the terms of its licence to distribute or supply gas to customers; and
- (c) in such other circumstances as the Agency may deem appropriate, provided that any reasonable additional costs associated with the obligation to act as distributor or supplier of last resort will be recoverable through appropriate charging arrangements agreed with the Agency.

260. Public service obligations

The Agency may, following consultations with licensees, customers, and other interested stakeholders, advise the Minister to issue regulations imposing public service obligations on licensees in relation to matters including, but not limited to:

- (a) security of supply;
- (b) economic development and the achievement of wider economic policy objectives;
- (c) environmental protection; and
- (d) health and safety.

261. Public service levy

- (1) Where the Agency considers that it is in the wider public interest, the Agency shall make recommendations to the Minister to issue regulations providing for

the recovery of any additional costs incurred in complying with the public service obligations, through a public service levy, which may be imposed on customers.

- (2) The amount of and mechanism for the collection and remittance of the public service levy imposed on each customer shall be set out in guidelines issued pursuant to this section.

262. Competition and market regulation

A licensee or any other person having the ability to influence the terms and conditions on which licensed activities are performed and the price at which petroleum products are supplied shall not -

- (a) make it a condition for the provision or supply of a product or service that any person acquiring such a product or service will be required to acquire or not to acquire any other product or service either from the licensee or from any other licensee, person or entity;
- (b) enter into any contract, arrangement collaboration or understanding, whether legally enforceable or not, which provides for or permits the fixing of tariffs, prices or charges for the purpose of, or in such a manner as to, manipulate market prices or the price of any product or service;
- (c) engage in or conduct its activities, directly or indirectly, for purpose of market sharing;
- (d) permit, allow, influence, direct or indirect exclusion of, or the imposition of any embargoes or boycotts on, another licensee, operator or supplier of equipment or apparatus; or
- (e) engage in any other conduct that the Agency deems anti-competitive.

263. Power of the Agency to determine abuse of market power

- (1) The Agency shall have the responsibility to prevent and take action against anti-competitive behaviour in the downstream gas sector.
- (2) Where in the opinion of the Agency there is, or may be, or there exists a likelihood of, anti-competitive behaviour and in particular an abuse of market power, the Agency may:
 - (a) issue cease and desist orders as may be required;
 - (b) require and compel the disclosure of information from such licensees;
 - (c) undertake inquiries and investigations;

- (d) levy fines which shall be set out in regulations issued pursuant to this Act from time to time.
- (3) Notwithstanding the provisions of this section, where there is an application by a licensee or other person with the ability to influence the price of gas in the downstream sector, and where the Agency considers that it would be in the national interest or that it would be necessary to preserve or promote the benefits of a properly functional and effectively competitive downstream gas market, the Agency may—
- (a) give written approval for a specific activity upon such terms and conditions as the Agency may deem appropriate;
 - (b) in issuing the approval, impose such requirements as it deems fit and require such undertakings as it deems appropriate from the applicant as a condition precedent to the issuance of the approval;
 - (c) withdraw an approval of a specific activity that it has granted subject to such terms and conditions as it may, in its absolute discretion, designate; and
 - (d) advise the Minister to make regulations to prevent or mitigate any conduct that may or is likely to lead to unlawful exercise of market power that will prevent customers from obtaining the benefits of a properly functioning and competitive downstream gas market.
- (4) Nothing in subsections (1) (2) and (3) of this section shall be construed to preclude or restrict the right of the Agency or any person to seek an injunction against any conduct prohibited in this Part.
- (5) Any person who wishes to proceed to court or to arbitration for the enforcement of any of the provisions of this Part shall first notify the Agency.
- (6) The Agency shall, until such time as a Federal agency having the power to pronounce upon, administer, monitor and enforce compliance with anti-competition laws is established and functional, have the exclusive competence to determine, pronounce upon, administer, monitor and enforce compliance with the provisions of this Act relating to anti-competition and with any competition laws and regulations that govern or relate to the downstream gas sector whether or not they are of a general or specific nature.
- (7) In the exercise of its powers under subsection (6) of this section, the Agency may consider:
- (a) the relevant economic market;
 - (b) global trends in the relevant economic market;

- (c) the effect on the number of competitors in the market and their respective market shares;
- (d) the effect on barriers to entry into the market;
- (e) the effect on the range of services in the market;
- (f) the effect of the conduct on the cost and profit structures in the market;
- (g) the ability of any independent licensee or operator to make price or tariff regulating decisions; and
- (h) any other matters which the Agency deems relevant.

264. Competition and market monitoring

- (1) The Agency shall have responsibility to monitor the state of the gas market so as:
 - (a) to determine whether the downstream gas sector is ready for an increased level of competition in retail and supply services in order that it may advise the Minister to issue regulations which allow for increased level of competition in retail and supply services;
 - (b) to determine whether there is a need for an organised market for wholesale gas in order that it may take the relevant steps pursuant to this Act to develop a wholesale market arrangement;
 - (c) to assess whether the downstream gas sector is operating properly or whether the existing market arrangements may constitute barriers to entry into the market for new players;
 - (d) to determine whether there is any anti-competitive activity being carried on, in which case the Agency will be required to exercise its powers under this Act to prevent the continuance of such activity;
 - (e) to determine any pre-conditions and any transitional arrangements required for any services to be offered competitively.
- (2) To enable the Agency to discharge its responsibilities under sub-section (1) of this section and in particular, to determine whether there is, or may be, an abuse of market power, the Agency shall have power to:
 - (a) require and compel the disclosure of information from licensees; and

- (b) undertake inquiries and investigations.
- (3) Where, in the opinion of the Agency there has been an abuse or a threatened abuse of market power, the Agency may serve a notice on such company or person specifying the abuse or threatened abuse, and of its intention to issue a cease and desist order.
- (4) The Agency shall publish a notice -
- (a) specifying the actual or threatened contravention;
 - (b) directing the company or person to whom the notice is issued to, or not to do, such things as it may specify;
 - (c) specifying the remedy and the timescale for compliance; and
 - (d) notifying the company or person to whom the notice is issued of its intention to issue a cease and desist order or to levy a fine not exceeding N50,000,000.00 provided that such fine shall not exceed 10% of the annual turnover of the company or person for the preceding year.
- (5) The Agency shall publish the notice in the form and manner specified in the prescribed regulations and shall invite the company or person to whom the notice is issued and any other interested parties to make representations against or in support of the notice by a specified date.
- (6) Where the company or person to whom the notice is issued fails to comply with a notice served pursuant to subsection (1) of this section, the Agency may issue a cease and desist order.
- (7) Failure to comply with an order issued under subsection (6) of this section shall be an offence punishable by a fine not exceeding N50,000,000.00 and the revocation of the relevant licence where that company or person is a licensee.
- (8) A cease and desist order may not be issued nor a fine imposed if:
- (a) the company or person to whom the notice is issued is able to demonstrate to the satisfaction of the Agency that it has not abused or is not threatening to abuse its market power; or
 - (b) the company or person to whom the notice is issued has ceased to abuse or has ceased from the threat to abuse its market power.
- (9) Where a person has ceased to abuse or has ceased from the threat to abuse its market power, and it is found that such threat or threat of abuse was

deliberate, the Agency may impose an appropriate penalty which shall be prescribed in regulations issued pursuant to this Act.

265. Offences and penalties

- (1) A person shall not -
- (a) cause damage to any infrastructure, plant or equipment belonging to a downstream products or gas licensee, including fittings, meters, apparatus or equipment;
 - (b) alter the operation of any meter, equipment or apparatus including those used for measuring the quantity or quality of petroleum products or gas supplied;
 - (c) prevent any meter, equipment or apparatus including items used for measuring or registering the quantity of petroleum products or gas supplied from functioning accurately or properly such as or registering the quantity of petroleum products or gas supplied; or
 - (d) otherwise destroy, interfere with or remove the meters, equipment or apparatus of a licensee without the permission of the licensee.
- (2) Any person convicted for intentionally committing any of the offences listed in subsection (1) of this section shall be liable to—
- (a) pay a penalty not exceeding N100,000,000.00; and
 - (b) reimburse the licensee for any petroleum products or gas illegally taken and for any damage to the licensee's equipment, provided that—
 - (i) where the person is unable to pay the penalty or to reimburse the licensee, the person or, in the case of a company, every officer responsible for the management of the company shall be liable to imprisonment for a period of not less than two years and not more than five years unless, the officer proves to the strictest standard that all reasonable precautions were taken and due diligence exercised to prevent the commission of the offence; and
 - (ii) the Agency may, as necessary, adjust the amount of the penalty stipulated in subsection (a) of this section by regulations issued pursuant to this Act, to reflect current rates of inflation.
- (3) A person convicted for negligently committing any of the offences listed in subsection (2) of this section shall be liable to:
- (a) pay a penalty not exceeding N2,000,000.00; and

- (b) reimburse the licensee for any gas illegally taken and for any damage to the licensee's equipment, provided that:
 - (i) where such person is unable to pay the penalty or to reimburse the licensee, the person or, in the case of a company, every officer responsible for the management of the company, shall be liable to imprisonment for a period of not less than six months and not more than two years unless, having regard to the nature of the person or officers functions in that capacity and to all circumstances, the officer proves that all reasonable precautions were taken and due diligence was exercised to prevent the commission of the offence; and
 - (ii) the Agency may, from time to time adjust the amount of the penalty stipulated in subsection (a) of this section by regulations issued pursuant to this Act, to reflect current rates of inflation.
- (4) Where an offence has been committed under subsection (1) of this section, the supplier may, discontinue the supply of gas until any damage, alteration, malfunction or loss has been rectified and all safety issues resolved.

266. Prohibition on the wrongful use of equipment

A licensee shall not use or permit its pipeline, equipment or other facilities to be used in, for, or in relation to, the commission of any criminal or civil offence, and each licensee shall:

- (a) upon a written request from the Agency or any other lawful or duly empowered Agency, assist the Agency or such lawful authority, in preventing the commission or attempted commission of any criminal offence under this Act or any other laws in force in the Federal Republic of Nigeria, including but not limited to those affecting the public revenue and the preservation of national security;
- (b) not be liable for any act or for any omission done in good faith, in respect of any act or omission arising from the performance of a duty or obligation imposed by the Agency or other lawful authority.

267. Penalty not prescribed

- (1) Where no specific penalty is prescribed for any offence under this Part, a person who contravenes any of the provisions of this Part or any regulations issued pursuant to this Part commits an offence and is liable on conviction -
 - (a) as a first offender, to:
 - (i) a fine not exceeding N2,000,000.00 or to such other amount as may be prescribed in regulations issued pursuant to this Part;

- (ii) imprisonment for a period not exceeding two years; or
- (iii) both fine and imprisonment.
- (b) for subsequent convictions, to:
 - (i) a fine not exceeding N10,000,000.00 or such other amount as may be prescribed in regulations issued pursuant to this Part;
 - (ii) imprisonment for a period not exceeding five years; or
 - (iii) to both fine and imprisonment.
- (2) The Agency may, where necessary, adjust the amount of the penalty stipulated in subsection (1) of this section through regulations, to reflect current rates of inflation.

268. Penalty for refusal to furnish return or supply information

- (1) Any person who:
 - (a) fails or refuses to furnish a return or to supply information to the Agency or any other duly empowered lawful authority at the time and in the manner prescribed;
 - (b) who furnishes a false or incomplete return;
 - (c) supplies false or incomplete information; or
 - (d) wilfully delays or obstructs the Agency, its officers, an inspector or police officer in the exercise of the powers or duties conferred or imposed on the Agency under this Act; or
 - (e) conceals, fails or refuses, without reasonable cause, to supply information required by the Agency or any duly empowered lawful authority at the time and in the manner prescribed or when required to do so,

commits an offence and liable to a fine not exceeding N20,000,000.00 or to imprisonment for a period not exceeding one year or to both fine and imprisonment

- (3) The Minister may, adjust the amount of the penalty, fines or other impositions stipulated in this Act by regulations, to reflect current rates of inflation every five years.

C: DOMESTIC GAS SUPPLY OBLIGATION

269. Domestic gas market management

- (1) The Inspectorate and Agency shall regulate the gas sector, in accordance with the National Master Plan for Gas (“National Gas Master Plan”) this Act and policies of the Government from time to time.
- (2) The National Gas Master Plan referred to in subsection (1) of this section shall be the plan updated by the Minister from time to time for the sustainable development and utilization of the natural gas resources of Nigeria.
- (3) The Agency shall at the beginning of each calendar year:
announce the update of the gas demand requirement (“Domestic Gas Demand Requirement”) which shall be the aggregate of the quantity of gas required to meet the gas demand for the strategic sectors, as determined by Government from time to time, within the domestic economy for a specific period of time, not exceeding twenty years;
- (4) The Inspectorate shall allocate the Domestic Gas Demand Requirement to every petroleum mining lessee by means of a domestic gas supply obligation (“Domestic Gas Supply Obligation”), which for each lessee will be a function of gas production and proven gas reserves;
- (5) The Agency shall require the Domestic Gas Aggregator to establish an aggregate price for gas (“Aggregate Gas Price”) for only the volume of the Domestic Gas Demand Requirement, which shall be based on the weighted average of the purchase prices and supplied volumes of the purchased gas, and shall be used by the Domestic Gas Aggregator as a basis for gas supply to the domestic market.
- (6) The Agency may mediate on all issues of conflict between purchasers and suppliers.
- (7) Any person dissatisfied with any determination made by the Agency in connection with subsection (6) of this section may seek re-dress at the Federal High Court.

270. Gas Management model

- (1) The Inspectorate and the Agency shall:
 - (a) implement a gas management model, through which the demand and supply of gas for utilization within Nigeria shall be monitored;

- (b) ensure transparency of dealings between gas suppliers and purchasers with respect to the volumes of gas being marketed under its jurisdiction;
 - (c) monitor gas sales purchase agreements to ensure that they are in conformity with the national gas pricing policy and regulations.
- (2) The gas management model pursuant to subsection (1) of this section shall be a supply and demand model to analyze pipeline quality gas availability from the petroleum mining leases and to compare the volume with the demand of gas by the strategic sectors and other domestic projects, as determined by the Government.
- (3) The Inspectorate and the Agency shall have the power to:
- (a) ensure that the domestic gas demand requirement is being met, through the implementation of the Domestic Gas Supply Obligation;
 - (b) ensure a balanced growth of domestic gas projects, through the availability of adequate volume of gas to the strategic sectors;

271. Franchise areas for gas processing facilities

The Inspectorate shall take such measures as appropriate to create franchise areas for gas processing facilities in Nigeria to support the National Gas Master Plan.

272. Penalties for non-compliance with the Domestic Gas Supply Obligation

- (1) Any supplier who does not comply with the Domestic Gas Supply Obligation as specified by the Agency shall:
- (a) pay a penalty as may be prescribed by regulations.
 - (b) not supply gas to any export project for the period that the supplier is not complying with the Domestic Gas Supply Obligations, unless it can demonstrate to the satisfaction of the Agency that –
 - (i) the non-compliance is caused by force-majeure; or
 - (ii) has made reasonable commercial endeavours to make gas available.
- (2) Where the supplier continues to fail to comply with the Domestic Gas Supply Obligations for a period in excess of three months, the gas export licence of such supplier may be revoked.

273. Gas export

- (1) Any export of gas shall require a gas export licence issued by the Agency for a certain volume of natural gas for a specified period of time.
- (2) Any company intending to export gas, shall submit an application for a gas export licence pursuant to such guidelines as the Agency may determine from time to time.
- (3) Export licences may be refused by the Agency, where the Agency has determined that the exports of gas from Nigeria are not in the national interest due to insufficiency of available proved gas reserves to supply to long term domestic market, provided that the Agency shall not interfere with contracted gas export capacity being undertaken under an export licence.
- (4) Where the domestic gas market in Nigeria and export markets reach a level of maturity that is reflective of fully competitive conditions, the Agency may recommend to the Minister on the process and activities aimed at deregulating the unwinding regulated gas market.

274. General gas market provisions

Nothing in this Part shall limit any purchaser or supplier to enter into any gas sales and purchase agreement for the domestic market under such terms and conditions as they may freely decide, for volumes that are in excess of the Domestic Gas Supply Obligation.

D: GAS FLARING (PROHIBITION AND PUNISHMENT)

275. General terms

Natural gas shall not be flared or vented after a date ('the flare-out date') to be prescribed by the Minister in regulations made pursuant to this Part, in any oil and gas production operation, block or field, onshore or offshore, or gas facility such as, processing or treatment plant, with the exception of permits granted under subsection (1) of section 277 of this Act.

276. Gas flaring plan

- (1) The oil and gas operators with flared gas resources shall within six months of the commencement of this Act categorize all of their flared gas resources (daily flare quantity, reserve, location, composition) and submit this data along with gas utilization plans to the Inspectorate for the gas they intend to utilize before the flare out date as stated in section 275 of this Act.

- (2) The Inspectorate shall approve the categorization within sixty days of receipt of the plan and shall post all approved plans, data of planned natural gas resource and unplanned natural gas resources on the Inspectorate's website for public consumption.

277. Prohibition of flaring

- (1) A person shall not direct, permit or otherwise aid, empower or authorize any company engaged in petroleum operations to flare or vent gas with the exception of such permits granted under this section.
- (2) The Minister may grant a permit of not more than one hundred days, or such longer period as may be approved by the Minister, to flare or vent gas in cases of start-up, equipment failure, shut down, safety flaring or due to inability of Gas customer to off-take-Gas.
- (3) Any licensee or lessee who flares or vents gas without the permission of the Minister in the circumstances mentioned in subsection (2)(b) of this section shall be liable to pay a fine which shall not be less than the value of the gas flared.

278. Gas utilization plan

- (a) A licence or lease for the production of oil and gas whether onshore, offshore or deepwater shall not be granted to any applicant unless the application for such a licence or lease is accompanied by a comprehensive programme acceptable to the Minister, for the utilization or reinjection of natural gas.
- (b) No licence or lease for the production of oil and gas in Nigeria shall be granted to any applicant unless the Minister is satisfied with the applicant's gas utilization programme.
- (c) The utilization programme referred to in this section, shall be in consonance with the National Gas Master Plan, Domestic Gas Supply Obligation, and national policies as may be made in respect of the gas sector from time to time by the Government.

279. Gas flaring measurement

- (1) The volumes of gas flared from any facility engaged in petroleum operations shall be measured using the metering equipment specified from time to time by the Inspectorate.
- (2) Within three months from the effective date, each licensee or lessee shall install the metering equipment specified in regulation on every facility in its operations from which gas is flared or vented.

280. Gas flare reports

- (1) After the flare-out date, any person, group of persons or community may lodge a documented report of gas flaring or venting with the nearest office of the Inspectorate.
- (2) The Inspectorate shall appoint an officer to receive and record reports of gas flaring or venting.
- (3) An officer appointed pursuant to subsection (2) of this section who receives a report of gas flaring or venting shall within forty-eight hours of receipt of such report, inspect the facility where gas is allegedly being flared, verify the authenticity of the report to determine the cause of the gas flaring, the date when the gas flaring commenced and the volumes of gas flared or vented from the facility each day.
- (4) The officer shall submit a report of the verification exercise to the Inspectorate within seven days of his visit to the facility from which gas is being flared or vented.
- (5) Where the Inspectorate determines that the report of gas flaring is authentic and that the flared gas does not fall within any of the exceptions specified in section 277 of this Act, it may at its discretion, impose the fine specified in subsection (3) of section 277 in respect of the volumes of gas flared or vented from that facility or issue a shut down order mandating the shut-down of the facility in question or both.
- (6) On receipt of a shut down order, the operator of the facility shall comply with the order within forty-eight hours from the time of receipt of the shut down order.

281. Gas flaring offences and penalties

Any licensee or lessee who flares gas after the flare-out date contrary to section 275, commits an offence under this Act, and shall be liable on conviction to pay a fine which shall not be less than the value of gas flared or vented pursuant to subsection (3) of section 277;

Provided that -

- (i) the penalty for currently flared gas, without a permit pursuant to subsection (1) of section 277 of this Act or certificate pursuant subsection (2) of section 283, shall be the aggregate gas price until after the flare-out date as prescribed by the Minister when the new penalty regime shall commence;
- (ii) in the case of third party utilization, penalties will only be imposed at the end of the approved project schedule or the flare-out date

whichever is later; and

(iii) for flares accessed through third party contractors, penalties will be imposed on third party accessing companies which have signed contracts for the gas, and not on the licensee of the field from which the gas is being accessed.

(b) The penalty payable on the volume of gas flared by any person from the Effective Date, and for each day the flare or vent continues shall also be made public by the Inspectorate and the licensee separately and independently within a maximum of 60 days of the offence.

(2)(a) It shall be an offence to fail, refuse or neglect to forward or lodge a gas flare report or to falsify any report under section 257 of this Act to the Inspectorate for appropriate action.

(b) A person who commits an offence under paragraph (a) of this subsection is liable on conviction to three months imprisonment or an option of fine of not less than the value of fifty per cent of the volume of gas flared or vented.

282. Power to make regulations

(1) The Minister may immediately after the Effective Date, on the advice of the Inspectorate make regulations to prescribe:

(a) the manner in which any order, directive, or application in accordance with the provisions of this Act shall be made and the form to be used.

(b) the procedure for making a gas flare report, recording and filing of report, publication of shut down order;

(c) the terms and conditions for reviewing where the Minister deems fit in the national interest, without jeopardizing the health, safety and the environment of any affected community, a shut down order for the purpose of re-opening a field, group of fields or facility shut down pursuant to the provisions of this Act.

(d) generally for carrying into effect the purposes and provisions of this Act.

(2) (a) The Inspectorate shall ensure that gas flared or vented is documented with information on the site (including the longitude, latitude, local government area and ward, daily volume and gas reserves) within ninety days of the Effective Date.

(b) The field operators responsible for each of these flares or vents shall put together project designs for gas utilization or reinjection.

- (c) project plans are to be submitted to the Minister within 90 days of the Effective Date.
 - (d) The plans, pursuant to paragraph (c) of this subsection, shall be deemed to have been acceptable and approved if the Minister does not respond in the negative to any plan formally submitted by the operators within sixty days of submitting the plans to the Minister's office.
- (3) (a) The Inspectorate shall maintain a gas source database where all unplanned flares or vents are to be posted and made public.
- (b) any unplanned gas shall be considered free for third party bids.
- (4) (a) The Agency shall be responsible for developing and publishing guidelines for evaluating project process and where the facility milestone target is not met, the project sponsor may be liable to delay penalties or forfeit its gas concession.
- (b) The delay penalty shall be the equivalent of the prevailing fine as contained in paragraph (a) of subsection (1) of section 281 of this Act with a 20 per cent surcharge.
- (c) Where such delays are beyond the reasonable control of the project sponsor, the Minister may on the recommendations of the Agency provide for regulations to accommodate such delays.

283. Special considerations

The certificates issued under section 3(2) of the Associated Gas Re-Injection Act, prior to the Effective Date shall continue to have effect until they lapse.

PART VI

INDIGENOUS PETROLEUM COMPANIES

284. General terms

- (1) This Part applies to:
 - (a) oil prospecting licences and oil mining leases held, whether at or before the Effective Date, by indigenous petroleum companies; and
 - (b) to petroleum operations undertaken pursuant to such licences and leases.

285. Non-participation by the Federal Government

Participation by the Federal Government in accordance with the provisions of this Act or any law in force shall not be applicable to petroleum operations carried out by indigenous petroleum companies whose aggregate production from petroleum operations is not more than twenty-five thousand barrels per day of crude oil or its natural gas equivalent.

286. Production by indigenous petroleum companies

An indigenous petroleum company whose aggregate production of crude oil and gas is not more than twenty-five thousand barrels per day or its natural gas equivalent may be allowed to produce up to the technical allowable output set for the licence or lease, by the Inspectorate.

287. Regulations and Guidelines for indigenous petroleum companies

The Minister shall, in consultation with the Inspectorate, issue regulations or guidelines prescribing clearly defined targets and programmes for continuously increasing the level of indigenous participation in the Nigerian petroleum industry and to generally give effect to the provisions of this Act which regulations or guidelines shall include:

- (a) targets for indigenous petroleum reserves; and
- (b) production personnel content and measurable parameters for determining the level of indigenous participation.

288. Review of participation of indigenous petroleum companies

Pursuant to section 287 of this Act, the Minister shall not later than three months after the Effective Date and thereafter at intervals of two years, undertake a general review of the set targets, parameters and programmes for continuous increase in the level of indigenous participation in the Nigerian petroleum industry and set such new targets, parameters and programmes as shall be necessary to give full effect to the provisions of this Act.

PART VII

HEALTH, SAFETY AND ENVIRONMENT

289. Responsibility over the environment

- (1) Without prejudice to the overall responsibility of the Federal Ministry of Environment for the environment of Nigeria, the Inspectorate and the Agency

shall have responsibility in their respective areas over all aspects of health, safety and environmental matters in respect of the petroleum industry.

- (2) The Inspectorate and Agency in their respective areas shall at all times ensure the enforcement of other environmental laws, regulations, guidelines and directives issued by the Federal Ministry of Environment and other relevant Government agencies.
- (3) For the avoidance of doubt the Inspectorate and Agency in their respective areas shall, in consultation with the Ministry of Environment, make regulations and issue directives specifically relating to environmental aspects of the petroleum industry.

290. Compliance with health regulations

Every company engaged in activities requiring a licence, lease or permit in the upstream and downstream sectors of the petroleum industry in Nigeria, shall comply with all environmental health and safety laws, regulations, guidelines or directives as may be issued by the Federal Ministry of Environment, the Minister, the Inspectorate or the Agency, as the case may be.

291. Conduct of operations

Every company engaged in activities requiring a licence, lease or permit in the upstream and downstream petroleum industry in Nigeria shall conduct its operations in accordance with internationally acceptable principles of sustainable development which includes the necessity to ensure that the constitutional rights of present and future generations to a healthy environment is protected.

292. Obligations of licensee, lessee and contractors

Every company engaged in activities requiring a licence, lease or permit in the upstream and downstream sectors of the petroleum industry shall:

- (a) support a precautionary approach to environmental challenges;
- (b) encourage the development and use of environmentally friendly technologies for exploration and development in Nigeria.
- (c) comply with the relevant requirements of environmental guidelines and standards approved for the petroleum industry in Nigeria.

293. Duty to restore the environment

- (1) Any person engaged in activities requiring a licence, lease or permit in the upstream and downstream petroleum industry shall:

- (a) manage all environmental impacts in accordance with the licensee or lessee's environmental management plan or programme, as approved by the Agency.
- (b) as far as it is reasonably practicable, rehabilitate the environment affected by exploration and production operations, whenever environmental impacts occur as a result of licensees and lessees operations:
 - (i) to its natural or pre-existing state before the operations or activities as a result of which the environmental impact occurred; or
 - (ii) to a state that is in conformity with generally accepted principles of sustainable development;
- (2) Subject to subsection (1) of this section, the licensee or lessee shall not be liable for, or under an obligation, to rehabilitate where the act adversely affecting the environment has occurred as a result of sabotage of petroleum facilities, which also includes tampering with the integrity of any petroleum pipeline and storage systems.
- (3) Where there is a dispute as to the cause of an act that has resulted in harm to the environment, the licensee, lessee or any affected person or persons shall refer the matter to the Agency for a determination and the determination of the Agency shall be final.
- (4) Where the act referred to in subsection (3) of this section is found to have occurred as a result of sabotage, costs of restoration and remediation shall be borne by the local government and the State governments within which the act occurred.

294. Development programmes

From the Effective Date, the Agency shall undertake an annual comprehensive review of the impact of development programmes and practices by petroleum companies in all sectors of the industry since the inception of the petroleum industry in order to identify potential areas of conflict or areas that may lead to possible unrest in the areas of operation.

295. Utilisation of good oil field practices

Every licensee, lessee and contractor engaged in petroleum operations in the petroleum industry shall utilise good oil field practices in the course of their operations within the country.

296. Compensation

- (1) The holder of a petroleum exploration licence, petroleum prospecting licence or petroleum mining lease shall, in addition to any liability for compensation to which the holder may be subject under any other provision of this Act, be liable to pay fair and adequate compensation for the disturbance of the surface of the land or any other rights to any person who owns or is in lawful occupation of the licensed or leased lands, in accordance with written guidelines issued by the Agency.
- (2) The rates of compensation contained in the guidelines referred to in subsection (1) of this section shall be arrived at through a consultative process and the Agency shall update the guidelines issued annually to reflect rates of inflation and any other relevant factors.

297. Publications

Every year, all licensees, lessees and contractors and service companies in the upstream petroleum industry shall publish the criteria used for the location of community development projects and other social investment initiatives within their respective areas of operation.

298. Penalties and sanctions

Any person or company who violates the provisions of this Part is liable to sanctions, including payment of fines as prescribed by the Inspectorate and the Agency in consultation with the Minister.

PART VIII PROVISIONS ON TAXATION IN THE PETROLEUM INDUSTRY

A. NIGERIAN HYDROCARBON TAX

299. Imposition of the Nigerian hydrocarbon tax

- (1) There shall be levied upon the profits of each accounting period of any company engaged in upstream petroleum operations during that period, a tax to be known as the Nigerian Hydrocarbon Tax ("the tax") which shall be charged assessed and payable in accordance with the provisions of this Part.
- (2) The due administration of this Part relating to the assessment and collection of the tax referred to in subsection (1) of this section shall be under the supervision and management of the Service.

- (3) The Service may do all such acts as are necessary and expedient for the assessment and collection of the tax and shall account for all amounts collected.

300 Power and duties of the Service in the administration of the tax

- (1) In the exercise of the powers and duties conferred upon the Service under this Part, the Service shall be subject to the authority, direction, and control of the Minister and any written direction, order or instruction given by the Minister after consultation with the Chairman of the Service shall be carried out by the Service.
- (2) The Minister shall not give any direction, order or instruction in respect of any particular company which would have the effect of requiring the Service to raise an additional assessment upon such company or to increase or decrease any assessment made or to be made or any penalty imposed or to be imposed upon or any relief given or to be given to or to defer the collection of any tax, penalty or judgment debt due by such company, or which would have the effect of altering the normal course of any proceedings, whether civil or criminal, relating either to the recovery of any tax or penalty or to any offence relating to the tax.
- (3) every claim, objection, appeal, representation or the like made by any person under any provision of this Part or of any subsidiary legislation made thereunder shall be made in accordance with this Part;
- (4) In any claim or matter or upon any objection or appeal under this Part, any act, matter or thing done by or with the authority of the Service, in pursuance of any provisions of this Part shall not be subject to challenge on the ground that such act, matter or thing was not or was not proved to be done in accordance with any direction, order or instruction given by the Minister.
- (5) For the purpose of this Part, reference to the Minister, where the context so admits in this Part refers to the Minister responsible for matters relating to Finance.

301. Signification and execution of powers and duties

- (1) Anything required to be done by the Service, in relation to the powers or duties specified in the Third Schedule to this Act, may be signified under the hand of the Chairman of the Service or any other duly authorised officer of the Service.
- (2) Any authorisation given by the Service under this Part shall be signified under the hand of the Chairman of the Service unless such authority is published in the Gazette.

- (3) Subject to subsection (1) of this section, any notice or other document to be given under this Part shall be valid if -
 - (a) it is signed by the Chairman of the Service or by any person authorised by him; or
 - (b) such notice or document is printed and the official name of the Service is duly printed or stamped thereon.
- (4) Every notice, authorisation or other document purporting to be a notice, authorisation or other document duly given and signified, notified or bearing the official name of the Service, in accordance with the provisions of this section, shall be deemed to be so given and signified, notified or otherwise without further proof, until the contrary is shown.

302. Confidentiality requirements

- (1) Every person having any official duty or being employed in the administration of this Part shall treat and deal with all documents, information, returns, assessment lists and copies of such lists relating to the income, chargeable profits and related items of any company, as secret and confidential.
- (2) A person appointed under or employed to carry out functions under this Part shall not be required to produce in any court, any return, document or assessment, or to divulge or communicate to any court any matter or thing coming under his notice in the performance of his duties under this Part except as may be necessary for the purpose of carrying into effect the provisions of this Part, or in order to institute a prosecution, or in the course of a prosecution for any offence committed in relation to the provisions of this Part.
- (3) Where under any law in force in any territory outside Nigeria provision is made for the allowance of relief from income tax and similar tax in respect of the payment of income tax and similar tax in Nigeria or for the exemption of income from income tax and similar taxes in respect of income subject to income tax and similar taxes in Nigeria, the obligation as to secrecy imposed by this section shall not prevent the disclosure to the authorised officers of the government in that territory of such facts as may be necessary to enable the proper relief or exemption to be given in cases where relief or exemption is claimed from income tax and similar taxes in Nigeria or from income tax and similar taxes in that territory.
- (4) For the purposes of subsection (3) of this section, tax (as defined in this Part) shall be regarded as a tax similar to an income tax.
- (5) Notwithstanding anything contained in this section, the Service may permit the Auditor-General of the Federation or any officer duly authorised in that behalf to have access to any records or documents as may be necessary for the

performance of his official duties, and the Auditor-General of the Federation or any such officer shall be deemed to be a person employed in carrying out the provisions of this Part.

303. Rules and Forms

- (1) The Minister may, from time to time, make rules generally for the carrying out of the provisions of this Part.
- (2) The Service may, from time to time, specify the form of returns, claims, statements and notices required for the purpose of this Part.

304. Ascertainment of profits, adjusted profits, assessable profits and chargeable profits.

- (1) Subject to any express provisions of this Part, in relation to any accounting period, the profits of that period of a company shall be taken to be the aggregate of:
 - (a) the proceeds of sale of all chargeable oil, chargeable gas chargeable condensate or bitumen sold by the company in that period; and
 - (b) the value of all chargeable oil, chargeable gas chargeable condensate or bitumen disposed of by the company in that period.
 - (c) all income of the company of that period incidental to and arising from any one or more of its upstream petroleum operations.
- (2) For the purposes of subsection (1) (b) of this section, the value of any chargeable oil, chargeable gas, chargeable condensate or bitumen disposed of shall be taken to be the aggregate of:
 - (a) the value of that oil, gas, condensate or bitumen as determined at the measurement point in accordance with the provisions of any enactment applicable thereto;
 - (b) any cost of extraction of that oil, gas, condensate or bitumen deducted in determining its value as referred to in paragraph (a) of this subsection; and
 - (c) any cost incurred by the company in the transportation and storage of that oil, gas, condensate or bitumen between the field of production and the place of its disposal.
- (3) The adjusted profit of an accounting period shall be the profits of that period after the deductions allowed by subsection (1) of section 305 of this Act and any adjustments to be made in accordance with the provisions of section 307 of this Act.

- (4) The assessable profit of an accounting period shall be the adjusted profit of that period after any deduction allowed by section 312 of this Act.
- (5) The chargeable profits of an accounting period shall be the assessable profits of that period after the deduction allowed by section 312 of this Act.

305. Deductions Allowed

- (1) In computing the adjusted profit of any company for any accounting period from its upstream petroleum operations, there shall be deducted all outgoings and expenses wholly, exclusively, necessarily and reasonably incurred by such company, during that period for the purpose of those operations, including but without otherwise expanding or limiting, the generality of the foregoing:
 - (a) rents incurred by the company for that period in respect of land or buildings occupied under a petroleum prospecting license or a petroleum mining lease for disturbance of surface rights or any other like disturbances;
 - (b) all non-productive rents, the liability for which was incurred by the company during that period;
 - (c) all royalties, the liability for which was incurred by the company during that period in respect of natural gas sold and actually delivered to any customer or disposed of in any other commercial manner;
 - (d) all royalties, the liability for which was incurred by the company during that period in respect of crude oil or condensate won in Nigeria;
 - (e) all royalties, the liability for which was incurred by the company during that period in respect of bitumen won in Nigeria;
 - (f) all sums the liability for which was incurred by the company to the Government during that period by way of customs or excise duty or other like charges levied in respect of machinery, equipment and goods used in the company's upstream petroleum operations;
 - (g) sums incurred by way of interest upon any money borrowed by such company, where the Service is satisfied that the interest was payable on capital employed in carrying on its upstream petroleum operations except interest incurred in upstream petroleum operations under a Production Sharing Contract
 - (h) any expense incurred for repair of premises, plant, machinery, or fixtures employed for the purpose of carrying on upstream petroleum operations or for the renewal, repair or alteration of any implement, utensils or articles so employed;

- (i) debts directly owed to the company and proved to the satisfaction of the Service to have become bad or doubtful in the accounting period for which the adjusted profit is being ascertained, notwithstanding that such bad or doubtful debts were due and payable prior to the commencement of that period:

Provided that-

- (i) the deduction to be made in respect of a doubtful debt shall not exceed that portion of the debt which is proved to have become doubtful during that accounting period, nor in respect of any particular debt shall it include any amount deducted under the provisions of this paragraph in determining the adjusted profit of a previous accounting period;

- (ii) all sums recovered by the company during that accounting period on account of amounts previously deducted in respect of bad or doubtful debts shall, for the purposes of subsection (1)(c) of section 304 of this Act, be treated as income of that company of that period; and

- (iii) it is proved to the satisfaction of the Service that the debts in respect of which a deduction is claimed were either-

(aa) included as a profit from the carrying on of upstream petroleum operations in the accounting period in which they were incurred; or

(ab) advances made in the normal course of carrying on upstream petroleum operations not being advances on account of any item falling within the provisions of section 306 of this Act;

(ac) All sums set aside, in a fund by the company as decommissioning and abandonment expenditure, under the terms determined by the Inspectorate, provided that:

- (i) any company that has claimed deduction on any amount set aside for decommissioning and abandonment shall not claim further deduction upon incurring the decommissioning and abandonment expenditure except on amount incurred in excess of the money set aside for that purpose;

- (ii) any amount in excess of that expended for the decommissioning and abandonment shall be treated as taxable income.

- (j) any expenditure (tangible or intangible) directly incurred in connection with the drilling of an exploration well and the next two appraisal wells in the same field whether the wells are productive or not;
- (k) any other expenditure, including intangible and tangible costs directly incurred in connection with the drilling and appraisal of development wells, but excluding an expenditure which is qualifying expenditure for the purpose of the Fourth Schedule to this Act, and any expense or deduction in respect of a liability incurred which is deductible under any other provision of this section;
- (l) where a deduction may be given under this section in respect of any expenditure, that expenditure shall not be treated as qualifying drilling expenditure for the purpose of the Fourth Schedule.
- (m) any contribution to a pension, provident or other society, scheme or fund in line with the provisions of the Pensions Reform Act:
- Provided that any sum received by or the value of any benefit obtained by such company, from any approved pension, provident or other society, scheme, or fund, in any accounting period of that company shall, for the purposes of subsection (1)(c) of section 304 of this Act, be treated as income of that company of that accounting period;
- (n) all sums, the liability of which was incurred by the company during that period to the Federal Government, or to any State or Local Government Council in Nigeria by way of duty, customs and excise duties, stamp duties, education tax, taxes (other than the tax imposed by this Act) or any other rate, fee or other like charges;
- (o) such other deductions as may be prescribed by any rule made under this Act.
- (p) contributions made to the Petroleum Host Communities Fund in accordance with the provisions of this Act.
- (2) Where a deduction has been allowed for a company under this section in respect of any liability of the company and such liability or any part thereof is waived or released, the amount of the deduction or the part thereof corresponding to such part of the liability shall, for the purposes of subsection (1)(c) of section 304 of this Act, be treated as income of the company for its accounting period in which such waiver or release was made or given.

306. Deductions Not Allowed

Subject to the express provisions of this Act, for the purpose of ascertaining the adjusted profit of any company of any accounting period from its upstream petroleum operations, no deduction shall be allowed in respect of -

- 
- (a) any disbursement or expenses not being wholly and exclusively laid out or expended, or any liability not being a liability wholly or exclusively incurred, for the purpose of those operations;
 - (b) any capital withdrawn or any sum employed or intended to be employed as capital;
 - (c) any capital employed in improvement as distinct from repairs;
 - (d) any sum recoverable under any insurance or contract of indemnity;
 - (e) rent or cost of repair to any premises or part of any premises not incurred for the purpose of those operations;
 - (f) any amount incurred in respect of any income tax, profit tax, or similar tax whether charged within Nigeria or elsewhere except tax imposed in accordance with the Education Tax Act;
 - (g) the depreciation of any premises, buildings, structures, work of a permanent nature, plant, machinery or fixtures;
 - (h) any payment to any provident, savings, widows, orphans or other society, scheme or fund except such payments are allowed under subsection (1)(m) of section 305 of this Act;
 - (i) any customs duty on goods (including articles or any other thing) imported by the company -
 - (i) for resale or for personal consumption of employees of the company, or
 - (ii) where goods of the same quality to those so imported are produced in Nigeria and are available, at the time the imported goods were ordered by the company for sale to the public at prices less or equivalent to the cost to the company of the imported goods.
 - (j) any expenditure for the purchase of information relating to the existence and extent of petroleum deposits.
 - (k) any expenditure for the purpose of paying a penalty or fee relating to:
 - (a) gas flaring; and
 - (b) domestic gas supply obligations;
 - (l) any signature bonuses, production bonuses or other bonuses due on a lease or on the renewal of a lease;
 - (m) all general, administrative and overhead expenses incurred outside Nigeria in excess of one percent of the total annual capital expenditure;

- (n) twenty percent of any expense, other than pursuant to paragraph (m), incurred outside Nigeria, except where such expenditure relates to the procurement of goods or services or goods and services which are not available domestically in the required quantity and quality and subject to the approval of the Nigerian Content Development and Monitoring Board;
- (o) any legal and arbitration costs related to cases against the Service or the Government, unless specifically awarded to the company during the legal or arbitration process;
- (p) costs incurred prior to the establishment of the company in Nigeria;
- (q) any cost resulting from any arrangement or event that arises from fraud or wilful misconduct or negligence on the part of the company;
- (r) insurance costs where such costs are earned by the company or an affiliate of the company; and
- (t) costs or fees incurred in obtaining and maintenance of a performance bond under a Production Sharing Contract.

307. Exclusion of Certain Profits

Where a company engaged in upstream petroleum operations undertakes the transportation of chargeable oil, chargeable gas, chargeable condensate or bitumen by ocean going oil-tankers pipeline, or other vessels operated by or on behalf of the company from Nigeria to another territory then such adjustments shall be made in computing an adjusted profit or a loss as shall have the effect of excluding therefrom any profit or loss attributable to such transportation.

308. Artificial Transactions, etc.

- (1). Where the Service is of the opinion that any disposition is not in fact given effect to or that any transaction which reduces or would reduce the amount of any tax payable is artificial or fictitious, the Service may disregard any such disposition and direct that such adjustments shall be made as respects liability to tax as the Service considers appropriate in accordance with its transfer pricing rules so as to counteract the reduction of liability to tax effected, or reduction which would otherwise be effected, by the transaction and the companies concerned shall be assessed accordingly.
- (2) In this Section, the expression "disposition" includes any trust, grant, covenant, agreement or arrangement.
- (3) For the purpose of this section, transactions deemed to be artificial or fictitious, include;

- (a) transactions between persons one of whom has control over the other; or
 - (b) transactions between persons both of whom are controlled by some other person which, in the opinion of the Service, have not been made on the terms which might fairly have been expected to have been made by independent persons engaged in the same or similar activities dealing with one another at arm's length.
- (4) Nothing in this section shall prevent the decision of the Service in the exercise of any discretion given to the Service by this section from being questioned in an appeal against an assessment as provided under this Part and on the hearing of any such appeal, the appropriate court may confirm or vary any such decision including any directions made under this section.

309. Assessable profits and losses

- (1) Subject to the provisions of this section, the assessable profits of any company for any accounting period shall be the amount of the adjusted profit of that period after the deduction of the amount of any loss incurred by that company during any previous accounting period.
- (2) A deduction under subsection (1) of this section shall be made so far as possible from the amount, if any, of the adjusted profit of the first accounting period after that in which the loss was incurred, and, so far as it cannot be so made, then from the amount of the adjusted profit of the next succeeding accounting period and so on.
- (3) Within five months after the end of any accounting period of a company, or within such further time as the Service may permit in writing in any instance, the company may elect in writing that a deduction or any part thereof to be made under this section shall be deferred to and be made in the succeeding accounting period, and may so elect from time to time in any succeeding accounting period.

310. Trade or business sold or transferred to Nigerian company

- (1) Without prejudice to section 320 of this Act, where a trade or business of upstream petroleum operations carried on in Nigeria by a company incorporated under any law in force in Nigeria is sold or transferred to a Nigerian company for the purposes of better organisation of that trade or business or the transfer of its management to Nigeria and any asset employed in that trade or business is so sold or transferred, then, if the Service is satisfied that one of those companies has control over the other or that both companies are controlled by some other person or are members of a recognised group of companies, the provisions set out in subsection (2) of this section shall have effect.

- (2) Where subsection (1) of this section applies, the Service may in its discretion-
- (a) if, on or before the date on which the trade or business is so sold or transferred, the first sale of or bulk disposal of chargeable oil, chargeable gas, chargeable condensate or bitumen by or on behalf of the company selling or transferring the trade or business has occurred, but the first sale of or bulk disposal of chargeable oil, chargeable gas, chargeable condensate or bitumen by or on behalf of the Nigerian company acquiring that trade or business has not occurred –
 - (i) direct that the first accounting period of the Nigerian company shall be the period of twelve months commencing on the date on which the sale or transfer of the trade or business takes place, or commencing on such date within the calendar month in which the sale or transfer takes place as may be selected by the Nigerian company with the approval of the Service, and
 - (ii) for the purposes of subparagraph (i) of this , an accounting period as respects the Nigerian company shall be a period of twelve months commencing on the date on which the sale or transfer of the trade or business to the Nigeria company takes place or commencing on such date within the calendar month in which the sale or transfer takes place as may be selected by the Nigerian company with the approval of the Service, and the definition of "accounting period" in section 2(a) of this section shall be construed accordingly, but without prejudice to the continued application in respect of the Nigerian company of the provisions of paragraphs (b), (c) and (d) of **that definition**;
 - (b) direct that for the purposes of the Fourth Schedule an asset sold or transferred to the Nigerian company by the company selling or transferring the trade or business shall be deemed to have been sold for an amount equal to the residue of the qualifying expenditure on the asset on the day following the day on which the sale or transfer thereof occurred; and
 - (c) direct that the Nigerian company acquiring the asset so sold or transferred shall not be entitled to any initial allowance in respect of that asset, and shall be deemed to have received all allowances given to the company selling or transferring the trade or business in respect of the asset under the Fourth Schedule and any allowances deemed to have been received by that company under the provisions of this section provided that the Service in its discretion-
 - (i) may require the company selling or transferring the trade or business, or the Nigerian company acquiring that trade or business, to guarantee or give security, to the satisfaction of the

Service, for payment in full of all tax due or to become due from the company selling or transferring the trade or business, and

- (ii) may impose such conditions as it deems fit on either of the companies earlier mentioned or on both of them, and in the event of failure by that company or as the case may be, those companies to carry out or fulfill the guarantee or conditions, the Service may revoke the direction and may make all such additional assessments or repayment of tax as may be necessary to give effect to the revocation.

(3) In this section -

- (a) "Nigerian company" means any company the control and management of whose activities are exercised in Nigeria; and
- (b) references to a trade or business shall include references to any part of the trade or business.

311. Call for returns and information relating to certain assets

For the purpose of section 310 of this Act, the Service may by notice require any person, including a company to which any assets are sold or transferred, to complete and deliver to the Service any returns specified in the notice or any such information as the Service may require about the assets and it shall be the duty of that person to comply with the requirements of any such notice within the period specified in the notice, not being a period of less than twenty-one days from the service of the notice.

312. Chargeable profits and allowances

- (1) The chargeable profits of any company for any accounting period shall be the amount of the assessable profits of that period after the deduction of any amount to be allowed in accordance with the provisions of this section.
- (2) There shall be computed the aggregate amount of all allowances due to the company under the provisions of the Fourth and Fifth Schedules to this Act for the accounting period.
- (3) The amount to be allowed as a deduction under subsection (1) of this section in respect of the said allowances shall be the aggregate amount computed under subsection (2) of this section.
- (4) Where the total amount of the allowances computed under subsection 2 of this section cannot be deducted under subsection (1) of this section owing to insufficiency of or no assessable profits of the accounting period, such total amount or the part thereof which has not been so deducted as the case may be, shall be added to the aggregate amount to be computed under subsection (2) of this section for the following accounting period of the company, and

thereafter shall be deemed to be an allowance due to the company, under the provisions of the Fourth and Fifth Schedules to this Act for that following accounting period.

313. Assessable Tax

- (1) The assessable tax for any accounting period of a company shall be a percentage of the chargeable profits for that period aggregated separately as follows:
 - (a) 50% for onshore and shallow water areas
 - (b) 25% for bitumen, frontier acreages and deep water areas:
- (2) Where a company carries on upstream petroleum operations in a geographical area or areas that are subject to more than one tax rate as provided under subsection (1) of this section, tax at the appropriate rates shall be levied on the proportionate parts of the chargeable profits arising from those operations.

314. Chargeable Tax

- (1) A company engaged in upstream petroleum operations which executed a Production Sharing Contract with NNPC. a shall be entitled to a general production allowance as applicable in the Fifth Schedule to this Act..

315. Additional Chargeable Tax Payable in Certain Circumstances

- (1) If, for any accounting period of a company, the amount of the chargeable tax for that period, calculated in accordance with the provisions of this Act other than this section, is less than the amount mentioned in subsection (2) of this section, the company shall be liable to pay an additional amount of chargeable tax for that period equal to the difference between the two amounts.
- (2) The amount referred to in subsection (1) of this section is for any accounting period of a company, the amount which the chargeable tax for that period, calculated in accordance with the provisions of this Act, would come to if, in the case of crude oil exported from Nigeria by the company, the reference in paragraph (a) of subsection (1) of section 304 of this Act to the proceeds of sale thereof were a reference to the amount obtained by multiplying the number of barrels of that crude oil by the relevant sum per barrel.
- (3) For the purposes of subsection (2) of this section the relevant sum per barrel of crude oil, or condensate exported by a company is the selling price of the company.

- (4) The whole of any additional chargeable tax payable by a company by virtue of this section for any accounting period shall be payable concurrently with the final instalment of the chargeable tax payable for that period apart from this section, and shall be assessed and be paid by the company accordingly under the provisions of this Act.
- (5) Every relevant sum per barrel established as mentioned earlier shall bear a fair and reasonable relationship:
 - (a) to the established official selling price of Nigerian crude oil of comparable quality and gravity, if any; or
 - (b) if there are no such established official selling price for such Nigerian crude oil, to the official selling price at main international trading export centres for crude oil of comparable quality and gravity, due regard being had in either case to freight differentials and all other relevant factors.
- (6) References in this section to crude oil include references to condensate.
- (7) Where any crude oil which in relation to a particular company is chargeable oil is exported from Nigeria otherwise than by that company, that crude oil shall, for the purposes of this section, be deemed to be exported from Nigeria by that company.

316.

Partnership

- (1) Any person (other than a company) who engages in upstream petroleum operations either on his own account or jointly with any other person or in partnership with any other person with a view to sharing profits arising from those operations commits an offence under this Act.
- (2) Where the person referred to in subsection (1) of this section has benefitted from any profits on upstream crude oil operations, such person shall be subject to tax under this Act on such profits and shall pay a penalty as provided for under section 343 of this Act.
- (3) Where two or more companies are engaged in upstream petroleum operations either in partnership, in a joint venture or in concert under any scheme or arrangement, the Service may with the approval of the Minister, make rules for the ascertainment of the tax to be charged and assessed upon each company so engaged.
- (4) Any such rules may make provisions consistent with this Part with respect to apportionment of any profits, outgoings, expenses, liabilities, deductions, qualifying expenditure and the tax chargeable upon each company, or may provide for the computation of any tax as if the partnership, joint adventure, scheme or arrangement were carried on by one company and apportion that

tax between the companies concerned or may accept some other basis of ascertaining the tax chargeable upon each of the companies which may be put forward by those companies and such rules may contain provisions which have regard to any circumstances whereby such operations are partly carried on for any companies by an operating company whose expenses are reimbursed by those companies.

- (5) Rules made under this section may be of general application for the purposes of this section and this Part or of particular application to a specified partnership, joint adventure, scheme or arrangement.
- (6) Rules made under this section may be amended or replaced from time to time.
- (7) The effect of any such rules shall not impose a greater burden of tax upon any company so engaged in any partnership, joint venture, scheme or arrangement than would have been imposed upon that company under this Part if all things enjoyed, done or suffered by such partnership, joint venture, scheme or arrangement had been enjoyed, done or suffered by that company in the proportion in which it enjoys, does or suffers those things under or by virtue of that partnership, joint venture, scheme or arrangement.

317. Company to file tax returns

Notwithstanding anything to the contrary in this Part, every company, including a contractor in a Production Sharing Contract arrangement, shall be responsible for reporting its own upstream petroleum operations profits, outgoings, expenses, and for paying the tax chargeable on its upstream petroleum operations.

318. Manager of companies etc, to be answerable

The manager or any principal officer in Nigeria of every company which is or has been engaged in upstream petroleum operations shall be answerable for doing all such acts as are required to be done by virtue of this Act for the assessment and charge to tax of such company and for payment of such tax.

319. Winding up of companies

- (1) Where a company is being wound up or where in respect of a company a receiver has been appointed by any Court, by the holders of any debentures issued by the company or otherwise, the company may be assessed and charged to tax in the name of the liquidator of the company, the receiver or any agent in Nigeria of the liquidator or receiver and may be so assessed and charged to tax for any accounting period whether before, during or after the date of the appointment of the liquidator or receiver.

- (2) Any such liquidator, receiver or agent shall be answerable for doing all such acts as are required to be done by virtue of this Act for the assessment and charge to tax of such company and for payment of such tax.
- (3) The liquidator or receiver shall not distribute any assets of the company to the shareholders or debenture holders of the company unless he liquidator has made provision for the payment in full of any tax which may be found payable by the company or by such liquidator, receiver or agent on behalf of the company.

320. Avoidance by Transfer

Where a company which is or was engaged in upstream petroleum operations transfers a substantial part of its assets to any person without having paid any tax, assessed or chargeable upon the company, for any accounting period ending prior to such transfer and in the opinion of the Service, a reason for such transfer by the company was to avoid payment of the tax, then, that tax as charged upon the company may be sued for and recovered from that person in a manner similar to a suit for any other tax under section 340 of this Act.

321. Indemnification of representative

Every person answerable under this Act for the payment of tax on behalf of a company may retain out of any money in or coming to his hands or within his de facto control on behalf of such company so much of such monies as shall be sufficient to pay such tax, and shall be indemnified against any person whatsoever for all payments made by him in accordance with the provisions of this Act.

322. Preparation and delivery of accounts and particulars

- (1) Every company which is or has been engaged in upstream petroleum operations shall for each accounting period of the company, make up accounts of its profits or losses, arising from those operations, of that period and shall prepare the following particulars -
 - (a) a computation of its adjusted profit or loss and of its assessable profits of that period with its completed self assessment form.
 - (b) in connection with the Fourth Schedule to this Act, a schedule showing-
 - (i) the residual value at the end of that period in respect of its assets;
 - (ii) all qualifying petroleum expenditure incurred by it in that period;
 - (iii) the values of any of its assets (estimated by references to the provisions of that Schedule) disposed of in that period; and

- (iv) the allowances due to it under that Schedule for that period.
 - (c) in connection with the Fifth Schedule to this Act, a schedule showing its total production allowances from all its upstream petroleum operations;
 - (d) a computation of its chargeable profits of that period;
 - (e) a statement of all amounts repaid, refunded, waived or released to it, during that period; and
 - (f) a computation of its tax for that period.
- (2) Every company which is or has been engaged in upstream petroleum operations shall, with respect to any accounting period of the company, within five months after the expiration of that period or within five months after the date of publication of this Act in the Gazette upon enactment (whichever is later) deliver to the Service a copy of its accounts (bearing an auditor's certificate) of that period, made up in accordance with the provisions of subsection (1) of this section, and copies of the particulars referred to in that subsection relating to that period, and such copies of those accounts and each copy of those particulars (not being estimates) shall contain a declaration which shall be signed by a duly authorised officer of the company or by its liquidator, receiver or the agent of such liquidator or receiver, that the same is true and complete and where such copies are estimates each copy shall contain a declaration, similarly signed, that such estimate was made to the best of the ability of the person signing the same.
- (3) Notwithstanding the other provisions of this section, every company which is yet to commence bulk sale or disposal of chargeable oil chargeable natural gas, of this Act shall file with the Service its audited accounts and returns:
- (a) in the case of a newly incorporated company, within eighteen months from the date of its incorporation;
 - (b) in the case of any other company, within six months after any period ending on 31st December of the following year provided that where there is an interval between 31st December of the preceding year and the date on which such company commences the bulk sale or disposal of chargeable oil chargeable gas, chargeable condensate or bitumen the interval shall be deemed to form part of the preceding period.

323. Request for further information

The Service may give notice in writing to any company which is or has been engaged in upstream petroleum operations when and as often as the Service may deem necessary, requiring it to furnish within such reasonable time as may be specified by such notice, fuller or further information as to any of the matters either

referred to in section 322 of this Act or as to any other matters which the Service may consider necessary for the purposes of this Act.

324. Power to call for returns, books, etc

- (1) For the purpose of obtaining full information in respect of any company's upstream petroleum operations, the Service may give notice to such company requiring it within the time limited by such notice, which time shall not be less than twenty-one days from the date of service of such notice, to complete and deliver to the Service any information called for in such notice and in addition or alternatively requiring an authorised representative of such company or its liquidator, receiver or the agent of such liquidator or receiver, to attend before the Service or its authorised representative on such date or dates as may be specified in such notice and to produce for examination, books, documents, accounts and particulars which the Service may deem necessary.
- (2) Where a company assessable to tax under the provisions of this Act fails or refuses to keep books or accounts which, in the opinion of the Service are adequate for the purpose of ascertaining the tax, the Service may by notice in writing require it to keep such records, books and accounts as the Service considers to be adequate in such form and in such language as the Service may in the said notice direct and, subject to the provisions of subsections (3) and (4) of this section, the company shall keep records, books and accounts as directed.
- (3) An appeal shall lie from any direction of the Service made under this section to the High Court.
- (4) On hearing such appeal, the Court may confirm or modify such direction and any such decision shall be final.

325. Returns of estimated tax

- (1) Not later than two months after the commencement of each accounting period, a company engaged in upstream petroleum operations shall submit to the Service a return, the form of which the Service may prescribe, of its estimated tax for such accounting period.
- (2) If, at any time during any such accounting period the company having made a return as provided for in subsection (1) of this section is aware that the estimate in such return requires revision, then it shall submit a further return containing its revised estimated tax for such period.
- (3) Where the further returns provided for under subsection (2) of this section is not made, the Service shall impose interest at the prevailing LIBOR plus two percentage points for the differential of the revised tax over the estimated tax paid by the company.

- (4) Every return made by a company engaged in upstream petroleum operations in fulfilment of the provisions of this section shall be subject to review and validation by the Service.
- (5) Where a company does not provide the estimates pursuant to subsection (1) of this section, the Service shall have the right to determine such estimates on the best of judgement basis and impose same on the company.

326. Extension of period for making returns

Where it is shown by any company to the satisfaction of the Service that for good reasons the company is not able to comply with the provisions of section 322 of this Act within the time limited by that section or any notice given to it under section 323 or 324 of this Act within the time limited by any such notice, the Service may grant in writing such extension of that time as the Service may consider necessary.

327. Self assessment of tax payable

- (1) Every company liable to file tax returns as provided under section 322 of this Act shall file self-assessment returns, within the specified period, showing the tax payable by the company for the accounting period.
- (2) Where a company has delivered accounts and particulars, including the self assessment returns for any accounting period of the company, the Service may -
 - (a) accept the same; or
 - (b) refuse to accept the same and proceed as provided in subsection (3) of this section upon any failure as therein mentioned.
- (3) Where, for any accounting period of a company, the company has failed to deliver accounts and particulars provided for in section 322 of this Act within the time limited by that section or has failed to comply with any notice given to it under the provisions of sections 323 or 324 of this Act within the time specified in such notice or within any extended time provided for in section 324 of this Act and the Service is of the opinion that such company is liable to pay tax, the Service may estimate the amount of the tax to be paid by such company for that accounting period and make an assessment accordingly, but such assessment shall not affect any liability otherwise incurred by such company by reason of its failure or neglect to deliver such accounts and particulars or to comply with such notices; and nothing in this subsection shall affect the right of the Service to make any, additional assessment under the provisions of section 328 of this Act.

328. Additional Assessments

- (1) If the Service discovers or is of the opinion at any time that, with respect to any company liable to tax, that tax has not been charged and assessed upon the company or has been charged and assessed upon the company at a less amount than that which ought to have been charged and assessed for any accounting period of the company, the Service may within six years after the expiration of that accounting period and as often as may be necessary, assess such company with tax for that accounting period at such amount or additional amount as in the opinion of the Service ought to have been charged and assessed, and may make any consequential revision of the tax charged or to be charged for any subsequent accounting period of the company.
- (2) Where a revision under subsection (1) of this section results in a greater amount of tax to be charged than has been charged or would otherwise be charged, an additional assessment, or an assessment for any such subsequent accounting period shall be made accordingly, and the provisions of this Act as to notice of assessment, objection, appeal and other proceedings under this Act shall apply to any such assessment or additional assessment and to the tax charged thereunder.
- (3) For the purpose of computing under subsection (1) of this section the amount or the additional amount of tax for any accounting period of a company which ought to have been charged, all relevant facts consistent with subsection (3) of section 335 of this Act shall be taken into account even though not known when any previous assessment or additional assessment on the company for that accounting period was being made or could have been made.
- (4) Notwithstanding the other provisions of this section, where any form of fraud, wilful default or neglect has been committed by or on behalf of any company in connection with any tax imposed under this Act, the Service may, at any time and as often as may be necessary, assess the company on such amount as may be necessary for the purpose of recovering any loss of tax attributable to the fraud, wilful default or neglect.

329. Making of assessments, etc.

- (1) Assessments of tax shall be made in such form and in such manner as the Service shall authorise and shall contain the names and addresses of the companies assessed to tax or of the persons in whose names such companies (with the names of the companies) have been assessed to tax, and in the case of each company for each of its accounting periods, the particular accounting period and the amount of the chargeable profits of and assessable tax and chargeable tax for that period.
- (2) When any assessment requires to be amended or revised, a form of amended or revised assessment shall be made in a manner similar to that in which the

original of that assessment was made under subsection (1) of this section but showing the amended or revised amount of the chargeable profits, assessable tax and chargeable tax.

- (3) A copy of each assessment, and of each amended or revised assessment shall be filed in a list which shall constitute the Assessment List for the purpose of this Act.

330. Notices of assessment, etc.

- (1) The Service shall cause to be served personally on or sent by registered post to each person who is liable to this tax but fails to file self-assessment returns, a notice of assessment stating its accounting period and the amount of its chargeable profits, assessable tax and chargeable tax charged and assessed upon the company, the place at which payment of the tax should be made, and informing such company of its rights under subsection (2) of this section.
- (2) If any person in whose name an assessment was made in accordance with the provisions of this Part disputes the assessment, that person may apply to the Service, by notice of objection in writing, to review and revise the assessment so made on him and such application shall be made within twenty-one days from the date of service of the notice of such assessment and shall state the amount of chargeable profits of the company of the accounting period in respect of which the assessment is made and the amount of the assessable tax and the tax which such person claims should be stated on the notice of assessment.
- (3) The Service, upon being satisfied that owing to absence from Nigeria, sickness or other reasonable cause, the person in whose name the assessment was made was prevented from making the application within such a period of twenty-one days shall, extend the period as may be reasonable in the circumstances.
- (4) After receipt of a notice of objection referred to in subsection (2) of this section, the Service may within such time and at such place as the Service shall specify, require the person giving the notice of objection to furnish such particulars as the Service may deem necessary, and may by notice within such time and at such place as the Service shall specify, require any person to give evidence orally or in writing in respect of any matter necessary for the ascertainment of the tax payable, and the Service may require such evidence if given orally, to be given on oath or if given in writing, to be given by affidavit.
- (5) In the event of any person assessed who had objected to an assessment made upon him agreeing with the Service as to the amount of tax liable to be assessed, the assessment shall be amended accordingly, and the notice of the tax payable shall be served upon such person.

- (6) If an applicant for revision under the provisions of subsection (2) of this section fails to agree with the Service on the amount of the tax, the Service shall give such applicant notice of refusal to amend the assessment as desired by such applicant, and may revise the assessment to such amount as the Service may determine and give such applicant notice of the revised assessment of the tax payable together with notice of refusal to amend the revised assessment and, wherever required, any reference in this Act to an assessment or to an additional assessment shall be treated as a reference to an assessment or to an additional assessment as revised under the provisions of this subsection.

331. Errors and defects in assessment and notice

- (1) No assessment, warrant or other proceeding purporting to be made in accordance with the provisions of this Act shall be quashed, or deemed to be void or voidable, for want of form, or be affected by reason of a mistake, defect or omission therein, if the same is in substance and effect in conformity with or according to the intent and meaning of this Act or any Act amending the same, and if the company assessed or intended to be assessed or affected thereby is designated therein according to common intent and understanding.
- (2) An assessment shall not be impeached or affected-
- (a) by reason of a mistake therein as to
 - (i) the name of a company liable or of a person in whose name a company is assessed; or
 - (ii) the amount of the tax;
 - (b) by reason of any variance between the assessment and the notice thereof, if in cases of assessment, the notice is duly served on the company intended to be assessed or on the person in whose name the assessment was to be made on a company, and such notice contains, in substance and effect, the particulars on which the assessment is made.

332. Income tax computation

- (1) Notwithstanding anything to the contrary in any law, all income tax computations made under this Part shall be made in the currency in which the transaction was effected.
- (2) Notwithstanding anything to the contrary in any law, any assessment made under **section** Error! Reference source not found. of this Act shall be made in the currency in which the computation giving rise to the assessment was made.

G. COURT PROCEEDINGS

333. Redress against Assessment

Any person (being a company or, a person in whose name a company is assessed) aggrieved by an assessment made upon him, or who has failed to agree with the Service as referred to in section 330(6) of this Act, may seek redress against such assessment from the Federal High Court within thirty days after the date of the Service upon such person or company of the notice of the refusal of the Service to amend the assessment as desired, provided that notwithstanding the lapse of such period of thirty days, by not more than a further period of sixty days, such person or company may seek redress against such assessment from the Federal High Court if good cause is shown to the satisfaction of the Federal High Court why redress against such assessment was not sought within thirty days.

334. Suits at the Federal High Court

Notwithstanding the provisions of section 333, any person or company aggrieved by or dissatisfied with any tax imposed upon it by the Service or with any other action of the Service or who has any complaint, objection, claim, set off, representation or other grievance arising from the provision of this Part whether against the Service or any other taxable person or government agency may seek redress in respect thereof at the Federal High Court.

333. Assessment to be final and conclusive

- (1) Where no valid objection or appeal has been lodged within the time provided under sections 330, and 331 of this Act, as the case may be, against an assessment as regards the amount of the tax assessed, or where the amount of the tax has been agreed to under subsection (5) of section 330 of this Act, or where the amount of the tax has been determined on objection or revision under subsection (6) of section 330 of this Act, or on appeal, the assessment made, agreed to, revised or determined on appeal, as the case may be, shall be final and conclusive for all purposes of this Act as regards the amount of the tax, and if the full amount of the tax in respect of any such final and conclusive assessment is not paid within the appropriate period or periods prescribed in this Act, the provisions contained in this Act relating to the recovery of tax, and to any penalty under section 343 shall apply.
- (2) Where an assessment has become final and conclusive, any tax overpaid shall be repaid.
- (3) Nothing in section 330 of this Act or in this Part shall prevent the Service from making any assessment or additional assessment to tax for any accounting period which does not involve re-opening any issue on the same facts which has been determined for that accounting period, under subsection (5) or (6) of section 330 of this Act by agreement or otherwise or on appeal.

334. Procedure in cases where objection or appeal is pending

Collection of tax in cases where notice of an objection or an appeal has been given shall not be enforced and any pending proceedings for any instalment of the tax shall be stayed until the objection or appeal is determined and the Service may in any such case enforce payment of any portion of the tax which is not in dispute.

335. Time limit for making payment

- (1) Subject to the provisions of section 336 of this Act, tax for any accounting period shall be payable in equal monthly instalment together with a final instalment as provided in subsection (4) of this section.
- (2) The first monthly payment shall be due and payable not later than the third month of the accounting period and shall be in an amount equal to one-twelfth or, where the accounting period is less than a year, in an amount equal to monthly proportion of the amount of tax estimated to be chargeable for such accounting period in accordance with the provision of section 325(1) of this Act
- (3) Each of the remainder of monthly payments to be made subsequent to the payment under subsection (2) of this section shall be due and payable not later than the last day of the month in question and shall be in an amount equal to the amount of tax estimated to be chargeable for such period by reference to the latest returns submitted by the company in accordance with the provision of section 325(2) of this Act less the amount already paid for such accounting period divided by the number of the monthly payments remaining to be made in respect of the applicable accounting period.
- (4) A final instalment of tax shall be due and payable within twenty-one days after filing of the self-assessment for such accounting period, and shall be the amount of the tax assessed for that accounting period less the amount paid under subsections (2) and (3) of this section or is the subject of any proceedings.
- (5) Any instalments on account of tax estimated to be chargeable shall be treated as tax charged and assessed for the purposes of **section 338** of this Act.

336. Penalty for non-payment of tax and enforcement of payment

- (1) If any instalment of tax due and payable pursuant to section 337 of this Act is not paid within the appropriate time limit prescribed. -
 - (a) a sum equal to ten per cent of the amount of the instalment of tax due and payable shall be added to the tax, and the provisions of this Act relating to the collection and recovery of tax shall apply to the collection and recovery of such sum;

- (b) in the case of Naira remittances, the tax due shall attract interest at the prevailing minimum rediscount rate of the Central Bank of Nigeria plus a spread to be determined by the Minister from the date when the tax becomes payable until it is paid, and the provisions of this Act relating to the collection and recovery of tax shall apply to the collection and recovery of the interest;
- (c) in the case of foreign currency remittance, the tax due shall attract interest at the prevailing London Inter Bank Offered Rate, plus a spread to be determined by the Minister from the date when the tax becomes payable until it is paid, and the provisions of this Act relating to the collection and recovery of tax shall apply to the collection and recovery of the interest.
- (2) Any company or person in whose name the company is assessed, who, without lawful justification or excuse, the proof of which shall lie on the company or the person assessed, fails to pay the tax within the period of one month prescribed in subsection (1)(b) of this section, commits an offence
- (3) The Service may, for good cause shown, remit the whole or any part of the penalty due under subsection (1) of this section.

337. Collection of tax after determination of objection or appeal

Where payment of tax in whole or in part has been held over pending the result of a notice of objection or appeal, the tax outstanding under the assessment as determined on such objection or appeal, as the case may be, shall be payable immediately and the balance of the tax shall be paid as to any part of the tax in the proceedings stayed within one month from the date of service on the company assessed, or on the person in whose name the company is assessed, and if such balance is not paid within such period the provisions of section 338 of this Act shall apply.

338. Suit for tax by the Service

- (1) The Service may sue and recover tax in any court of competent jurisdiction at the place where the tax is due against a company or the person in whose name the company is assessed and the cost of the proceedings shall be borne by the company or the person in whose name the company is assessed.
- (2) In any suit under subsection (1) of this section the production of a certificate signed by any person duly authorised by the Service giving the name and address of the defendant and the amount of tax due by the defendant shall be sufficient evidence of the amount due and sufficient authority for the court to give judgment for this amount.

339. Relief in respect of error or mistake

- (1) Where any person who has paid tax for any accounting period alleges that any assessment made upon him or in his name for that period was excessive by reason of some error or mistake in the accounts, particulars or other written information supplied by him to the Service for the purpose of the assessment, such person may at any time, not later than six years after the end of the accounting period in respect of which the assessment was made, make an application in writing to the Service for relief.
- (2) Upon receipt of the application, referred to in subsection (1) of this section the Service shall inquire into the matter and subject to the provisions of this section shall by way of repayment of tax give such relief in respect of the error or mistake as appears to the Service to be reasonable and just.
- (3) No relief shall be given under this section in respect of an error or mistake as to the basis on which the liability of the applicant ought to have been computed where such accounts, particulars or information was in fact made or given on the basis or in accordance with the practice of the Service generally prevailing at the time when such accounts, particular or information was made or given.
- (4) In determining any application under this section, the Service shall have regard to all the relevant circumstances of the case, and in particular, shall consider whether the granting of relief would result in the exclusion from charge to tax of any part of the chargeable profits of the applicant, and for this purpose the Service may take into consideration the liability of the applicant and assessments made upon him in respect of other years.
- (5) No appeal shall lie from a determination of the Service under this section, which determination shall be final and conclusive.

340. Repayment of Tax

- (1) Save as is otherwise in this Act expressly provided, no claim for the repayment of any tax overpaid shall be allowed unless it is made in writing within six years next after the end of the accounting period to which it relates and if the Service disputes any such claim it shall give to the claimant notice of refusal to admit the claim and the provisions of sections 328 and 329 of this Part shall apply.
- (2) The Service shall give a certificate of the amount of any tax to be repaid under any of the provisions of this Act or under any order of a court of competent jurisdiction and upon the receipt of the certificate, the Accountant-General of the Federation shall cause repayment to be made in conformity with provision of the certificate.

341. Penalty for Offences

- (1) Any person who fails to comply with the provisions of this Act or any rule made under this Act for which no other penalty is specifically provided, shall be liable to a fine of N1,500,000
- (2) A person who commits an offence under subsection (1) of section 323 of this Act, or where such offence is a failure to submit a return under section 324 of this Act or is a failure, arising from the provisions of this Part, to deliver accounts, particulars or information or to keep records required, a further sum of N300,000.00 for each and every day during which such offence or failure continues, and in default of payment to imprisonment for six months, the liability for the additional sum to commence from the day following the conviction, or from such day thereafter as the court may order.
- (3) A person who-
 - (a) fails to comply with the requirements of a notice served on him under this Part; or
 - (b) having a duty so to do, fails to comply with the provisions of section 322 of this Act; or
 - (c) without sufficient cause fails to attend in answer to a notice or summons served on him under this Part or having attended fails to answer any question lawfully put to him; or
 - (d) fails to submit any return required to be submitted by section 323 of this Act in accordance with the requirement of that section or in accordance with section 325 of this Act, commits an offence.

342. Penalty for making incorrect accounts

- (1) Every person who without reasonable excuse:
 - (a) makes up or causes to be made up any incorrect accounts by omitting or understating any profits or overstating any losses in the accounts; or
 - (b) prepares or causes to be prepared any incorrect schedule required to be prepared by section 322 of this Act by overstating any expenditure or any incorrect statement or overstating any royalties or other sums or by omitting or understating any amounts repaid, refunded, waived or released; or
 - (c) gives or causes to be given any incorrect information in relation to any matter or thing affecting his liability to tax, commits an offence and liable to a fine of N150,000.00 and to double the amount of tax which has been undercharged in consequence of such incorrect accounts,

schedule, statement or information, or would have been so undercharged if the accounts, schedule, statement or information had been accepted as correct.

- (2) No person shall be liable to any penalty under this section unless the complaint concerning such offence was made at any time within six years after the end of the accounting period in respect of which the offence was committed.
- (3) The Service may compound any offence under this section, and may before judgment stay or compound any proceedings under this Act.

343. False statements and returns.

- (1) Any person who:
 - (a) for the purpose of obtaining any deduction, rebate, reduction or repayment in respect of tax for himself or for any other person, or who in any return, account, particulars or statement made or furnished with reference to tax, knowingly makes any false statement or false representation, or forges or fraudulently alters or used, or fraudulently lends, or allows to be used by any other person any receipt or token evidencing payment of the tax under this Act; or

346. Deduction of tax at source

- (1) Income tax assessable on any company, partnership or person (whether or not resident in Nigeria) who provides petroleum operation services and related activities to a company carrying on upstream petroleum operations in Nigeria, whether or not an assessment has been made, shall be recoverable from any payment (whether or not made in Nigeria) made by any person to such company, partnership or person.
- (2) For the purpose of this section, the rate at which tax is to be deducted and the nature of the activities and services for which a company making payment is

to deduct tax at the date when the payment is made or credited, whichever first occurs, shall be as specified in any extant Government Notice .

- (3) A company which has deducted tax under this section shall forward to the Service the amount of tax deducted and a statement showing the name and address of the person who suffered the tax deduction and the nature of activities or services in respect of which any payment was made.
- (4) Income tax recovered under the provisions of this section by deduction from payments made to a company, partnership or person shall be set-off for the purposes of collection against tax charged on such company, partnership or persons by an assessment, provided that the total of such deductions shall not exceed the amount of the assessment.

347. Tax to be payable notwithstanding any proceedings for penalties

The institution of proceedings for or the imposition of a penalty, fine or term of imprisonment under this Act shall not relieve any person from liability to payment of any tax for which the person is or may become liable.

348. Prosecution to be with the sanction of the Service

Subject to the provisions of the Constitution no prosecution in respect of an offence under section 302, 343, 344, 345 or 346 of this Act may be commenced, except at the instance of or with the sanction of the Service.

349. Savings for criminal proceedings

The provisions of this Act shall not affect any criminal proceedings under any other Act or law.

350. Restriction on effects of Personal Income Tax and other Acts

Tax shall not be charged under the provisions of the Personal Income Tax Act or any other Act in respect of dividends paid out of any profits which are taken into account, under the provisions of this Act, in the calculation of the amount of any chargeable profits upon which tax is charged, assessed and paid under the provisions of this Act.

351. Double taxation arrangements with other territories

- (1) Where the Minister by order declares that arrangements specified in the order have been made with the Government of a territory outside Nigeria with a

view to affording relief from double taxation in relation to tax imposed under the provisions of this Act and any tax of a similar character imposed by the laws of that territory, and that it is expedient that those arrangements should have effect, the arrangements shall have effect notwithstanding anything in any enactment.

- (2) The Minister may make rules for carrying out the provisions of any arrangements having effect under this section.
- (3) An order made under the provisions of subsection (1) of this section may include provisions for relief from tax for accounting periods commencing or terminating before the making of the order and provisions as to income (which expression includes profits) which is not itself liable to double taxation.
- (4) Any regulation, Order or rule made or deemed to have been by the Minister in respect of any double taxation arrangement with the Government of any territory outside Nigeria prior to the Effective Date shall continue to have effect as if made pursuant to the provisions of this Part.

352. Method of calculating relief to be allowed for double taxation

- (1) The provisions of this section shall have effect where, under arrangements having effect under section 353 of this Act, foreign tax payable in respect of any income in the territory with the Government of which the arrangements are made is to be allowed as a credit against tax payable in respect of that income in Nigeria.
- (2) In this section, the expression-
 - (a) "foreign tax" means any tax payable in that territory which, under the double taxation arrangements, is to be allowed; and
 - (b) "income" means that part of the profits of any accounting period which is liable to both tax and foreign tax, before the deduction of any tax, foreign tax, credit therefore or relief granted under subsection (6) of this section.
- (3) The amount of the credit admissible to any company under the terms of any double taxation arrangement shall be set off against the tax chargeable upon that company in respect of the income, and where that tax has been paid the amount of the credit may be repaid to that company or carried forward against the tax chargeable upon that company of any subsequent accounting period.
- (4) The credit for an accounting period shall not exceed whichever is the less of the following amounts, -
 - (a) the amount of the foreign tax payable on the income; or

- (b) the amount of the difference between the tax chargeable under this Part (before allowance of credit under, any arrangements having effect under section 353 of this Act) and the tax which would be so chargeable if the income were excluded in computing profits.
- (5) Without prejudice to the provisions of subsection (4) of this section, the total credit to be allowed to a company for any accounting period for foreign tax under all arrangements having effect under section Error! Reference source not found. of this Act shall not exceed the total tax which would be ultimately borne by that company, for that accounting period, if no such credit had been allowed.
- (6) Where the income includes a dividend and under the arrangements foreign tax not chargeable directly or by deduction in respect of the dividend is to be taken into account in considering the credit is to be given against tax in respect of the dividend, the amount of the income shall be increased by the amount of the foreign tax not so chargeable which falls to be taken into account in computing the amount of the credit.
- (7) Where the amount of the foreign tax attributable to the income exceeds the credit computed under subsection (4) of this section, then the amount of that income, to be included in computing profits for any purposes of this Act other than that of subsection (4) of this section, shall be taken to be the amount of that income increased by the amount of the credit after deduction of the foreign tax.
- (8) Where –
- (a) the arrangements provide, in relation to dividends of some classes, but not in relation to dividends of other classes, that foreign tax not chargeable directly or by deduction in respect of dividends is to be taken into account in considering the credit to be given against tax in respect of the dividends; and
- (b) a dividend is paid which is not of a class in relation to which the arrangements provide, then, if dividend is paid to a company which controls, directly or indirectly, not less than half of the voting power in the company paying the dividends, credit shall be allowed as if the dividend were a dividend of a class in relation to which the arrangements provide.
- (9) Any claim for an allowance by way of credit shall be made not later than three years after the end of the accounting period, and in the event of any dispute as to the amount allowable, the Service shall give to the claimant notice of refusal to admit the claim which shall be subject to appeal in like manner as an assessment.

- (10) Where the amount of any credit given under the arrangements is rendered excessive or insufficient by reason of any adjustment of the amount of any tax payable either in Nigeria or elsewhere, nothing in this Act limiting the time for the making of assessments or claims for repayment of tax shall apply to any assessment or claim to which the adjustment gives rise, being an assessment or claim made not later than three years from the time when all such assessments, adjustments and other determination have been made whether in Nigeria or elsewhere, as are material in determining whether any, and if so, the credit to be given.
- (11) Where a company is not resident in Nigeria throughout an accounting period no credit shall be admitted in respect of any income included in the profits of that company of that period.

353. Procedure for amendment of Schedules

As from the effective date, the Minister may by order delete any of the powers or duties specified in the Third Schedule or include therein additional powers or duties and may do so by amendment of such Schedule or by substituting a new Schedule therefore.

B. COMPANIES INCOME TAX APPLICABLE TO UPSTREAM PETROLEUM OPERATIONS

- (1) All companies, concessionaires, licensees, lessees, contractors and subcontractors involved in upstream petroleum operations under this Act shall be subject to tax under the Companies Income Tax Act, Cap C21, Laws of the Federation of Nigeria 2004.
- (2) Notwithstanding section 27 of the Companies Income Tax Act, Cap C21, Laws of the Federation of Nigeria 2004, any company involved in both upstream petroleum operations and downstream petroleum operations shall determine the Companies Income Tax separately for:
- (a) upstream petroleum operations under this Act; and
 - (b) downstream petroleum operations under this Act.
- (3) In determining the Company Income Tax payable, the Nigerian Hydrocarbon Tax under this Act shall not be deductible.

(4) Section 22 of the Companies Income Tax Act shall be amended by replacing subsection (1) of section 22 with the following:

“Where the Service is of the opinion that any disposition is not in fact given effect to or that any transaction which reduces or would reduce the amount of any tax payable is artificial or fictitious, the Service may disregard any such disposition and direct that such adjustments shall be made as respects liability to tax as the Service considers appropriate in accordance with its transfer pricing rules, so as to counteract the reduction of liability to tax effected, or reduction which would otherwise be effected, by the transaction and the companies concerned shall be assessable accordingly. In this subsection, the expression "disposition" includes any trust, grant, covenant, agreement or arrangement.

(5) Section 24 of the Companies Income Tax Act shall be amended by inserting a new paragraph (j) as follows -

“any rents and royalties payable on Upstream Petroleum Operations” and by re-numbering the existing paragraph (j) as (k).

(6) Section 29 of the Companies Income Tax Act shall be amended by replacing subsection (3) with the following:

“The assessable profits of any company from any trade or business for the year of assessment in which it commenced to carry on such trade or business (or in the case of a company other than a Nigerian company, for the year of assessment in which it commenced to carry on such trade or business in Nigeria) and for the subsequent years shall be ascertained in accordance with the following provisions -

(a) for the first year the assessable profits shall be the profit from the date of commencement of business to the end of the accounting period in the preceding year;

(b) for the second year the assessable profits shall be the profits for the accounting year following the first year;

(c) for the third year and thereafter the assessable profits shall be computed in accordance with subsection (1) of this section for the accounting year;

(7) Section 31 of the Companies Income Tax Act shall be amended by replacing subparagraph (ii) of paragraph (a) of subsection (2) of section 31 with the following:

“a deduction under this section for any particular year of assessment shall not exceed the amount, if any, of assessable profits, included in the total profits for that year of assessment, from the trade or business in which the loss was incurred and shall be made as far as possible from the amount of such assessable profits of the first year of assessment after that in which the loss was incurred and, so far as it cannot be so made, then from such amount of such assessable profits of the next year of assessment, and so on;”

(8) The incentives provided under Section 39 of the Companies Income Tax Act shall be available to:

- (a) companies engaged in export gas operations with respect to LNG;
 - (a) companies engaged in downstream gas distribution;
 - (b) companies operating gas extraction facilities; and
 - (c) companies operating downstream crude oil processing facilities such as refineries.
- (9) Under Section 39 of Companies Income Tax Act, companies engaged in upstream gas operations shall be entitled to only the tax holiday under, provided the gas supply destination is solely to the domestic market.
- (10) For purposes of computation, assessment and payment of Companies Income Tax, companies engaged in upstream petroleum operations shall apply the Nigerian Hydrocarbon Tax accounting periods on an actual year basis and the procedures for paying tax estimates on a monthly basis in anticipation of paying the balance of the full tax due at the end of the accounting period.
- (11) The Second Schedule of the Companies Income Tax Act Cap C21, Laws of the Federation of Nigeria 2004 shall be amended by adding the definition of Qualifying Upstream Petroleum Expenditure as follows:

“Qualifying Upstream Petroleum Expenditure” means Qualifying Expenditure as defined in Part VIII A of this Act.

(12) The Second Schedule to the Companies Income Tax Act shall be amended by inserting below the word “Mining Expenditure” in Table I (Initial Allowance) and Table II (Annual Allowances) with respect to Initial and Annual Allowance, the word “Qualifying Upstream Petroleum Expenditure”, with an initial allowance of “Nil” and annual allowances of 20%, with a retention of 1% in the last year until the asset is disposed.

(13) The Second Schedule of the Companies Income Tax Act shall be amended by inserting a paragraph 7(3) stating the following:

“Where a licensee or lessee has entered into a contract pursuant to section 173 of the Petroleum Industry Act, and such contract provides for the transfer of assets to such licensee or lessee by the contractor, such transfer shall be valued as equal to the value of cost oil, cost gas or cost condensates paid for such assets (“the deemed income”) and capital cost allowances shall be claimed against such deemed income in the hands of the licensee or lessee. The contractor parties shall be entitled to deduct the expenditures for the

creation of assets to be owned by a licensee of a petroleum prospecting licence or lessee of a petroleum mining lease.”

“Domestic Gas Supply Obligation” has the meaning as specified in Part V of this Act;

“downstream gas distribution and operations” comprises the activities of processing, distribution and supply of gas to customers, construction and operation of city-gate reception terminals for natural gas and gas or ethane distribution pipelines, and the sale, marketing and delivery to final consumers of gas and compressed natural gas;

“downstream gas sector” comprises the sector of the Nigerian economy that consist of downstream gas distribution and operations within Nigeria;

“downstream petroleum industry ” means the aggregation of companies duly licensed to conduct downstream petroleum product operations and downstream gas distributions and operations in Nigeria;

“downstream petroleum operations” means activities downstream of the measurement points of petroleum mining leases or unrelated to petroleum mining leases including the construction and operation of natural gas transport or transmission pipelines, including the related compressor stations; construction and operations of facilities to compress, transport and deliver compressed natural gas (“CNG”), construction and operations of gas processing facilities and central processing facilities, producing ethane, propane, butane and natural gas liquids and marketable natural gas; construction and operation of underground or above ground facilities for the storage of natural gas; ethane extraction plants; construction and operation of gas to liquids (“GTL”) plants; construction and operation of liquified

natural gas ("LNG") plants, and related LNG terminals; acquisition, operation or chartering of LNG tankers for coastal and marine transportation; other construction and activities incidental thereto and related administration and overhead ; purchase and sale, trading, bartering, aggregating and marketing of natural gas transported by pipelines, compressed natural gas, liquified natural gas, methane, ethane, propane, butane, natural gas liquids and liquids from GTL plants with respect to wholesale customers; purchase, distribution and supply of marketable gas to small customers, construction and operation of city-gate reception terminals for natural gas and gas or ethane distribution pipelines, and the sale, marketing and delivery of gas to small customers; construction and operation in Nigeria of facilities, product pipelines, tank farms and stations for the distribution, marketing and retailing of petroleum products, and other construction and activities incidental thereto and related administration and overhead, purchase of petroleum products and sale of petroleum products on a retail basis;

"downstream petroleum product sector" comprises the sector of the Nigerian economy that consist of the sale and distribution of petroleum products, as well as product pipelines and storage within Nigeria;

"downstream product operations" means construction and operation in Nigeria of facilities, product pipelines, tank farms and stations for the distribution, marketing and retailing of petroleum products, and other construction and activities incidental thereto and related administration and overhead;

"dry gas" means gas containing less than five barrels of condensate per million standard cubic feet;

"disposal" and "disposed of", in relation to chargeable oil owned by a company engaged in upstream petroleum operations, mean or connote respectively:

- (a) delivery, without sale, of chargeable oil to; and
- (b) chargeable oil delivered, without sale, to,

a refinery or to an adjacent storage tank for refining by the company

"disposal" and "disposed of", in relation to chargeable natural gas owned by a company engaged in petroleum operations, mean or connote respectively:

- (a) delivery, without sale, of chargeable natural gas to; and
- (b) chargeable natural gas delivered, without sale, to,

a gas processing plant or an LNG plant.

"Effective Date" means the date on which this Act comes into force;

"energy efficiency" means a change to energy use that results in an increase in net benefits per unit of energy;

"enforcement order" means an order issued by the Inspectorate, or the Agency under this Act;

"Exclusive Economic Zone" shall have the same meaning as defined in the Exclusive Economic Zone Act Cap. 350, Laws of the Federation of Nigeria, 2004;

"explore" means to make a preliminary search by surface geological and geophysical methods, including aerial surveys but excluding drilling below 91.44 metres;

"field" includes an area consisting of a single reservoir or multiple reservoirs all grouped on, or related to, the same individual geological structural feature or stratigraphic condition, the surface area, it may refer to both the surface and the underground productive formations;

"field development plan" means a plan, as amended from time to time, for a field to develop the discovered petroleum which plan, shall be submitted to the Inspectorate for approval;

"fiscalised crude" means the net quantity of crude oil or condensate produced at the measurement point excluding solid and liquid impurities of the crude, or the total quantum of crude oil at standard temperature and pressure that is produced and metered at the measurement point or at the delivery point to the refinery in Nigeria;

"fiscalised natural gas" means the net quantity of gas delivered at the fiscal sales point;

"fiscal rent" means the aggregation of royalty, Nigerian Hydrocarbon Tax and Companies Income Tax obligations arising from upstream petroleum operations;

"fiscal sales point" means for oil and condensate, the fiscal metering point where title transfers or is deemed to have transferred at an export terminal, Floating Production Storage and Offtake ('FPSO') or a refinery in Nigeria and for gas, it means the fiscal metering point where title transfers or is deemed to have transferred at the point of sale;

"Force Majeure" includes-

- (a) acts of war (whether declared or not), invasion, armed conflict, act of foreign enemy or blockade in each case occurring within or involving Nigeria;
- (b) acts of rebellion, riot, civil commotion, strikes of a political nature, act or campaign of terrorism, or sabotage of a political nature in each case occurring within Nigeria;
- (c) a change in law;

- (d) interruption resulting from force majeure of utilities or infrastructure necessary to operate the oil assets;
- (e) action or failure to act by a Governmental entity (which includes any governmental authorization ceasing to remain in full force and effect; or is not issued or renewed upon application having been properly made); and
- (f) boycott, sanction or embargo imposed by countries where equipment is sourced during the period up to and including but not after the start up of operations in Nigeria or on equipment specified in construction contracts;

"frontier acreages" means any or all licences or leases located in an area defined as frontier in a regulation issued by the Minister in charge of petroleum matters pursuant to this Act ;

"gas" or "natural gas" means all gaseous hydrocarbons, and all substances contained therein, as exists in their natural state in strata, associated or not with crude oil, and are in a gaseous state upon production from a reservoir and excludes condensates;

"gas flaring" means any flaring of natural gas associated with the process of oil production, and includes continuous production flaring but excludes safety flaring and non-continuous production flaring and analogous expressions, such as "gas flare", "flaring of gas", "flare gas" shall have the same meaning as "gas flaring";

"Gazette" means the Official Gazette of the Federal Government of Nigeria;

"good oilfield practice" means generally the reasonable and prudent diligent use of policies, procedures, methods, equipment and materials that result in effective and efficient exploration, appraisal and development of petroleum including optimum recovery of petroleum from a discovery area with minimal impact on the environment as permitted and use of efficient and effective practices for transforming produced petroleum into marketable form and delivering it to the market, having due regard for safety and other factors and means in particular, knowledge of and compliance with the latest standards developed by relevant professional institutions including but not limited to:

- (a) the American Gas Association (AGA);
- (b) the American Petroleum Institute (API);
- (c) the American Society of Mechanical Engineers (ASME);
- (d) the American Society for Testing of Materials (ASTM);
- (e) the British Standard Institute (BSI);
- (f) the International Organisation for Standardisation (ISO); and

(g) any other organisation deemed acceptable by the Inspectorate .

"Government" means the government of the Federal Republic of Nigeria;

"Court" means Federal High Court in Nigeria within whose jurisdiction -

- (a) in relation to any offence under this Act, the place is situated where such offence is, for the purposes of this Act, deemed to have occurred;
- (b) in relation to any suit for tax or appeal against an assessment of tax, the place is situated where the return under section..... of this Act was submitted or where the assessment of the tax was made as the case may be;
- (c) in relation to any direction under section of this Act, the place is situated from which the direction was issued; and
- (d) in relation to any claim or other matter which is subject to appeal in like manner as an assessment, or to which the provisions of section of this Act apply with any modifications, the place is situated from which the claim or other matter was refused by the Service;

"indigenous petroleum company" means a company:

- (a) engaged in the exploration for and production of petroleum of which fifty-one per cent or more of its shares are beneficially owned directly or indirectly by Nigerian citizens or associations of Nigerian citizens;
- (b) which meets the requirements of any guidelines or regulations that may be issued by the Inspectorate or the Agency; and
- (c) which is accredited as an indigenous petroleum company by the Agency provided that a company listing on any stock of exchange in Nigeria with a majority of Nigerian directors shall be deemed to qualify as an indigenous petroleum company in Nigeria ;

"industry" means the petroleum industry in Nigeria;

"Inland Basin" means any of the following basins, namely; Anambra, Benin, Benue, Chad, Bida, Dahomey, Gongola, Sokoto and such other basins as may be determined from time to time, by the Minister;

"intangible drilling costs" means all expenditure for labour, fuel, repairs, maintenance, hauling, and supplies and materials (not being supplies and materials for well cement, casing or other well fixtures) which are for or incidental to drilling, cleaning, deepening or completing wells or the preparation thereof incurred in respect of:

- (a) determination of well locations, geological studies, topographical and geographical surveys preparatory to drilling;
- (b) drilling, shooting, testing and cleaning wells;
- (c) cleaning, draining and leveling land, road building and the laying of foundations;
- (d) erection of rigs and tankage assembly and installation of pipelines and other plant and equipment required in the preparation or drilling of wells producing petroleum;

"LIBOR" means, as of any date of determination, the per annum rate of interest, based on a three hundred and sixty (360) day year, rounded downwards, if necessary, to the nearest whole multiple of one-sixteenth of one percent (1/16th%), determined as the simple average of the offered quotations appearing on the display referred to as the "LIBOR Page" (or any display substituted therefore) of Reuters Monitor Money Rates Service or, if such "LIBOR Page" shall not be available, the simple average of the offered quotations appearing on page 3750 of the AP/Dow Jones Telerate Systems Monitor (or any page substituted therefore) for deposits in U.S. Dollars for a three month period, at or about 11:00 a.m. (London, England time) on the first London Banking Day of the calendar quarter in which the date of determination occurs (or, if the first day of such calendar quarter in which the date of determination occurs is not a London Banking Day, the immediately preceding London Banking Day). If neither such "LIBOR Page" nor such page 3750 or any successor page is available, or if for any reason a rate of interest cannot be determined as aforesaid, then the parties shall designate an alternative mechanism consistent with Eurodollar market practices for determining such rate. For purposes of this definition, a "London Banking Day" is a day on which dealings in deposits in Dollars are transacted on the London interbank market;

"Liquefied Natural Gas" or "LNG" means natural gas in its liquid state at approximately atmospheric pressure;

"local distribution zone" means an authorized area as specified in regulations issued under this Act, within which one distributor of downstream natural gas may operate;

"loss" means a loss ascertained in like manner as an adjusted profit;

"Marginal field" means an oil or gas field as defined in pursuant to this Act;

"measurement point" means a point at which petroleum is measured pursuant to this Act;

"Minister" means the Minister in charge of petroleum resources and overseeing the petroleum industry in Nigeria;

"Ministry" means the Ministry of Petroleum Resources;

"MMbtu" means one million BTU;

"MMscf" means one million standard cubic feet;

"National Gas Master Plan" has the meaning as specified in section ...;

"National Oil Company" has the meaning as specified in section;

"natural gas liquids" or "NGL" means hydrocarbons liquefied at the surface in separators, field facilities or in gas processing plants and include but are not limited to ethane, propane, butanes, pentanes, and natural gasoline and may or may not include condensate;

"network code" has the meaning as specified in section 246;

"Nigeria" includes the submarine areas beneath the territorial waters of Nigeria and the submarine areas beneath any other waters which are or at any time shall in respect of mines and minerals become subject to the legislative competence of the National Assembly;

"Nigerian Content" has the meaning as defined in the Nigerian Oil and Gas Industry Content Development Act, 2010;

"Nigerian company" means a company incorporated under the laws of Nigeria;

"Nigerian Hydrocarbon Tax" or "NHT" has the meaning as specified in Part VIII of this Act;

"non-associated gas" means natural gas accumulation which does not occur with crude oil;

"non-continuous production flaring" means the flaring of gas streams that may result from short-term releases, including but not limited to pilot flaring, short-term well testing, commissioning of facilities, emergencies, equipment or compressor start-ups and shutdowns, equipment failure;

"non-productive rents" means and includes the amount of any rent as to which there is provision for its deduction from the amount of any royalty under a petroleum prospecting licence or petroleum mining lease to the extent that such rent is not so deducted;

"official selling price" means the price at which comparable crude oil or condensate of similar quality could be sold on similar terms at similar times by parties under no compulsion to buy or sell and whereby none of such parties exerts or is in a position to exert influence on the other party having regard to all relevant factors;

"Oil and Gas Policy" means the policy of the government for the time being in force in the petroleum sector;

"Oil Mining Lease" means a lease granted to a company, under the Minerals Act or the Petroleum Act, CAP N12, LFN 2004 for the purpose of winning petroleum or any assignment of such lease;

"Oil Prospecting Licence" means a licence granted to a company, under the Minerals Act or this Act, for the purpose of prospecting for petroleum, or any assignment of such licence;

"person" means any individual, company or other juristic person;

"petroleum" means hydrocarbons and associated substances as exist in its natural state in strata, and includes crude oil, natural gas, condensate, bitumen and mixtures of any of them, but does not include coal and tar sands;

"Petroleum Exploration Licence" or "PEL" means a licence granted to a company pursuant to section 172 of this Act;

"petroleum exploration operations" means any geological, geophysical, geochemical and other surveys and any interpretation of data relating thereto, and the drilling of such shot holes, core holes, stratigraphic tests, exploration wells for the discovery of petroleum, appraisal of discoveries and other related operations;

"Petroleum Industry Act" refers to this Act;

"Petroleum Mining Lease" or "PML" means a lease granted to a company pursuant to section 172 of this Act;

"upstream petroleum operations" means the winning or obtaining and transportation of petroleum, chargeable oil or chargeable natural gas chargeable condensate or bitumen in Nigeria by or on behalf of a company for its own account including production sharing contractors, by any drilling, mining, extracting or other like operations or process, not including refining at a refinery, in the course of a business carried on by the company engaged in such operations, and all operations incidental thereto and any sale of or any disposal of chargeable oil or chargeable natural gas or chargeable condensate or bitumen by or on behalf of the company;

"petroleum products" include motor spirit, gas oil, black oil, diesel oil, automotive gas oil, fuel oil, aviation oil, kerosene, liquefied natural gas, compressed natural gas, natural gas liquids, liquefied petroleum gases and any lubrication oil or grease or other lubricant;

"petroleum prospecting licence" or "PPL" means a licence pursuant to section 172 of this Act;

"pilot flaring" means the continuous low volume flaring, not exceeding one million standard cubic feet per day, which is required as part of reasonable, prudent and good oil field practice to avoid venting of gas during any emergency discharge at the flare tip;

"production allowance" means an allowance provided for under the Third Schedule to this Act;

"profits" means profits for the purpose of Part VIII of this Act;

"refining company" means a body corporate having been licensed by the appropriate authorities to either take over an existing refinery or refineries at the inception of this Act, or to establish new refineries in Nigeria;

"regulations" mean rules or order having force of law issued by the Minister in accordance with the provisions of this Act;

"rent" includes any annual or other periodic charge made in respect of a licence granted under this Act;

"resident in Nigeria", in relation to a company, means a company the control and management of the business of which are exercised in Nigeria;

"royalties" means and includes—

(a) the amount of any rent as to which there is provision for its deduction from the amount of any revenue under an Petroleum Prospecting Licence or Petroleum Mining Lease to the extent that such rent is so deducted; and

(b) the amount of any royalties payable under any such licence or lease less any rent deducted from those royalties;

"safety flaring" means the flaring of natural gas that occurs because of a temporary or permanent lack of adequate gas processing facilities to prevent gas venting and injuries to people, equipment and the environment during process upsets, testing or commissioning;

"Service" means the Federal Inland Revenue Service;

“shallow water” means areas in the offshore of Nigeria up to and including a water depth of 200 meters;

“significant gas discovery” means a discovery of natural gas that is substantial in terms of reserves and is potentially commercial, but cannot be declared commercial for one or more of the following reasons:

- (a) no markets or natural gas within Nigeria;
- (b) export markets need to be identified and developed;
- (c) no pipeline, processing or liquefaction capacity is available in existing systems where commercial conditions indicate the best option for development is based on future expansion of such systems or use of such systems when capacity will become available in the future; or
- (d) where the natural gas discovery would only be commercial when jointly developed with other existing natural gas discoveries; or potential future natural gas discoveries.

“standard cubic feet” means, in relation to natural gas, the quantity of dry ideal gas at a temperature of sixty degrees Fahrenheit and a pressure of fourteen decimal six nine six (14.696) pounds per square inch absolute contained in a volume of one cubic foot;

“standards” means limits made binding through laws, regulations or guidelines which must be observed within the appropriate regulatory framework in all cases where they are applicable;

"State" means the sovereign State of the Federal Republic of Nigeria, except where the context so admits or where it is specifically stated to mean a State of the Federation;

"tax" means chargeable tax;

“ultra-deep water” means areas offshore Nigeria with a water-depth in excess of 2,500 metres;

"uncommitted capacity" means capacity that is:

- (a) not contractually committed to a party;
- (b) not conditionally assigned by means of an arm's length option agreement to a party;
- (c) not demonstrably planned to be utilised on the basis of an approved utilisation plan;

"upstream" refers to all activities entered into for the purpose of finding and developing petroleum and includes all activities involved in exploration and in all

stages through, up to the production and transportation of petroleum from the area of production to the fiscal sales point or transfer to the downstream sector;

“upstream crude oil operations” means the winning or obtaining of crude oil in Nigeria by or on behalf of a company on its own account for commercial purposes and shall include any activity or operation related to crude oil that occurs up to fiscal sales point or transfer to the downstream sector;

“upstream gas operations” means the winning or obtaining of natural gas in Nigeria by or on behalf of a company on its own account for commercial purposes and shall include any activity or operation related to natural gas, including but not limited to the treatment of gas, that occurs up to the fiscal sales point or transfer to the downstream sector;

“upstream petroleum operations” means upstream gas operations and upstream crude oil operations;

“U.T.M” means Universal Transverse Mercator co-ordinate system.

363. Short title

This Act may be cited as the Petroleum Industry Act, 2012.

FIRST SCHEDULE

[Section 7 (2).]

RIGHTS OF PRE-EMPTION

1. The Minister shall have the right to require the holder of any licence or lease granted under this Act (referred to in this Schedule as "the licensee or lessee") to -

- (a) provide for the Federal Government, to the extent of any refinery or petroleum products storage capacity he may have in Nigeria, petroleum products complying with specification given by the Minister; or
 - (b) deliver to any person holding a licence to operate a refinery, such quantity and quality of crude oil as may be specified by the Minister to the extent that the licensee or lessee has crude oil of that quantity and quality.
2. The licensee or lessee shall use his best endeavours to increase so far as possible with his existing facilities, the supply of petroleum or petroleum products, or both, for the Federal Government to the extent required by the Minister.
3. The licensee or lessee shall, with all reasonable expedition and so as to avoid demurrage on the vessels conveying the same, use his best endeavours to deliver all petroleum or petroleum products purchases by the Minister under the right of pre-emption in such quantities, and at such places of shipment or storage in Nigeria, as may be determined by the Minister.
4. If a vessel employed to carry petroleum or petroleum products pursuant to paragraph 3 of this Schedule is detained on demurrage at the port of loading, the licensee or lessee shall pay the amount due for demurrage according to the terms of the charter-party or the rates of loading previously agreed by the licensee or lessee, unless the delay is due to causes beyond the control of the licensee or lessee.
5. Any dispute which may arise as to whether a delay is due to causes beyond the control of the licensee or lessee shall be settled by agreement between the Minister and the licensee or lessee or, in default of agreement, by arbitration.
6. The price to be paid for petroleum or petroleum products taken by the Minister in exercise of the right of pre-emption shall be -
 - (a) the reasonable value at the point of delivery, less discount to be agreed by both parties; or
 - (b) if no such agreement has been entered into prior to the exercise of the right of pre-emption, a fair price at the port of delivery to be settled by agreement between the Minister and the licensee or lessee or, in default of agreement, by arbitration.
7. To assist in arriving at a fair price for the purposes of paragraph 6(b) of this Schedule, the licensee or lessee shall, if the Minister so requires-

- (a) furnish for the confidential information of the Minister particulars of quantities, descriptions and prices of petroleum or petroleum products sold to other customers and of charters or contracts entered into for their carriage, and
 - (b) exhibit original or authenticated copies of the relevant contracts or charter-parties.
8. The Minister may take control of any works, plants or premises of the licensee or lessee and if he does so, the licensee or lessee and his servants or agents shall conform to and obey all directions issued by the Minister or on his behalf.
 9. Reasonable compensation shall be paid to the licensee or lessee for any loss or damage caused to him by reason of the exercise by the Minister of the powers conferred by paragraph 8 of this Schedule.
 10. Any compensation payable under paragraph 9 of this Schedule shall be settled by agreement between the Minister and the licensee or lessee or, in default of agreement, by arbitration.

SECOND SCHEDULE
[Sections 17, 47, 76, 101, etc]

**SUPPLEMENTARY PROVISIONS RELATING TO THE PROCEEDINGS OF
THE
BOARDS OF INSTITUTIONS UNDER THIS ACT
PROCEEDING OF THE BOARD INSTITYUTIONS**

1. Subject to this Act and the provisions of section 27 of the Interpretation Act, the Board ('the Board') shall have the power to regulate its proceedings and may make standing orders with respect to the holding of its meetings, and those of its

committees, the notice to be given, the keeping of minutes of its proceedings, the custody and production for inspection of such minutes and such other matters as the Board may, from time to time, determine.

2. (a) There shall be at least one ordinary meeting of the Board in every quarter of the year and subject thereto, the Board shall meet whenever it is summoned by the Chairman and if the Chairman is requested to do so by notice given to him by not less than three other members, the Chairman shall summon a meeting of the Board to be held within fourteen days from the date on which the notice is given.

(b) Every meeting of the Board shall be presided over by the Chairman and if the Chairman is unable to attend a particular meeting, the members present at the meeting shall elect one of their numbers to preside at the meeting.
3. The quorum at the meeting of the Board shall consist of the Chairman (or in an appropriate case, the person presiding at the meeting pursuant to paragraph 2 of this Schedule) and the majority of the other members, as appropriate
4. The Board shall meet for the conduct of its business at such places and on such days as the Chairman may appoint.
5. A question put before the Board at a meeting shall be decided by consensus, and where this is not possible, by a majority of the votes of the members present and voting.
6. The Chairman shall, in the case of an equality of votes, have the casting vote in addition to his deliberative vote.
7. Where the Board desires to seek the advice of any person on a particular matter, the Board may co-opt a person as a member for such period it thinks fit, but a person who is a member by virtue of this paragraph shall not be entitled to vote at any meeting of the Board and shall not count towards the quorum.

Committees

8. The Board may constitute one or more committees for the purpose of carrying out any of its functions as the Board may determine and report on any matter with which the Board is concerned.
9. A committee appointed under this Schedule shall be presided over by a member of the Board and consist of such number of persons (not necessarily all members of the Board) as may be determined by the Board, and a person other than a member of the Board shall hold office on the committee in accordance with the terms of his appointment.
10. A decision of a committee of the Board shall be of no effect until it is confirmed by the Board.

Miscellaneous

11. The fixing of the seal of the entity shall be authenticated by the signature of the Secretary or some other person authorized generally by the Board to act for that purpose.
12. A contract or an instrument which, if made or executed by any person not being a body corporate, would not be required to be under seal, may be made or executed on behalf of the entity by the Director-General or the Executive Secretary, as the case may be, or any person generally or specially authorized to act for that purpose by the Board.
13. A document purporting to be a contract, an instrument or other document signed or sealed on behalf of the entity shall be received in evidence and, unless the contrary is proved, be presumed without further proof to have been signed and sealed.
14. The validity of any proceedings of the Board or its committees shall not be affected by-
 - (a) any vacancy in the membership of the Board or its committees; or
 - (b) reason that a person not entitled to do so took part in the proceedings; or
 - (c) any defect in the appointment of a member.
15. Any member of the Board and any person holding office on a committee of the Board, who has a personal interest in any contract or arrangement entered into or proposed to be considered by the Board or a committee shall -
 - (a) forthwith disclose his interest to the Board or committee, as the case may be; and
 - (b) not vote on any question relating to the contract or arrangement.

THIRD SCHEDULE
[Sections 355]

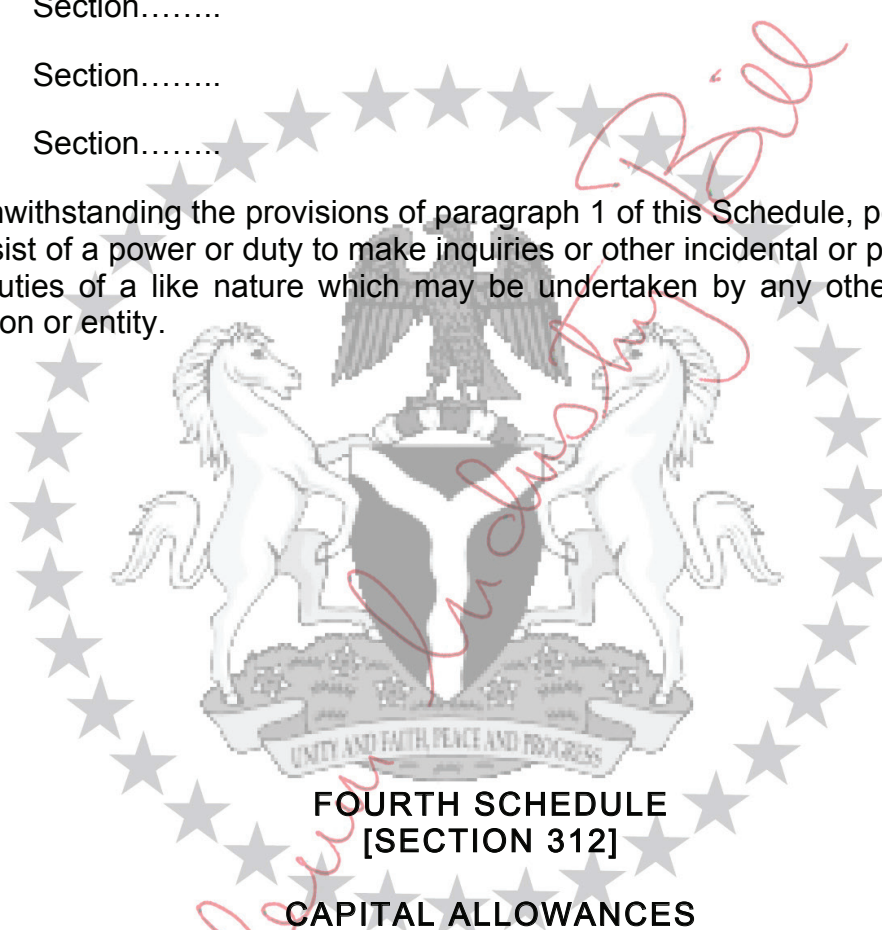

POWERS AND DUTIES OF THE SERVICES UNDER THIS ACT

1. The Service shall have the exclusive power and responsibility to exercise the functions required to be carried out under the following sections of this Act-
 - (i) Section 323;
 - (ii) Section 224;
 - (iii) Section.....
 - (iv) Section.....

- (v) Section.....
- (vi) Section.....
- (vii) Section.....
- (viii) Section.....
- (ix) Section.....
- (x) Section.....
- (xi) Section.....
- (xii) Section.....

212

2. Notwithstanding the provisions of paragraph 1 of this Schedule, powers or duties as consist of a power or duty to make inquiries or other incidental or preparatory powers or duties of a like nature which may be undertaken by any other dully authorised person or entity.

**FOURTH SCHEDULE
[SECTION 312]**

CAPITAL ALLOWANCES

1. Interpretation.

(1) For the purposes of this Schedule, unless the context otherwise requires—

“Concession” includes an oil exploration licence, an oil prospecting licence, an oil mining lease, a petroleum exploration licence, a petroleum prospecting licence and a petroleum mining lease, any right, title or interest in or to petroleum oil in the ground and any option of acquiring any such right, title or interest;

“Lease” includes an agreement for a lease where the term to be covered by the lease has begun, any tenancy and any agreement for the letting or hiring

out of an asset, but does not include a mortgage and all cognate expression including **"Leasehold Interest"** shall be construed accordingly; and

- (a) where, with the consent of the lessor, a lessee of any asset remains in possession thereof after the termination of the lease without a new lease being granted to him, that lease shall be deemed for the purposes of this Schedule to continue so long as he remains in possession as aforesaid; and
- (b) where, on the termination of a lease of any asset, a new lease of that asset is granted to the lessee, the provisions of this Schedule shall have effect as if the second lease were a continuation of the first lease;

"Qualifying Expenditure" means, subject to the express provisions of this schedule, expenditure incurred in an accounting period, which is –

- (a) Capital expenditure (hereinafter called "qualifying plant expenditure") incurred on plant, machinery and fixtures;
- (b) Capital expenditure (hereinafter called "qualifying pipeline and storage expenditure") incurred on pipelines and storage tanks;
- (c) Capital expenditure (hereinafter called "qualifying building expenditure"), other than expenditure which is included in paragraphs (a), (b) or (d) of this paragraph, incurred on the construction of buildings, structures or works of a permanent nature; or
- (d) Capital expenditure (hereinafter called "qualifying drilling expenditure") other than expenditure which is included in paragraph (a) or (b) of this paragraph, incurred in connection with, petroleum operations in view on –
 - (i) the acquisition of, or of rights in or over, petroleum deposits,
 - (ii) searching for or discovering and testing petroleum deposits, or winning access thereto; or
 - (iii) the construction of any works or buildings which are likely to be of little or no value when the petroleum operations for which they were constructed cease to be carried on, provided that, for the purposes of this definition qualifying expenditure shall not include any sum which may be deducted under the provisions of section 305 of this Act.

- (2) For the purposes of the interpretation of qualifying expenditure above, where expenditure is incurred by a company before its first accounting period and such expenditure would have fallen to be treated as qualifying expenditure (ascertained without the qualification contained

in the foregoing proviso) if it had been incurred by the company on the first day of its first accounting period, and

- (a) that expenditure is incurred in respect of an asset owned by the company then such expenditure shall be deemed to be qualifying expenditure incurred by it on that day; or
- (b) that expenditure is incurred in respect of an asset which has been disposed of by the company before the beginning of its first accounting period then any loss suffered by the company on the disposal of such asset shall be deemed to be qualifying petroleum expenditure incurred by the company on that day and be deemed to have brought into existence an asset owned by the company in use for the purposes of petroleum operations carried on by the company, and any profit realised by the company on such disposal shall be treated as income of the company of its first accounting period for the purposes of subsection (3) of section 304

2. Provisions Relating to Qualifying Petroleum Expenditure

- (1) For the purposes of this Schedule where-
 - (a) expenditure has been incurred before its first accounting period and such expenditure would have been treated as such qualifying petroleum expenditure (ascertained without the qualification contained in the proviso in the interpretation of qualifying expenditure) if it had been incurred in that first accounting period; and
 - (b) such expenditure (ascertained in the case of sub-paragraph (1)(a) of this paragraph without such qualification) shall be deemed to have brought into existence an asset owned by the company incurring the expenditure and in use for the purposes of such petroleum operations.
- (2) For the purposes of this Schedule, an asset in respect of which qualifying drilling expenditure has been incurred by any company for the purposes of petroleum operations carried on by it during any accounting period of the company, and which has not been disposed of, shall be deemed not to cease to be used for the purposes of such operations so long as such company continues to carry on such operations.
- (3) So much of any qualifying petroleum expenditure incurred on the acquisition of rights in or over petroleum deposits and on the purchase of information relating to the existence and extent of such deposits as exceeds the total of the original cost of acquisition of such rights and of the cost of searching for, discovering and testing such deposits prior to the purchase of such information shall be left out of account for the purposes of this Schedule provided that where the company which originally incurred such costs was a

company which carried on a trade or business consisting, as to the whole or part thereof, in the acquisition of such rights or information with a view to the assignment or sale, the price paid on such assignment or sale shall be substituted for the aforementioned costs.

3. Owner and meaning of relevant interest

- (1) For the purposes of this Schedule, where an asset consists of a building, structure or works, the owner shall be taken to be the owner of the relevant interest in such building, structure or works.
- (2) Subject to the provisions of this paragraph, in this Schedule, the expressions "the relevant interest" means, in relation to any expenditure incurred on the construction of a building, structure or works to which the company which incurred such expenditure was entitled when it incurred the expenditure.
- (3) Where, when a company incurs qualifying building expenditure or qualifying drilling expenditure on the construction of a building, structure or works, the company is entitled to two or more interests therein, and one of those interests is an interest which is reversionary on all the others, that interest shall be the relevant interest for the purposes of this Schedule.

4. Sale of Buildings, Etc.

Where capital expenditure has been incurred on the construction of a building, structure or works and thereafter the relevant interest therein is sold, the company which buys that interest shall be deemed, for all the purposes of this Schedule except the granting of petroleum investment allowance, to have incurred, on the date when the purchase price became payable, capital expenditure on the construction thereof equal to the price paid by it for such interest or to the original cost of construction, whichever is the less, provided that where such relevant interest is sold before the building, structure or works has been used, the foregoing provisions of this paragraph shall have effect with respect to such sale with the omission of the words "except the granting of investment tax credit" and the original cost of construction shall be taken to be the amount of the purchase price on such sale;

5. Owner under production sharing contract

Where the production sharing contract between the national oil company and a contractor provides for the contractor to finance the cost of equipment and for such equipment to become the property of the national oil company, the contractor shall be deemed to be the owner of the qualifying expenditure thereon, for the purpose of the claim of capital allowances.

6. Annual Allowance

- (1) Subject to the provisions of this Schedule, where in any accounting period, a company owning any asset has incurred in respect thereof qualifying expenditure wholly, necessarily and exclusively for the purposes of petroleum operations carried on by it, there shall be due to that company as from the accounting period in which such expenditure was incurred, an allowance (in this Act referred to as "an annual allowance") at the appropriate rate percentum specified in **Table II** of this Schedule.
- (2) Notwithstanding the provisions of sub-paragraph (1) of this paragraph, there shall be retained in the books, in respect of each asset, one percent of the initial cost of the asset which may only be written off in accordance with sub-paragraph (3) of this paragraph.
- (3) Any asset or part thereof in respect of which capital allowances have been granted may only be disposed of on the authority of a Certificate of Disposal issued by the Minister of Finance or any person authorised by him.

7. Asset to be in use at end of accounting period

An annual allowance in respect of qualifying expenditure incurred in respect of any asset shall only be due to a company for any accounting period if at the end of such accounting period it was the owner of that asset and the asset was in use for the purposes of the petroleum operations carried on by it.

8. Balancing Allowances

Subject to the provisions of this Schedule, where in any accounting period of a company, the company owning any asset in respect of which it has incurred qualifying expenditure wholly and exclusively for the purposes of petroleum operations carried on by it, disposes of that asset, an allowance (hereinafter called "a balancing allowance") shall be due to that company for that accounting period of the excess of the residue of that expenditure, at the date; such asset is disposed of, over the value of that asset at that date provided that a balancing allowance shall only be due in respect of such asset if immediately prior to its disposal it was in use by such company for the purposes of the petroleum operations for which such qualifying expenditure was incurred.

9. Balancing Charges.

Subject to the provisions of this Schedule, where in any accounting period of a company, the company owning any asset in respect of which it has incurred qualifying expenditure wholly and exclusively for the purposes of petroleum operations carried on by it, disposes of that asset, the excess (hereinafter called "a balancing charge") of the value of that asset, at the date of its disposal, over the residue of that expenditure at that date shall, for the purposes of this Act, be treated as income of the company of that accounting period, provided that a balancing charge in respect of such asset shall only be so treated if immediately prior to the

disposal of that asset it was in use by such company for the purposes of the petroleum operations for which such qualifying expenditure was incurred and shall not exceed the total of any allowances due under the provisions of this Schedule, in respect of such asset.

10. Residue

The residue of qualifying expenditure, in respect of any asset, at any date, shall be taken to be the total qualifying expenditure incurred on or before that date, by the owner thereof at that date, in respect of that asset, less the total of any annual allowances due to such owner, in respect of that asset, before that date.

11. Meaning of "disposed of"

Subject to any express provision to the contrary and for the purposes of this Schedule-

- (a) a building, structure or works of a permanent nature is disposed of if any of the following events occur-
 - (i) the relevant interest is sold, or
 - (ii) that interest, being an interest depending on the duration of a concession, comes to an end on the coming to an end of that concession, or
 - (iii) that interest, being a leasehold interest, comes to an end otherwise than on the company entitled thereto acquiring the interest which is reversionary thereon, or
 - (iv) the building, structure or works of a permanent nature are demolished or destroyed or, without being demolished or destroyed, cease altogether to be used for the purposes of petroleum operations carried on by the owner.
- (b) plant, machinery or fixtures are disposed of if they are sold, discarded or cease altogether to be used for the purposes of petroleum operations carried on by the owner thereof;
- (c) assets in respect of which qualifying drilling expenditure is incurred are disposed of if they are sold or if they cease to be used for the purposes of the petroleum operations of the company incurring the expenditure either on such company ceasing to carry on all such operations or on such company receiving insurance or compensation monies therefor.

12. Value of an Asset

- (1) The value of an asset at the date of its disposal shall be the net proceeds of the sale of the asset or of the relevant interest therein, or, if it was disposed of without being sold, the amount which, in the opinion of the Service, such asset or the relevant interest therein, as the case may be, would have fetched if sold in the open market at that date, less the amount of any expenses which the owner might reasonably be expected to incur if the asset were so sold.
- (2) For the purpose of this paragraph, if an asset is disposed of in such circumstances that insurance or compensation monies are received by the owner thereof, the asset or the relevant interest in the asset, as the case may be, shall be treated as having been sold and as though the net proceeds of the insurance or compensation monies were the net proceeds of the sale thereof.

13. Apportionment

- (1) Any reference in this Schedule to the disposal, sale or purchase of any asset includes a reference to the disposal, sale or purchase of that asset, as the case may be, together with any other asset, whether or not qualifying expenditure has been incurred on such last-mentioned asset, and, where an asset is disposed of, sold, or purchased together with another asset, so much of the value of the assets as, on a just apportionment, is properly attributable to the first mentioned asset shall, for the purposes of this Schedule, be deemed to be the value of, or the price paid for, that asset, as the case may be.
- (2) For the purposes of this paragraph, all the assets which are purchased or disposed of in pursuance of one bargain shall be deemed to be purchased or disposed of together, notwithstanding that separate prices are or purport to be agreed for each of those assets or that there are or purport to be separate purchases or disposals of those assets.
- (3) The provisions of sub-paragraph (1) of this paragraph shall apply, with any necessary modifications, to the sale or purchase of the relevant interest in any asset together with any other asset or relevant interest in any other asset.

14. Part of an asset

Any reference in this Schedule to any asset shall be construed whenever necessary as including a reference to a part of any asset (including an undivided part of that asset in the case of joint interests therein) and when so construed any necessary apportionment shall be made as may, in the opinion of the Service, be just and reasonable.

15. Extension of meaning of "in use"

For the purposes of this Schedule, an asset shall be deemed to be in use during a period of temporary disuse.

16. Exclusion of certain expenditure

- (1) Subject to the express provisions of this Schedule, where any company has incurred expenditure which is allowed to be deducted under any provision (other than a provision of this Schedule) to this Act, such expenditure shall not be or be treated as qualifying expenditure.
- (2) Where any company has incurred expenditure upon any ocean going oil-tanker plying between Nigeria and any other territory that expenditure shall not be treated as qualifying expenditure.

17. Asset used or expenditure incurred partly for the purpose of petroleum operations.

- (1) The following provisions of this paragraph shall apply where either or both of the following conditions apply with respect to any asset-
 - (a) the owner of the asset has incurred in respect thereof qualifying expenditure partly for the purposes of petroleum operations carried on by him and partly for other purposes; and
 - (b) the asset in respect of which the owner has incurred qualifying expenditure thereof is used partly for the purposes of petroleum operations carried on by such owner and partly for other purposes.
- (2) Any allowances which would be due or any balancing charges which would be treated as income if both such expenditure were incurred wholly and exclusively for the purposes of such petroleum operations and such asset were used wholly and exclusively for the purposes of such operations shall be computed in accordance with the provisions of this Schedule.
- (3) So much of the allowances and charges computed in accordance with provisions of sub-paragraph (2) of this paragraph shall be due or shall be so treated, as the case may be, as in the opinion of the Service is just and reasonable having regard to all circumstances and to the provisions of this Schedule

18. Disposal without change of ownership

Where an asset in respect of which qualifying expenditure has been incurred by the owner of the asset has been disposed of in such circumstances that such owner remains the owner, then, for the purposes of determining whether and, if so, in what amount, any annual or balancing allowance or balancing charge shall be made to or on such owner in respect of his use of that asset after the date of such disposal -

- (a) qualifying expenditure incurred by such owner in respect of such asset prior to the date of such disposal shall be left out of account;

- (b) the owner shall be deemed to have bought the asset immediately after the disposal for a price equal to the residue of the qualifying expenditure at the date of the disposal, increased by the amount of any balancing charge or decreased by the amount of any balancing allowance made as a result of the disposal -

**FIFTH SCHEDULE
[SECTION 312]
Production Allowance**

- (1) There shall be a production allowance for crude oil production by a company determined as follows:
 - (a) (a) for onshore - the lower of US \$ 30 per barrel or 30% of the official selling price, up to a cumulative maximum of 10 million barrels and the lower of US \$ 10 per barrel or 30% of the official selling price, for volumes exceeding 10 million barrels up to a cumulative maximum of 75 million barrels;
 - (b) (b) for shallow water areas - the lower of US \$ 30 per barrel or 30% of the official selling price, up to a cumulative maximum of 20 million barrels and the lower of US \$ 10 per barrel or 30% of the official selling price, for volumes exceeding 20 million barrels up to a cumulative maximum of 150 million barrels; and
 - (c) for bitumen deposits, frontier acreage and deep water areas - the lower of US \$ 15 per barrel or 30% of the official selling price, up to a cumulative maximum volume of 250 million barrels per PML, and the lower of US \$ 5 per barrel or 10% of the official selling price, for volumes exceeding 250 million barrels per PML.

Provided that:

- i) For companies in a production sharing contract arrangement with NNPC or Holder on the effective date of this Act not benefiting from

Investment Tax Credit or Investment Tax Allowance, there shall be a general production allowance of \$ 5 per barrel or 10% of the official selling price, for all production volumes.

- ii) For companies that on the effective date of this Act are in a Joint Venture contract arrangement with the NNPC, production allowance shall not apply.
- (2) There shall be a production allowance for natural gas fields with liquid yield greater than 5 barrels of condensate per million cubic feet of gas:
- (a) for onshore - the lower of US \$ 1.0 per MMBtu or 50% of the value of the natural gas, up to a cumulative maximum of 1,000 billion cubic feet per PML and the lower of US \$ 0.50 per MMBtu or 30% of the official selling price, for volumes 1,000 billion cubic feet per PML;
 - (b) for shallow offshore - the lower of US \$ 1.0 per MMBtu or 50% of the value of the natural gas, up to a cumulative maximum of 2,000 billion cubic feet per PML and the lower of US \$ 0.50 per MMBtu or 30% of the official selling price, for volumes 2,000 billion cubic feet per PML; and
 - (c) for bitumen deposits, frontier acreage and deep water areas - the lower of US \$ 1.0 per MMBtu or 50% of the value of the natural gas, up to a cumulative maximum of 3,000 billion cubic feet per PML and the lower of US \$ 0.50 per MMBtu or 30% of the official selling price, for volumes 3,000 billion cubic feet per PML;
- (3) There shall be a production allowance for natural gas fields with liquid yield less than 5 barrels of condensate per million cubic feet of gas:
- (a) for onshore - the lower of US \$ 1.0 per MMBtu or 100% of the value of the natural gas, up to a cumulative maximum of 1,000 billion cubic feet per PML and the lower of US \$ 0.50 per MMBtu or 50% of the official selling price, for volumes 1,000 billion cubic feet per PML;
 - (b) for shallow offshore - the lower of US \$ 1.0 per MMBtu or 100% of the value of the natural gas, up to a cumulative maximum of 2,000 billion cubic feet per PML and the lower of US \$ 0.50 per MMBtu or 50% of the official selling price, for volumes 2,000 billion cubic feet per PML; and
 - (c) for bitumen deposits, frontier acreage and deep water areas - the lower of US \$ 1.0 per MMBtu or 100% of the value of the natural gas, up to a cumulative maximum of 3,000 billion cubic feet per PML and the lower of US \$ 0.50 per MMBtu or 50% of the official selling price, for volumes 3,000 billion cubic feet per PML;

Provided that:

- i) For companies in a production sharing contract arrangement with the Corporation or Holder on the effective date of this Act not benefiting from Investment Tax Credit or Investment Tax Allowance, there shall be a general production allowance of \$ 0.5 per MMBtu or 30% of the value of the natural gas per PML regardless of the liquid yield, for all production volumes.
 - ii) For companies that on the effective date of this Act are in a Joint Venture contract arrangement with the NNPC, there shall be a general production allowance of \$ 0.3 per MMBtu or 30% of the value of the natural gas per PML regardless of the liquid yield, for all production volumes.
- (4) There shall be a production allowance for condensate production from gas fields of US \$ 20 per barrel or 30% of the official selling price, whichever value is lower:
- (a) for onshore - the lower of US \$ 10 per barrel or 20% of the official selling price, up to a cumulative maximum of 100 million barrels and the lower of US \$ 3 per barrel or 10% of the official selling price, for volumes exceeding 100 million barrels
 - (b) for shallow water areas - the lower of US \$ 10 per barrel or 20% of the official selling price, up to a cumulative maximum of 200 million barrels and the lower of US \$ 3 per barrel or 10% of the official selling price, for volumes exceeding 200 million barrels
 - (c) for bitumen deposits, frontier acreage and deep water areas - the lower of US \$ 10 per barrel or 20% of the official selling price, up to a cumulative maximum of 300 million barrels per PML and the lower of US \$ 5 per barrel or 10% of the official selling price, for volumes exceeding 300 million barrels per PML.

Provided that:

- i) For companies in a production sharing contract arrangement with the Corporation or Holder on the effective date of this Act not benefiting from Investment Tax Credit or Investment Tax Allowance, there shall be a general production allowance of \$ 5 per barrel or 10% of the official selling price, for all production volumes.
- (5) The allowances provided in this Schedule shall be allocated to companies on the basis of the entitlement of the relevant barrels.
- (6) The gas allowances pursuant to sub-paragraph (2)(a) and sub-paragraph (2)(b) of this Schedule, as applicable, shall only apply to gas production which is subject to royalties and where such gas is not utilized for the purposes of reinjection.

- (7) The total amount of the allowances computed under this Schedule shall be deducted from the amount determined pursuant to section 312 of this Act and where these allowances cannot be deducted under section 312 of this Act owing to there being an insufficiency of or no assessable profits of the accounting period the deductions shall be added to the aggregate amount to be computed for the following accounting period of the company, and thereafter shall be deemed to be an allowance due to the company, under relevant provisions of the to this Act for that following accounting period.
- (8) Where a field development produces any combination of crude oil, condensate and natural gas, the allowances under paragraphs (1), (2) and (3) of this Schedule shall be taken separately.
- (10) Notwithstanding the foregoing -
- (a) where a lessee is producing crude oil with associated gas in a field at the Effective Date and is flaring substantial volumes of gas, and proposes a development program to the National Petroleum Inspectorate in order to eliminate routine flaring in the field in a significant manner, and such development plan is approved by the inspectorate, the lessee shall be entitled to claim the allowances under paragraphs (2) and (3) of this Schedule, with respect to the natural gas and condensate production attributable to such development plan; and
 - (c) all existing crude oil, condensate and gas production from production sharing contracts in existence prior to the Effective Date shall be eligible for a general production allowance of US \$ 5 per barrel of oil equivalent;
- (11) Marginal field operators shall be entitled to claim the allowances under paragraphs (1), (2), (3) and (4) of this Schedule on the incremental production from the Effective Date up to the cumulative amounts provided for in these paragraphs.
- (12) Where a field is covered by two or more Petroleum Mining Leases (PML), the production allowances pursuant to this Schedule for each PML shall be determined based on the total unitized production.
- (13) All production allowance thresholds shall be fixed on the total production per PML aggregated at company level, provided that:
- (a) Claims by a contractor under a production sharing contract in the deepwater shall be ring-fenced per PML;
 - (b) A supplier of gas destined solely for the domestic market shall be entitled to claim production allowance per PML; and

- (c) where a shareholder holds at least 10% directly or indirectly in several companies, the companies shall be treated as one company for the purposes of computing production allowance.

EXPLANATORY MEMORANDUM

This Act provides for a legal, fiscal and regulatory framework for the Nigerian petroleum industry and establishes institutions, regulatory and commercial entities for the proper administration and coordination of the operation of the upstream and downstream sectors of the petroleum industry as well as providing for the imposition, assessment and collection of the Nigerian Hydrocarbon tax.
